THE OREGON SCOUT.

AMOS K. JONES, EDITOR.

The Oregon Scout has as large a circulation as any two papers in this section of the State, combined, and is correspondingly valuable as an advertising medium.

Thursday, March 28, 1889.

LOCAL INFORMATION.

Gathered up by The Scout and Brought to Headquarters.

Observe those plug hats. Seattle has a negro lawyer. Circuit court commences next Monday.

The condition of ex-Senator Slater is much improved. How about that ghost at Summerville? Is he still kicking?

Old newspapers for sale at this office. Fifty cents a hundred. Subscribe for THE SCOUT and Texas Siftings. Only \$2.75 a year.

The Twenty-third National Encampment of the G. A. R. will be held at Milwaukee, the opening day being the 27th of August.

To be a live or a dead town confronts the people of Baker City. Which shall it be?—Baker Democrat. Sad to think of, don't it.

There is no use of having your house full of mice any longer. A supply of "Death to Mice" just received at the Cove drug store this week.

Bennet, the murderer of Legore is reported to be bordering on insanity and it is thought he will soon have to be transported to the asylum.

A number of extra copies of this issue of THE SCOUT have been run off. They can be had at this office, wrapped ready for mailing, for 5 cents each.

Bismark Whiteoak and Clint Haynes were fined by the recorder this week each five dollars and cost for riding at an unlawful gait on the streets.

A man by the name of Ed. Oleott was arrested in Umatilla county a few days ago for counterfeiting \$5 gold pieces. It is said that there is an organized band of counterfeiters there.

One of our exchanges is in hard luck. It says: "Last week a man stepped up to us and said he would pay every cent he owed us if he lived until Saturday night." We presume the man dies.

Quite a number of our young men have procured instruments and are learning telegraphy. The wires they have put up around town gives the city quite a metropolitan appearance.

The stage to Cornucopia now goes loaded down every trip. Last trip all the travelers headed for that place could not be accommodated. Extra service will be put on as the travel demands it.

Zizag, all steel harrows are the best smoothing harrows yet produced. Ask your neighbor who uses one, and order from Frank Bro's, Implement Co. at Island City or La Grande.

There will be a meeting of the Union Silver Band at their hall on Tuesday evening April 2nd. All members are especially requested to be present, as matters of importance will come before the meeting.

The Georgia Minstrels appeared in this city last Friday evening, to a very fair audience. As a minstrel show it was very good, and people who like that sort of a thing, we presume got their money's worth.

A mass meeting will be held at Summerville to-day, and one at Elgin next Saturday for the purpose of taking final action on the Hunt railroad proposition. Every man in that section of the country should attend, and assist as much as they can.

Subscribe to the railroad subsidy. Aren't you a little ashamed of yourself, to hold back, when your neighbors and friends are striving to accomplish something that will benefit you as much as it will them? Let go, be a man and retain the good will and respect of those you associate with.

The large sawmill at Kamela, known as the Smith mill, which was recently fitted with new machinery throughout, burned to the ground Wednesday night, inflammable material having been left near the engine. The mill was owned by a gentleman named Russell, whose loss is a severe one.—E. O.

A gentleman who resides in La Grande informs us that it is not the intention of the O. R. & N. Co. to run a branch to Island City or any where else. He says the railroad company is only monkeying with the people to keep them from subscribing to the Hunt subsidy. Who are the suckers?

An exchange says: "When you throw a stone among a lot of dogs, the one that howls the most generally gets hit." So it is when an item appears in print and no names are mentioned: the ones that kick are generally the ones that get hit the hardest. If a man is guilty the best thing that he can do is to keep his mouth shut.—Roseburg Review.

The Whangdoodle announces that Nolan Skiff has been employed as typographical assistant on "the rag across the street" and adds, "We will not hear of him as forman that of influential (?) journal." Nolan will have to write English better than the editor of the Whangdoodle, and make a better stagger at spelling "foreman" before he is eligible to the position of forman in the Scout office.

The well known and enterprising publishers, The History Company, of San Francisco, have just published the long talked of new book, entitled "Marvels of the New West." This grand book has been eagerly sought after by the people throughout the entire Pacific coast. The success agents are availing on this book is something extraordinary. The publishers want agents to sell the books, and offer rare inducements. See advertisement in another column.

LINES.

[In memory of Mrs. J. W. Minnick, by Will. H. Minnick, Okaloosa, Iowa.] Low the clouds of sorrow hover Yonder in our brother's home; God has taken wife and mother For an inmate of the tomb; Called her spirit from its dwelling In its tenement of clay. For the angel through that's swelling White-robed hosts of endless day.

Though our sister now lies sleeping In the city of the dead, And we mourn her, bitter-weeping, May it too of us be said, When our time to follow after Shall have come, and we are called; "Nobleness made up their nature, Like a city strongly walled."

Let us emulate example Of this loved one, gone before, And her children prove a sample Of the good name that she bore; Though they yet are babes so tender In the years of life—and yet Mother dear, they'll e'er remember And her kindness ne'er forget.

Live to polish every jewel In the crown of noble worth That she's left us—as a dual Guide and partner here on earth. Farewell, sister, wife and mother, Bid me all our last adieu—Pledge to thee, and one another We'll be faithful, constant, true.

The last state legislature passed a law to license stallions kept for public service in the stand and to provide for a lien upon mares and colts for stud fees, the principal points in which are as follows:

No stallion will be allowed to serve until his owner has obtained a license from the county clerk of the county where such services is rendered. In petitioning for the license it is necessary to state the name, color, age, breeder and last owner, the name and breeding of sire, dam and second dam. Such license must be posted in conspicuous by such place, of standing. The fee is one dollar. Section 5 provides that any owner of any stallion may file with the county clerk on or before the last day of October, of each year, a full list of mares served, description of mares and owner terms of breeding and the amount of money due from the filing of such list the owner shall have a lien upon such mare and her colt, excepting those exempt from execution, for one year from date of filing. Such lien may be renewed. By violating this act a person is liable to a fine from \$5 to \$250, or imprisonment in jail for a term not to exceed 90 days. Anyone tearing down the posted copy of any license shall also make himself liable to the same fine or imprisonment as above stated.
