City and County Official Paper.

Saturday, May 29th., 1887.

MEMORIAL DAY,

Preston Post, No. 18, G. A. R., of this city, is making preparations to observe Memorial Day in a fitting and appropriate manner. The beautiful custom of decoreting the graves of the fallen soldiers of the nation, on a certain day in each year, which has come to be observed everywhere throughout the length and breadth of the land, was first inaugurated by the Commander-in-chief of the army-the late John A. Logan, in a general order issued nineteen years ago.

Next Monday being the first Memorial Day occurring since the death of Logan, it comes with more than the usual impressiveness to his surviving comrades, and although the they desire to observe the day in an appropriate a manner as possible. As announced last week the members of the post will meet at their hall at 10 o'clock a. m. and from theree proceed to the Presbyterian church, where services will be beld. Afterward the graves of the soldiers in the gravevard will be decorated. The citizens generally are invited to participate, and it is to be hoped there will be a large attendance.

Take the fourth section of our platform, for instance, 'that the public lands, the heritage of the people, be served for actual settlers-not another act for railroads or speculators, and that all head; hogs, 63 head; Durham cattle, lands now held for speculative pur- 23 head. poses to be taxed their full value,' The latter clause expressly would materfally lessen the tax rate in pearly head; hogs, 57 head. every municipality in the country, by uated income tax, which is the thirmore equitably divide the burdens of gross; lambs, \$2.50 each. taxation.

"Doing away with banks of issue is the third important question which will have to be met soon, for the rapid payment of government bonds will induce the issuers of illogical and expensive national bank currency to ask congressional sauction for some other means of keeping hold of this source of income, and last, but not least, is it not a matter of vital importance to a free government that state ownership of railroads, telegraphs and like means of transporting intelligence, passengers and freight, be settled? On this point the Knights are to speak with no uncertain sound. "

A most enjoyable time was had and at the conclusion of the exercises a splendid lunch was served and all went away happy and contented. The next social will be held at Mrs. Dr. Easton's, and no doubt will be fully as enjoyable as the one held at the hotel.

Work is progressing finely on the O. G. M. Co's, mill site. The lumber is arriving at the rate of 10,000 ft. per day, and these teams together with the freight arriving every day make our streets and town seem lively. The machinery for the mill will be in by the first of July. There is plenty of work for every man in town and more men could find employment if they are sober and industrious.
