Mr. S. F. Newhard returned from a trip to California, yesterday. He informs us that he bought 100 acres of good land, containing 300 fruit trees, four miles west of Red Bluff, paying therefor \$12 per acre. He thinks he has a big bargain, and will probably move down by next winter. The Hot Lake property is for sale on reasonable and easy terms.

We are informed by Mr. Brown of the Brown-Lee ferry on Snake river, who was in town recently, that the ferry is now in good condition and will be kept to. While the road is not in the best condition for wagon travel, this route is much the cheapest and best for stockmen driving to Idado or the Long valley country and they should make a note of it.

## NARROW ESCAPE.

We are permitted to publish the following interesting letter; concerning the Sidney, Neb., railroad accident, written by Miss Mand Summers, daughter of Mr. and Mrs. J. C. Summers, of this city, who was on her way to Illinois with her grandparents, and was on the wrecked passenger train:

Sidney, Neb., Feb. 25, 1888. DEAR PARENTS:-We were in a terrible wreck this morning at 1 o'clock, three miles the other side of Sidney. The wreck happened by our train running into a freight train loaded with coal oil. The freight train switched off, but the switch was not long enough, and two ears were left standing on the main track, and our train ran into them, scattering the oil in every direction. The fire started, and in a minute most of the cars were in a blaze. The car that we were in was a total wreck, too. 'The side that we were on did not quite go to the ground, and I and grandma climbed out of the window. If it had not been for a man who broke the glass and helped us out, we would have probably burned to death. Grandpa was sleeping on the outside of the bunk, on the side next to the sisle, and was thrown about twenty feet by the jar of the car, and was caught under some broken pieces of timber. He received quite a number of scratches and bruises, the worst being on the left side of his backbone. from his shoulder to his hip. He has been suffering ever since. The doctors examined him and think there are no ribs broken. He can stand on his feet this morning, but cannot walk alone.

Grandma and I got out without a scratch. We were unable to save anything at all except ourselves and wnat we had on our backs. All of our shoes, cloaks, hats and everything we had in the car was burned, also our trunks in the baggage car.

There were two cars on the back -part of the train that were not burned, and the passengers were all put in them and taken to the hotel at Sidney, where we are being well cared

The engineer was burned to death. He was the only one killed that we know of.

Just as soon as grandpa gets able to travel, we are going to start for home in Greenview.

Your loving daughter, . MAUD SUMMERS.
