

THE OREGON SCOUT.

AMOS K. JONES, EDITOR.

The Oregon Scout has as large a circulation as any two papers in this section of the State, combined, and is correspondingly valuable as an advertising medium.

OREGON INSTITUTE FOR THE BLIND.

An Excellent Institution for the Benefit of the Afflicted.

This institution is located at Salem, the capital of the State. Its purpose is to furnish all blind persons of suitable age, health and capacity, with facilities for acquiring an education through the methods usually employed in giving instructions to the blind. Pupils from this State are admitted to the privileges of the institute free of charge. They are provided with books, apparatus, tuition, boarding, washing, medical attendance, and everything necessary except clothing and traveling expenses.

The Sanger Mines.

Mr. A. V. Oliver, one of the members of the C. F. Bradley Mining Company, whose base of operations is at Sanger, was aguest at the Arlington last evening. Our reporter enjoyed a short chat with Mr. Oliver, who expressed himself as feeling slightly "shook up" after his thirty-two miles jaunt across the hills. Our readers may remember that mention was made of the mill that Mr. Oliver erected at the company's mine last January. Since that time, he informs us, the same has been kept constantly running and crushing an average of 900 to 1000 tons of ore per month.

Big Skeleton Found.

At the Wallowa brick yard while digging clay, some bones of a mammoth animal, now extinct, were unearthed. Part of one bone is gone, but enough remains to show that it was probably the hip bone and is nearly as large as a man's body. The other is evidently a rib and measures seven feet in length. The bones were found underneath the clay on a layer of sand which would substantiate the theory that the Wallowa valley at one time was a vast lake and this deposit of clay has been made on the sand during that time.

Land Offices.

The following list prepared by the general land office for the use of the secretary of the interior, in preparing estimates for the salaries for registers and receivers of land offices in Oregon, shows the salaries of the present year as compared with 1887.

The Sparta Mines.

These mines will be operated more extensively than ever in the spring, as several eastern companies are taking hold and will work them on a grand scale. The Del Monte group is showing up fine with thousands of tons of rich gold ore on the dump, awaiting reduction by mill. Prof. Lewis, the owner, has great faith in the mines of Sparta, Sanger and Cornucopia, and his judgment is based on two years of practical experience and experiment.

Mr. J. M. Carroll subscribed for an extra copy of THE SCOUT this week. Mr. J. K. P. Harris and Mr. Joel Weaver of Indian valley, were in the city yesterday. An enormous beet is on exhibition at this office, which was raised on the farm of Robt. Shaw. We have been delayed a few hours in getting out this issue, on account of the non-arrival of our paper on time.

LOCAL INFORMATION.

Gathered up by The Scout and Brought to Headquarters. B-a-a-h-h. Head us off! The holidays will soon be here. Winter is rapidly approaching. The city election is next on the tapis. Read new advertisement of Cove drug store in this issue. Travelers will find no better place to stop at than the Depot hotel.

The Jones Bros. have received and are opening up their holiday goods. Their display in this line is much larger than ever in the city. Mr. Luther Dusick now has his tonsorial establishment fitted up in fine style. It is the neatest and most attractive place of the kind in the city.

The national suspense is over and now you will have time to step into the Cove drug store and settle your overdue account. Attend to it today. Ladies, remember that by purchasing a hat at Mesdames Bidwell & Benson's millinery store, you get a chance in the grand drawing of prizes which takes place December 23rd.

The thanks of this office are due to Mrs. T. B. H. Green for a nice lot of apples, which she presented to us yesterday. She also gave us a sample of the second crop of apples from her trees this year, which were very good.

W. L. Forrester started Sunday for Union. He will be married at that place to Miss Gertrude Conaway, and go to Wyoming for a short time, returning in time to teach a term of school near Union this winter.

A single bottle of Ayer's Sarsaparilla will establish the merits of this medicine as a blood purifier. Many thousands of people are yearly cured of chronic diseases by the faithful use of this remedy. It is unequalled for the cure of scrofula.

The largest apple we have yet seen in Eastern Oregon was sent to us this week by a young lady of this city. It was taken from one of the trees in her father's orchard. It pleases us to receive tokens of remembrance, especially from the ladies. Thanks. As will be seen by notice elsewhere, the partnership heretofore existing between Mr. J. M. Carroll and Mr. B. F. Wilson has been dissolved by mutual consent.

THE ELECTION.

A General Summary of the Latest Returns.

HARRISON IS ELECTED.

The Vote in this County and State About as it was in June.

The election in this city passed off quietly, good order being maintained throughout. Three hundred and forty-five votes were polled, giving Cleveland a majority of 23, a democratic gain of 35 over the June election.

The returns from Union county are not all in, but it will probably go about as it did in June. The precincts so far heard from are: La Grande, Harrison 304, Cleveland 300; Island City, Harrison 79, Cleveland 96; Hilgard, Harrison 88, Cleveland 41; Telocaset gives Harrison a majority of 3; Cove gives Cleveland a majority of 12; Big creek gives Harrison a majority of 1; Sunnerville gives Cleveland a majority of 18; Indian valley gives Cleveland a majority of 3.

Returns from Baker City give a republican majority of 100, a gain of 23 over the June vote. New York's plurality for Harrison is about 11,000. Indiana for Harrison by 5,000. California for Harrison by 6,000. Connecticut for Cleveland by 400, but elects a republican governor and legislature. New Jersey gives Cleveland a majority of 5,000. All states that gave their vote to Blaine give Harrison large majorities. Democratic papers admit their defeat.

OREGON. Oregon probably gives Harrison about 8,000 majority. About three-fourths of the vote is received, and gives Harrison 25,063, Cleveland 19,218. The same last June gave Herrmann 23,038, Gearin 17,351. Baker, Clackamas, Clatsop, and Columbia counties and doubtless Gilliam, Josephine, Malheur, Marion, Washington, and Yamhill, give Harrison majorities. Morrow county is doubtful. Multnomah's majority for Harrison is over 2,000. Jackson, Klamath, Linn and Polk counties give Cleveland small majorities. Grant, Lake, Tillamook and Walla counties are yet to hear from.

WASHINGTON TERRITORY. In Washington Territory Allen is elected by 5,000 majority, and the republicans make almost a clean sweep.

HILL AND GRANT. In New York Hill for governor and Grant for mayor are elected.

San Francisco.—The complete vote in the city and State, as far as counted, give Beaty 99,779, Seales 102,327, Works 97,300, Sullivan 194,885.

In the Fourth Congressional District, Morrow, rep., has 11,534, Ferral, dem., 11,228. In the Fifth district, including San Francisco city and county, Phelps, rep., has 20,057, Clunie, dem., 25,757.

THE NEXT CONGRESS. The representation in the next congress will be very close, and the indications are that the republicans will have a small majority.

The full unofficial returns from New York State place Harrison's plurality at about 12,000. Hill's plurality will exceed this.

NEW YORK.—The Evening Post says the electoral vote will stand, Harrison 233, Cleveland 168, giving West Virginia to the democrats.

INDICATIONS. Indications are that the republicans have a majority of the legislature in West Virginia and Delaware, which will give the republicans two additional United States senators.

Lewis, judges; J. M. Carroll and Geo. Beideman, clerks.
