

MR. AND MRS. BOWSER.

Evil Effects of a Euchre Party on the Sweet-Tempered Head of the Family.

I would not have the world get the impression that Mr. Bowser is not a kind-hearted and loving husband. True, there are times when he is blunt-spoken and inconsistent, but there are other times when he is an angel. For instance, he came home the other day with a very tender smile on his face, kissed me in an unexpected and vigorous manner, tickled the baby in the ribs, and then exclaimed:

"Guess what it is, Mrs. Bowser?"

"What?"

"What's in this parcel?"

I couldn't guess, and after teasing me for a few minutes he put his arm around me and chuckled:

"It is for my popsy-wopsy-wife, and I had 'em sent to New York for it! Give me a kiss right on the chin!"

It was a lace collar, and the price mark of \$22 had been carefully left on it. I tried hard to keep a smiling face and not let him see my disappointment, and I succeeded pretty well. He had gone to some establishment where they had put up a job on him. I could have bought that same collar for five dollars when it was in style, and now the style was two years old. They simply pretended to send away for it, and they charged him twenty-two dollars under the idea that he was some country widower. I felt like crying, but managed to say:

"Now, dear, how good and thoughtful of you! You are the best of husbands!"

"Of course I am, my pet. Didn't I marry you for pure love? And isn't a loving husband one of the best of husbands? We are to go over to Sykoff's to-night to a progressive euchre party, and I got the collar just in good time. You'll be the envy of all the ladies. Hip-la! Nicest little wife and prettiest baby in the world!"

I wanted to get out of wearing that collar without injuring his feelings, and so I sent mother down to exchange it. She could find nobody to take it, but brought home one for four dollars which would do very well, considering that I am a plain woman and never attempt any style. Poor, dear Bowser couldn't tell the difference, but when he saw me with it on he patted me on the head and observed:

"Ah! little sweetness, but may be I haven't got taste and don't know what becomes you! Now you look like a lady! Now you have some style about you! And just remember that I selected that pattern!"

I praised him and called him my dear Bowser, and he went about the house looking so happy that the cook finally came to me and whisperingly inquired:

"Have you telephoned yet?"

"To whom—for what?"

"To the police!"

"What for?"

"To be on hand in case he becomes dangerous. I'm expecting every minute when he'll give a grand yell and rush for the axe and chop us to pieces!"

"Why, Sarah, nothing ails Mr. Bowser."

"Well, I hope not—I hope not, but I shall leave the back door open and be prepared to run. When some folks are on the point of going crazy they smile and grin and act up just as he is doing to-day."

As a rule, when I am getting ready to go out with Mr. Bowser he jumps up from the supper table to give his boots three rubs with the brush—to wallop his hair with the comb for fifteen seconds—to rub his plug hat on his elbow, and then to begin on me with:

"Come, now, but we shall be late! I never saw how long it does take you to get ready! I suppose you'd want to stop and primp and paint and fix and look just so nice if you were going to be hung!"

This evening he took twenty minutes to get himself ready, and then sat down to his cigar and said:

"No hurry, dear! Take all the time you want. If we happen to be late I'll telephone for a coupe to take us over."

On his way over to Sykoff's Mr. Bowser put his arm around me, and he kissed the baby before we started and he said to the cook as we went out:

"Sarah, if your John Henry comes around this evening you can open a bottle of that wine, and tell him I'll pay the preacher when you are ready to be married."

I would that I could continue the record of Mr. Bowser's good deeds a few hours longer, but I must stick to the truth. The evening was not half over when I observed a change on his face and realized that something was wrong. We had scarcely left the house after the party broke up when he gave my arm a pinch and exclaimed:

"Now, then, I want you to understand that this is the last infernal euchre party you will ever drag me off to."

"Why, dear, what's the matter?"

"Don't you dear me, for I won't stand it! You looked like a basswood stick and I felt like a fool, and we had no business going!"

"But you wanted to go."

"Oh! I did! Perhaps you are a mind reader! If so, you had better start out and run opposition to Bishop! You know I consented to come just to accommodate you, but I don't do it again!"

"But you were so good-natured all the afternoon."

"I was, eh! Well, that shows all you know about it, and I won't speak to you again to-night!"

And he didn't.—*Detroit Free Press.*

THE CITY OF MEXICO.

Statistics Relating to the Population and Business of the Mexican Capital.

It is difficult to get statistics of Mexico, and even the population of its capital has for years been a matter of conjecture. A Mexican firm, Messrs. Prida, Navarro & Co., some time ago took a contract to get statistics of the City of Mexico. They make the population out to be 292,716. They furnish also the following particulars: The City of Mexico contains 7,979 buildings, valued at \$114,738,000. These figures do not include public or Government buildings, churches, private hospitals, etc., which would greatly increase both the number and value of edifices. There are in the city 7,047 commercial and industrial establishments, of which the following are the most important as to numbers: 1,072 tobacco stores, 889 grocery stores, 670 pulque stands, 514 liquor saloons, 390 restaurants, 275 butcher shops, 190 bakeries, 144 grain stores, 130 barber shops, 118 tailoring establishments, 171 carpenter shops, 174 shoe stores, 88 blacksmith shops, 79 drug stores, 68 hardware stores, 56 printing offices, 55 bath houses, 52 dry goods stores, 48 banks (chartered and private), and 46 cafes. The 7,047 commercial and industrial establishments pay an annual municipal tax of \$445,758. Besides the National Monte de Piedad, or Government pawnshop, there are seventy-three pawnshops in the city, representing a capital of \$483,872. In the second half year of 1885 these houses loaned the sum of \$1,333,796 on pledges of all kinds, on which an average monthly interest of 12 1/2 per cent. was paid, and for the same period they paid a total tax of \$16,672. There are nine cotton, three woolen and seven paper factories in the city and its suburbs. There are 316 schools and colleges in the city, with 712 male and 469 female teachers, and an average daily attendance of 2,775 boys and 10,385 girls, or a total daily average of 23,160. Fully one-half of the above schools are supported by the Federal and municipal Governments at an annual expense of \$816,840. Among these educational establishments should be mentioned the Academy of Fine Arts, the mining, engineering and medical schools and the military, law, commercial and agricultural colleges, where all who desire, irrespective of religion, nationality, race, color or social condition may obtain good education and learn some trade or profession free of charge. There are thirty-two lines of street railways in the city, besides eleven others which connect with suburban towns and five trunk railways entering the city from different directions.—*Chicago Tribune.*

An Ohio man sold his dog to parties in Indiana, 230 miles away. An accident blinded the canine, but he started for his old home and reached it in ten days' traveling, and without being able to see a thing.

THE BEGINNING OF THE END.

The beginning of disease is a slight debility or disorder of some of the vital organs, the stomach, the liver or the bowels usually. There are dyspeptic symptoms, the liver is trouble some, the skin grows tawny and unhealthy looking, there are pains in the right side or through the right shoulder blade. The climax is often an utter prostration of the physical energies, perhaps a fatal issue. But if the difficulty is met in time with Hostetter's stomach Bitters, which is always effective as a remedy, and it should be resorted to at an early stage, there will be no reason to apprehend those injurious subsequent effects upon the system often entailed by entirely cured diseases. Far be it, also, to employ this safe and reliable agent in fever and ague, and other malarial complaints, than quinine and other potent drugs, which, even when they do prove effectual for a time, run the stomach and impair the general health.

THE BRAND ON CAIN

Was not more fearful than are the marks of skin diseases, and yet Dr. Pierce's Golden Medical Discovery is a certain cure for all of them. Blisters, pimples, eruptions, pustules, scaly incrustations, lumps, inflamed patches, salt-rheum, tetter, boils, carbuncles, ulcers, old sores, are by its use healed quickly and permanently.

To remove tar and paint from cloth, rub well with spirits of turpentine or benzine.

TRUE ESTIMATE OF VALUE.

Remember that when we assert the value of BRANDRETH'S PILLS we at the same time refer you to thousands of testimonials we have published supporting all and even more than we claim. The best evidence of their value lies in these testimonials. The PILLS have been in use in this country for over fifty years and in that time have surely been well tested. We never heard complaint of them. They are harmless, being vegetable, and always do their work well.

Has stood the test of twenty years as a Remedy for Female Diseases, and is the only medicine that is so successful in promoting a healthy regularity of seasons and curing weakness, back-ache and consequent nervous distress.

ITS USE IS SOLELY FOR THE LEGITIMATE HEALING OF DISEASE AND THE RELIEF OF PAIN. IT IS PROMPT IN ACTION.

SEE WHAT ONE WRITES OF HER:

Pittsburg, Pa., Nov. 5th, 1883. Mrs. Lydia E. Pinkham: "As is frequently the case with mothers who have reared large families, I have been a great sufferer for years from complaints incident to married life. I have tried the skill of a number of physicians and the virtue of many medicines without relief, and as my experiment I concluded to try your Compound. I have used it for several months, and can assure you that the benefits I have derived from it came not because of any faith I had in it, but because of its being a true and powerful medicine. I am now using my fourth bottle and it does me a greater benefit than any other medicine I have ever used. I should like to widely circulate the fact of its wonderful curative powers. P. H. B. C. R. LIVER DISEASE AND HEART TROUBLE.

Mrs. MARY A. McCLURE, Columbia, Kans., writes: "I addressed you in November, 1884, in regard to my health, being afflicted with liver disease, heart trouble, and female weakness. Dr. Pierce's Golden Medical Discovery, Favorite Prescription and Pellets, I used one bottle of the 'Prescription,' three of the 'Discovery' and four of the 'Pleasant Purgative Pellets.' My health improved under the use of your medicine, and my strength came back. My difficulties have all disappeared. I can work hard all day, or walk four or five miles a day, and stand it well; and when most of the time, and I did not think I could ever feel well again. I have a little baby girl eight months old. Although she is a little delicate in size and appearance, she is healthy. Give your remedies all the credit for curing me, as I took no other treatment after beginning their use. I am very grateful for your kindness, and thank God and thank you that I am as well as I am after years of suffering."

LIVER DISEASE.

Mrs. I. V. WEBBER, of Yorkshire, Cattaraugus Co., N. Y., writes: "I wish to say a few words in praise of your 'Golden Medical Discovery' and 'Pleasant Purgative Pellets.' For five years previous to taking them I was a great sufferer; I had a sick headache, or tightness about the chest, and had taste in my mouth, but I was unable to do my own work. I am happy to say I am now well and strong, thanks to your medicines."

Chronic Diarrhea Cured.—D. LAZARUS, Esq., 275 and 277 Deatur Street, New Orleans, La., writes: "I used three bottles of the 'Golden Medical Discovery' and it has cured me of chronic diarrhea. My bowels are now regular."

INDIGESTION, BOILS, BLOTCHES.

Rev. F. ASHURY HOWELL, Pastor of the M. E. Church, of Silverton, N. J., says: "I was afflicted with indigestion and indigestion. Boils and blotches began to arise on the surface of the skin, and I experienced a tired feeling and dullness. I began the use of Dr. Pierce's Golden Medical Discovery, and in one week's time I began to feel like a new man, and am now sound and well. The 'Pleasant Purgative Pellets' are the best remedy for bilious or sick headache, or tightness about the chest, and bad taste in the mouth, that I have ever used. My wife could not walk across the floor when she began to take your 'Golden Medical Discovery.' Now she can walk quite a little ways, and do some light work."

HIP-JOINT DISEASE.

Mrs. IDA M. STROTH, of Atascosmith, Ind., writes: "My little boy had been troubled with hip-joint disease for two years. When he commenced the use of your 'Golden Medical Discovery' and 'Pellets,' he was confined to his bed, and could not be moved without suffering great pain. But now, thanks to your 'Discovery,' he is able to be up all the time, and can walk with the help of crutches. He does not suffer any pain, and can eat and sleep as well as any one. It has only been about three months since he commenced using your medicine, and I cannot find words with which to express my gratitude for the benefit he has received through you."

CONSUMPTION, WEAK LUNGS, SPITTING OF BLOOD.

GOLDEN MEDICAL DISCOVERY cures Consumption (which is Scrofula of the Lungs), by its wonderful blood-purifying, invigorating and nutritive properties. For Weak Lungs, Spitting of Blood, Shortness of Breath, Rhothitis, Severe Coughs, Asthma, about three months since he commenced using your medicine, and I cannot find words with which to express my gratitude for the benefit he has received through you."

GIVEN UP TO DIE.

It rapidly builds up the system, and increases the flesh and weight of those reduced below the usual standard of health by "wasting diseases."

Consumption.—Mrs. EDWARD NEWTON, of Harrowsmith, Ont., writes: "You will ever be praised by me for the remarkable cure in my case. I was so reduced that my friends had all given me up, and I had also been given up by two doctors. I then went to the doctor in these parts, and told me that medicine was only a punishment in my case, and would not undertake to treat me. He said I might try Cod liver oil if I could stand it, as that was the only thing that could possibly do any good. I tried the Cod liver oil as a last resort, but it was so weak I could not keep it on my stomach. My husband, not feeling satisfied to give me up yet, though he had bought for me everything he saw advertised for my complaint, procured a quantity of your 'Golden Medical Discovery,' and I took only four bottles, and to the surprise of everybody, on to-day doing my own work, and am entirely free from that terrible cough which harassed me night and day. I have been afflicted with rheumatism for a number of years, and now feel so much better that I believe, with a continuation of your 'Golden Medical Discovery,' I will be restored to perfect health. I would say to those who are falling a prey to that terrible disease consumption, do not do as I did, take everything else first, but take the 'Golden Medical Discovery' in the early stages of the disease, and thereby save a great deal of suffering and be restored to health at once. Any person who is still in doubt, need but write me, enclosing a stamped, self-addressed envelope for reply, when the foregoing statement will be fully substantiated by me."

Ulcer Cured.—ISAAC E. DOWNS, Esq., of Spring Valley, Rockland Co., N. Y. (P. O. Box 28), writes: "The 'Golden Medical Discovery' cured my ulcer. It is sold by Druggists."
