EDITORIAL NOTES.

The Star of Idaho, published at Moscow, I. T., is our latest exchange.

Vol. I, No. 1 of the Portland Daily World is at hand. We wish it success.

Several counties in the state have placed full—that is, entire, prohibition tickets in the field.

The Summerville people say that Barney Hubers will make it mighty hot for Pap Craig before "dot election goes oop."

The East Portland Star, a republican paper, advocates the election of John M. Gearin, and says "the best interests of the state would be subserved by his election."

The convention held last Saturday in Wallowa county, for the purpose of putting an independent ticket in the field, was a failure, and the movement has collapsed.

There seems to be a difficulty in the democratic camp of Baker county, which will result in the defeat of their legislative ticket, unless the matter is amicably adjusted.

The Walla Walla Wah-wah is the name of a new paper just started at Walla Walla. This kind of thing will continue until the people can't stand it any longer and they will rise up en masse.

During the last month we have talked with many republicans who are in favor of low tariff. Such naturally belong to the opposite party and should vote the democratic ticket.

The truth about the tariff business is that a few manufacturers and monopolists are benefitted and every body else injured by it.

Hon. L. B. Rinehart, the democratic nominee for joint senator for Union and Wallowa counties, will be elected in spite of the severe opposition and detestable methods made to defeat him.

The great question of woman suffrage has come up in the Methodist general conference and after a long and earnest discussion women delegates have been denied an opportunity to participate in the proceedings of the conference.

The publication of dates for public speakers in "The Only," of Portland, so far as the interior counties are concerned, is time and money wasted.

WHY IS IT?

In discussing the merits of the various candidates now in the field for county offices, why is it that the aspirants for the office of clerk and sheriff receive the greatest amount of attention, when, really, they are of less consequence to the people than almost any of the others?

The office of assessor, in particular, is a very important one, and but few men are fitted by education, experience and natural adaptability for performing the duties of the office acceptably, and for the best interests of the county.

Whether the two aspirants for the office of assessor of this county are capable, and will fill the bill, or not, we cannot say, having been unable to find out much about them.

Politics should influence no one in deciding between them.

TEMPERANCE REFORMS.

The style of temperance work adopted by Mr. Milo P. Ward, who recently closed a series of meetings in this city, is not such as will commend itself to the more thoughtful of our people.

THEY HAVE CONFIDENCE.

The Milton Eagle, replying to accusations made by the La Grande Gazette, to the effect that J. H. Raley, our nominee for joint senator, had made the people of Milton promises of some kind to secure their support, says: "No promises of any kind whatever regarding division were made by Mr. Raley while here, or at any other time."

ent month. Also he speaks about that oath. I can very easily say that the oath was never taken by any sheriff of Union county.

The true inwardness of this fault-finding Judge seems to be a desire of periodical changes in the sheriff's office, so that when his term of office expires he may himself step into the sheriff's office.

And of delinquent mortgage tax for 1887 \$292 06 Paid, \$296 38

And of delinquent mortgage tax for 1888 369 50 Paid, 324 58

Total \$1286 56 \$1133 90

It will be seen that \$152.57 was lost. I would not go to so much trouble to explain things were I not anxious to satisfy my friends, both in the democratic and republican parties, that I have used untiring diligence in securing taxes on mortgages of absentees.

A. N. HAMILTON.

Why buy from immigrating agents of whom you know nothing, either of their responsibility or the character of their goods, when there are responsible dealers located near you, who carry full and complete lines of all farm and mill machinery and implements, and whose success it is for your best interests to support with your patronage?
