TRUE WORSHIP.

There is worship in fashions caprice,
For the ones in fashions thrall,
To the nobler type of manhood
This is not worship, at all.
Not this lowering chapel,
With paint illumined pews,
But the grander temple of Nature
Is the one I willingly choose.

There the walls resound with knowledge,
And the soul of all is love.
I seek assistance around me,
But ask for none from above.
Why should I battle my vision
Piercing the unknown skies?
All the ends and helps that befriended us,
On a level with mankind lies.

Our heaven is social harmony,
Our hell is anguish and vice,
To heaven, kindness afflures us,
To hell, sin will entice.
Our ideal is pure morality,
Our duty, to help mankind,
Lift the mind to high aspirations,
Keep the heart in virtue chained.

Portland Stock Yards Report.

Portland, Or., Sept. 11, 1887.

Arrivals of stock for the past week have been chiefly for the Sound trade, and blooded stock for the State fair, there having been several fine lots of the latter, as follows: Twenty head of Short-horn Durhams, imported by Wm. Fugua from Kansas City, Mo; forty-two head of Herefords, brought out by T. A. Fletcher, of the Indiana Blooded Stock Co; twenty-eight head belonging to L. P. W. Quimby, consisting of Short-horn Durhams and Merino rams; thirteen head of Merino rams and lambs owned by W. S. Ladd. Arrivals of sheep have been rather light, and it is thought by many that the supply in the valley is quite limited. The hog market remains firm with an upward tendency in prices. The horse trade is increasing somewhat.

ARRIVALS OF STOCK FOR THE WEEK, ENDING TO-DAY:

Beef 433 head; sheep 722; hogs 140; horses 20; blooded stock 104.

EXPORTS FOR THE WEEK:

News of the Week as Noted by our White-Wake Correspondent.

September 15th, 1887.

Charley Dick keeps a news stand in the post office.

The Baptists dedicated a fine church at Elgin, last Sunday.

Lora Scott has the janitorship of the school house this term.

Quite a number of Union's best men have recently passed this way.

School began this week with 176 pupils present at the opening session.

We hear that the train dispatchers office will soon be removed from this place to Umatilla.

With Grande Ronde flour, loaded hay, R. R. ties, etc., La Grande is now loading several cars each day.

Ladd canyon people all turned out to church last Sunday, and gave Rev. Watson a handsome send-off in U. S. coin.

Miller, the Temperance lecturer, is advertised again, but if he don't come any better than he did before, he won't boom Prohibition much.

Mr. and Mrs. Westell now mourn the loss of their youngest child, an infant of two weeks, which was sick but one day, and was buried last Monday.

Bert Baker left his work horses in the corral while he took the cars for Hot Lake. When he returned one of them was dead, having apparently broken its neck in its play.

Our railroad boys get in a hurry sometimes and make "running switches," which resulted in getting a car off the track the other day, causing them quite an amount of extra labor, and possibly a "lay off" for such runs are against the rules of the company.

Miss Minnie Crawford's friends met in large numbers at her home, Tuesday evening, to give her a farewell on the eve of her departure for Philadelphia where she goes to attend school for a few years. Quite a number of presents were bestowed and a speech of appreciation was made by her uncle, in whose choir she had for a long time acted as organist.

Miss Emma Kinney was taken quite sick, the first of the week, and Tuesday night she apparently ceased to breathe and the doctor in attendance pronounced her dead. With sorrowful hearts her friends began to prepare for her burial and telegrams were sent to absent members of the family announcing her death, but soon signs of life were evident, and now her friends rejoice that she is alive and almost well again, except terribly blistered feet where hot irons were applied to restore circulation.

In one of the precincts of this county, not far remote from Union, a case was tried before the Justice of that precinct. It was, we believe, the officers maiden effort, and of course it would not be expected that he should handle the reins as well as those of larger experience. Justice—however, he is or has been president of a leading literary society of that neighborhood, and is regarded as a strict parliamentarian, and no doubt prides himself upon his success in governing vast assemblages. It so happened that during the trial of the case, that the proceedings were suspended temporarily until one of the witnesses in the case should arrive. The Justice had other business which was pressing upon his mind and in order that all should run harmoniously together thought to attend to it while waiting for the witness. His business called him to an adjoining store room, and in order that the court should not be without a presiding officer he said to a gentleman sitting beside him, "Mr. K. will you please take the chair while the court retires for a few moments to attend to some business matters?" We did not learn whether Mr. K. conducted the case after that or not, but when he comes to the city we shall interview him.

GIVE THEM A CHANCE!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the buyer of necessities, but the thousands of little tubes and capillaries leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boscche's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Why buy from immigrating agents of whom you know nothing, either of their responsibility or the character of their goods, when there are responsible dealers located near you, who carry full and complete lines of all farm and mill machinery and implements, and whose success it is for your best interests to support with your patronage? Frank Bro's Implement Co., of Island City, request your consideration of their claim, and refer you to your neighbors who have had dealings with them.
