Parties engaged in cleaning out the back yard of Geo. Swaggart's saloon, in Heppner, last week unearthed the bones of two men who had been buried there. The matter will be investigated.

The engagement of Miss Agnes Dolph, daughter of the senator from Oregon, to Mr. Nixon of New Orleans is announced. The wedding is to take place next month. Miss Dolph is now in New York, where she will spend the week.

We are reliably informed that the firm of Woods & Thompson, of Huntington, has purchased the entire Jarvis band of cattle and horses, paying therefor the sum of \$14,000. This is one of the largest sales reported for some time.—Baker City Herald.

Several days ago a charge of incest was made in Justice Stauffer's court, at Cottage Grove, Lane county. The crime is alleged to have been committed in one of the first families of the county, and was made by the daughter against the father. The father was held in bonds of \$750 and the daughter \$500 for their appearance at court.

The Portland Democrat says "It is now learned that Dr. Capps is in Colorado. His wife is a sister of Mrs. Judge Redman of this city, and will come here to reside in a week or so. Capps has relations living in Oregon City. He left his three children dependent on his deserted wife. It is said that this is not the first time that Capps has made this sort of a break."

Weston Lender: Railroads may damage small towns that they pass through, but it is a fact that since the completion of the "missing link" business in Weston has greatly increased, real estate has advanced in value, empty houses are filling up, and more strangers are noticeable on our streets than formerly. A spirit of enterprise has also taken possession of our people, and in less than six months Weston will be heard from.

An exchange thinks that the women's rights women should emigrate to Alaska. According to a traveler who has returned from that region, "in Alaska the Indian woman is boss, and they assume every prerogative exercised by male Indians elsewhere, even to the extent of having a plurality of husbands, thus reversing the order in other tribes, by which the male has a plurality of wives. The squaws find work for their husbands to do and compel them to do it. The woman does all the trading and receives and disburses all the money."

The members of the Stutz Dramatic company, who were injured by the upsetting of a stage on the Siskiyou mountains, are housed in a tumble-down cabin near the summit of the mountains, about twelve miles south of Ashland. The cabin was occupied by a poor family, who generously surrendered it to the wounded strangers. It contained only one bed and few of the necessities of life. For a person in good health the situation of sleeping on the floor with only enough to eat to sustain life, is bad enough, but for people seriously injured, the situation is pitiful, and calls for sympathy. Little Ivy Stutz and Jasper Cunningham, the driver, were injured internally, and word came to Ashland Sunday that Cunningham was not expected to live through the night. The child is in great pain. Her father, when he saw the accident was inevitable, threw her from the stage, intending that she should strike in some fir boughs that lay at the side of the road; but he miscalculated the speed and the child was thrown against a rocky bank. It is thought she cannot recover. Others are suffering from cuts and bruises.

Public School Scribblings.

Ed. SCOUT.—There is a disposition on the part of your correspondent to be very unprejudiced, when it comes to the point of bestowing praise on any person, or institution, that is praiseworthy. Any friend or foe, party or denomination, will always find an abundant supply of genuine praise, in the rhetorical qualities of your humble professor of the quill-driving art, and the Union public school is the victim this time.

Good order, and management prevail.

The daily attendance is gradually diminishing, owing to spring work.

The two rooms up stairs will probably be united next Monday, and Principal Owen will be commandant.

Miss Moore, teacher of the intermediate department has been quite sick for the past few days, and Miss Mary Kennedy has been teaching instead.

The progress of the higher classes, (and lower too) has been very rapid during the past term, and some of the oldest scholars will probably graduate in May, at the end of the term. Good enough! That speaks for itself.

The Star Literary Society, organized about two months ago, is a model of literary talent. There was not much enthusiasm entertained by any one in behalf of the Society, but it gradually grew and developed until it can be truly called a Literary Society.

The directors of the district take an active interest in the welfare of their school, which shows, why the school has progressed as it has. If every district in the state was presided over by such a board, no cause for complaint, no disorganization, discontent or struggling would be manifested. Faithful and earnest rulers make a prosperous state.

"BLACK PRINCE,"

The celebrated English draft stallion, Black Prince, was brought to this country from California in February last, and will make the season in Union County at the following times and places: At the Cove, Tuesdays and Wednesdays; at Elliott's stable, Union, Saturdays; on other days at the Stanton Ranch, north of Union.

For single service, \$10, due at time of service; for the season, \$25, due at close of season; to insure, \$25, due when mare is known to be with foal. Mares will be pastured at the Stanton ranch free of charge, owner taking all risk of accidents. Should any mare bred to Black Prince be sold, traded or change hands, then the charges for service shall be due and payable when the sale, trade or change is effected.

BLACK PRINCE was sired by imported Black Prince, an imported horse from Australia, and owned in Napa. He is a pure bred English draft horse. His dam by Young Kentuck, out of a Glory mare. Black Prince has many valuable traits for three years in sonoma county, Cal. and shows some of the best colts in the State. For further information inquire of Clause Groves, who has charge of the horse. Union, Oregon, April 20th, 1887.

THIS GOOD OLD STAND-BY

accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine.

The Lumberman needs it in case of accident. The Housewife needs it for general family use. The Cannier needs it for his teams and his men. The Mechanic needs it always on his work bench.

The Miner needs it in case of emergency. The Pioneer needs it—can't get along without it. The Farmer needs it in his house, his stable, and his stock yard.

The Stock-grower needs it—it will save him thousands of dollars and a world of trouble.

The Railroad man needs it and will need it so long as his life is a record of accidents and dangers. The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer.

The Merchant needs it about his store among his employees. Accidents will happen, and once they come the Mustang Liniment is wanted and used.

Keep a Bottle in the House. The best of 'em.

Keep a Bottle in the Factory. Its immediate use in case of accidents saves pain and loss of wages.

Keep a Bottle Always in the Stable for use when wanted.
