UNION. A Beautiful City With Unparalleled Natural Advantages.

A brief description of this city may not be uninteresting to our numerous readers in other states, many of whom, no doubt, are looking about for a more favorable locality than where they are.

Union is situated in the southern portion of the beautiful Grande Ronde Valley, in the exact center of one of the most populous and prosperous counties of the great Inland Empire.

GOOD ROADS.—Union is also lead to Union from every other section of the county. The O. R. & N. Co., in constructing their line through this valley several years ago, ran along the foothills about a mile and a half to the west of the town.

OUR EDUCATIONAL FACILITIES are the best in the county. We have a splendid brick school house, in which is taught by four competent teachers, at least nine months in each year.

COMMERCIAL THEATRE with excellent stage appliances, and a capacity for seating at least 500 people.

UNLIMITED WATER POWER for a hundred manufactories. The water is clear as crystal, and chemically pure.

THE UNION FLOURING MILLS are the largest and best in Eastern Oregon, and are constantly shipping flour to foreign markets.

THE FIRST NATIONAL BANK OF UNION, and several private banks do an immense business, making Union

TEEPY SPRINGS. Arrival of Home Seekers—New Postoffice Business Openings.

Wallowa Co., Sept. 12th, 1887. The mining panic still prevails, with good prospects.

The weather of late has been showery and quite cool, but as yet no frost to injure vegetables and late sowed grain.

A postoffice has been established at Lost Prairie and Mr. Rion Bacon appointed P. M., to be supplied from Teepy Spring until a regular line of mail shall be established.

Anyone desiring to embark in the boot business would do well to locate on the head of Whiskey creek, as there is the finest lumber to justify, and down-grade to market.

Of late I have seen a number of emigrants looking after homes in our new county, and learn that several have succeeded. But this county is quite different from many counties as the first rubble haven't all concluded to sell out yet and give speculators and eastern buyers their homes for a trivial compensation.

September 21, 1887.

A Hope may wither and fade away; A Love may perish within a day; Flowers may bloom, trees may weep, The range be overstocked with sheep, An ignorant man play a winning card, But Telocaset has a lumber yard!

Our first car load of lumber was shipped Friday morning, Sept., 16th. J. B. Eaton, Jr., and Atty. J. R. Crites, of Union, paid us a visit a few days ago, and while here were looking around suspiciously like they contemplated erecting a store.
