Ayer's cathartic pills are suited to every age. They are mild and pleasant in action, thorough and searching in effect, and being sugar coated, are easy to take. These pills never fail to give satisfaction.

According to our exchanges, the new grass called asperit is being largely sown all over the desert sections of Idaho, Nevada, Montana and Oregon. Ranchers believe that it will grow luxuriantly in the driest of places.

E. R. Skipworth, one of the democratic presidential electors, will open the campaign next Monday evening, when he will address the people of Milton Umatilla county. He will make a thorough canvass of his own county before visiting other portions of the state.

A perfectly sound body and a mind unimpaired are possible only with pure blood. Lending medical authorities endorse Ayer's sarsaparilla as the best blood purifying medicine in existence. It vastly increases the working and productive powers of both hand and brain.

While J. S. Elliott's team was standing on the platform at the depot, yesterday morning, one of the horses managed to get the bridle off its head and started to run. The bus was overturned and considerably damaged, the top being torn entirely off. Luckily the horses were checked before they got entirely away.

Mrs. Beck, wife of Mr. Joseph Beck, of New Bridge, died last Saturday morning, aged about 62 years. The funeral took place Sunday. This sad affliction leaves Mr. Beck, in his old age, entirely alone. If the sympathy of his large circle of friends and neighbors can cheer him in his hours of loneliness, he has it in abundance, for he is well beloved by all.

A chicken was killed at the farm of Mr. McFadden, on the Big Portland, near Cameron I. T., last week and when the car was opened a piece of gold was found about the size of a pea. A turkey was also killed having pieces of gold in its craw. This discovery has induced several parties in that section to shoulder a pick and shovel and start out prospecting, and we may look for a stampede in a short time.

Considerable complaint is being made that farmers and stockmen who had cattle and sheep to die last winter, have made no effort to dispose of the carcasses, but have left them to rot where they lie, sometimes in close proximity to the public highways, which is very offensive to travellers, and unhealthy for those living in the vicinity. This is against the law, and someone will probably be made to know it, unless they have a little more regard for their neighbors and the public generally.

From an account published elsewhere in this paper, it will be seen that the murderers who killed the Chinese miners on Snake river have been discovered. They were all residents of Wallowa county but have since departed for other scenes. It would seem that by diligence on the part of the officers they might all be captured. It is to be hoped that the death bounds of justice will not rest until the last one of the infernal fiends have been secured and the life choked out of him at the end of the halter.

AN EXPLANATION.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown.

—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

pense of the practical destruction of many of our most important agricultural and manufacturing industries.

IV. We favor the policy of providing chiefly for the revenues of the general government, and for other purposes essential to the general government, a system of duties levied on imports, so adjusted as to discriminate in favor of domestic industries and productions and in favor of American labor, and we declare in favor of reducing the annual surplus revenues of the government by admitting free of duty such articles of general use as cannot be largely produced or manufactured by our people.

V. That we deprecate the attempt of the democratic administration to degrade the honest toil of America to a level with the pauper labor of the old world.

VI. That while disclaiming the right to interfere with the administration of the internal affairs of foreign nations, we sincerely approve the efforts of Irish and English statesmen to secure by peaceful methods the American principle of "home rule" for Ireland.

VII. That we are in favor of such legislation as should prohibit and punish the manufacture or sale of adulterated food.

VIII. That we are in favor of the enactment of a law by congress whereby the homestead or pre-emption rights of settlers shall be forfeited by cancellation of filings by the land department when settlement or filing is made in good faith.

IX. That we favor the encouraging and development of our state by the construction of railroads and other means of transportation, and that we hold all corporations to be strictly responsible to their liabilities under the law and recognize the right of the legislature to exact all reasonable limitations on corporate power.

X. That we regard the further immigration into the United States, of Chinese laborers as directly opposed to the interests of American labor, and we therefore heartily approve the action of the republican senate in providing by proper legislation for so amending our treaties with China as to prevent their further immigration here.

XI. We recognize that the nation owes a debt to the surviving veterans of the great rebellion, which cannot be adequately paid, and hold it to be a duty of the general government to provide for the necessities of them and theirs by prompt payment of liberal pensions.

XII. That the action of President Cleveland in ordering the return of the rebel flags was an unwarranted assumption of the right to use for political purposes the trophies of a valor he did not possess and the fruits of a victory he did not help to secure.

XIII. While we approve every honest effort to preserve our public lands by the punishment of willful trespassers upon them, and are in favor of such measures as will encourage our citizens to settle up and improve them, we condemn the action of the present administration in its pretended efforts to protect said lands, under color of which, instead of pursuing the policy of the republican administrations by causing the arrest and punishment of those only, whose actions appeared to have been dishonest and criminal, it has refused to cause said lands to be surveyed, thereby discouraging their settlement by people desiring and needing to take them. The administration has also filled the country with a horde of officers, styling themselves special agents of the interior department, who have been made to act as spies and informers on such of the honest citizens as have ventured to settle upon the public lands for the purpose of carving for themselves homes in the wilderness, and has caused the arrest of honest settlers upon those lands upon charges false and infamous, and publicly branding them as robbers and thieves; has caused them to be dragged into the civil and criminal courts to be tried upon false and fictitious charges, thereby compelling them to incur the expense of two defenses against the same act; has caused these same special agents to raise questions and dispute the right of honest citizens to acquire title to the public lands upon which they have honestly and in good faith settled and for which they have paid their money, and acting upon the suggestions of these agents, the officers having such matters in charge have under the direction of the administration, like a court organized to convict, deprived the settler of his land, robbed him of the benefits of his labor, and refused to return his money, and these wrongs have been perpetuated against the settlers with no apparent object but to furnish a pretext for the cry of democratic reform.

XIV. We denounce and deplore the refusal of President Cleveland to approve the last river and harbor bill, and we denounce the action of the last secretary of war in what seems to be a studied attempt to delay the improvement of the Columbia river; and fully recognizing the importance of our waterways as regulators of freight charges, not only on the waterways themselves but on the railroads as well, we insist that our great rivers should be freed and open to the sea, and we demand of the general government needed appropriations therefor, at the same time recommending to the next legislature to take proper and adequate steps to assist at once in opening the great river to general commerce.

XV. We denounce the civil service reform professions of President Cleveland as a sham and fraud, as promises made to secure votes before election, and the violation of which has been as constant as the hunger of the democratic office seeker could demand.

I was a great sufferer from Dyspepsia and Constipation. I had no appetite, and was constantly afflicted with Headache and Dizziness. I consulted our family doctor, who prescribed for me, at various times, without affording more than temporary relief. I finally commenced taking Ayer's Pills. In a short time my digestion and appetite

my bowels were regulated, and, by the time I finished two boxes of these Pills my tendency to headaches had disappeared, and I became strong and well.—Darius M. Logan, Wilmington, Del.

Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered Stomach and Liver. I suffered for over three years with Headache, Indigestion, and Constipation. I had no appetite, and was weak and nervous most of the time.

BY USING

three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured. My digestive organs are now in good order, and I am in perfect health.—P. Lockwood, Topeka, Kans.

Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was refreshing.—Henry C. Hemmenway, Rockport, Mass.
