THE O. & W. T. RAILROAD. Interesting Account of the Origin and Progress of this Popular Road.

The October mumber of the Northwest Magazine contains an interesting history of the origin, progress and purposes of the O. & W. T. Railway Company the Bunt line"-with views and descriptive sketches of Pendiston, Athona, Walin Wolla, Dayton, Wallula, Helix, Fulton Station, and a biographical sketch of Mr. Hunt.

After first electhing the situation as to grain raising and its transportation. prior to 1887, the article on "the Hunt lines" mentions the organization of the Pendleton Company and their contract wish Mr. Hunt, who, by the time he had sinished thing miles of grade discovered that the company had no money and was not likely to raise any." He therefore bought the stock and became the owner, and soon ing a deer the other day. after obtained money on his bonds from C. B. Wright and others. While building this road. Mr. Hunt made a careful study of the condition of affairs in the entire region south of Snake river, and made up his mind that a much more extensive system of new roads, competing with the lines of the O. R. & N., and connecting with valley, were visiting here recently, the Northern Pacific, could be made to pay. His plan was to reach all hay at Mr. D. W. C. Schoul's ranch. the important towns, not paralleling, the existing roads any more than nec- Clover creek, visited Union Late week, essary, but running through the rich agricultural belts, on the ridges and The following was written by G.
