Died, at his home on the sandridge, April 22, 1890, Mr. James M. Hammock, aged 75 years. Mrs. Fred Allen, aged 24 years, died near Ladd canyon, on the 21st inst. Mrs. Allen was a daughter of Mr. and Mrs. Pender. The work of opening up a brick yard near this city is progressing rapidly, and a number of brick buildings will be erected in Union this summer. The Wallowa Chieftain has finally summed up stock losses, in that county as follows: Cattle, 10 per cent.; sheep, 5 per cent.; and horses 2 per cent. George Baird, the barber, informs us that his shop will be closed at noon on Sundays, hereafter. Customers will please govern themselves accordingly. The coming county seat contest is attracting attention all over the state. Before the strife comes and while you have time, call at the Cove drug store and settle your account. Mrs. Blachart has fitted up the building formerly used by Gardner as a jewelry store, and now has a most attractive millinery establishment. Read her spring announcement elsewhere. Union is waking up to her opportunities, and it is doubtful whether La Grande will be able to wrest the county seat from her. An electric road and electric lights are among the new enterprises in Union.—East Oregonian. George Robertson, the twelve-year old son of L. A. Robertson, was thrown from a horse in High valley last Sunday morning, and knocked senseless for awhile. With the exception of some painful bruises he is all right now. Albert Haynes met with a very painful accident last week. While at Godley's ranch about six miles north of here he was thrown from a horse, dislocating his left arm at the elbow. The bones protruded out through the flesh. He was brought to Union, and Doctors Cromwell and Decker, after administering chloroform, set the bones in a very satisfactory manner, and the boy is getting along nicely at present.

The San Francisco Produce Exchange has adopted a rule that wheat this year must not be put into old sacks. The excuse is that there is danger of weevil in old sacks, but it is more likely that they wish to compel the farmers to buy new sacks.

A sandridge correspondent writing to the Summerville Annotator says: "The republicans debated the sandridge candidate for the office of sheriff in their convention, on the grounds, we suppose, that there was but one republican in the county suitable for sheriff."

The working force at the Sanger mines is being increased by putting on three-eight hour shifts. The mine is quite wet at this season of the year, and ten hour shifts are found to be too long for economical work. Some splendid results are expected from these mines this season.

The Summerville people are already making preparations for a Fourth of July celebration and intend to have a big time on that day. The citizens of Union will not be able to ride down on Hunt's road by that time, but many of them will be in attendance just the same.

Great enthusiasm is manifested by the old pioneers in regard to the first meeting to organize, which is to be held on the 10th of May at the court house at 10 o'clock. Over 100 have signified their willingness to join, and the people of Union are making ample arrangements to hospitably entertain their old friends.

Two car loads of horses, in charge of Gun Warren and D. P. McDaniels, were shipped to Portland, Monday. The horses were bought for Smith & Hale and will be put to work on the railroad. The horses will weigh from 1000 to 1300 pounds each and the prices paid ranged from \$60.00 to \$110.00.

Those who may desire to beautify the graves of their dead will please note that Saturday afternoons have been appointed by the Union Cemetery Association as the time to have plants and shrubbery at the cemetery, at which time the services of the regular attendant will be at their disposal.

Our Pine valley correspondent says that THE SCOUT of the 19th inst. failed to reach that place. The SCOUTS for Pine valley and every other point were sent Thursday evening and if they did not get to their destination it is the fault of the rotten mail services. The very best we can hope for is two years more of it.

Mr. A. Goodbrod had photographs of his breast and arms taken this week to send to the pension commissioner for the purpose of establishing his claims for a rearing of pension. If anyone thinks that Al has not been where nimble bullets were making noise and saber strokes were falling thick and fast, he has only to look at the scars on his body and be convinced. One bullet went entirely through Al's body and he is certainly deserving of a pension.

Edward Rinehart, the 17-year-old son of Mr. Jap Rinehart who resides on the sandridge near the Grande Ronde river, was drowned last Saturday afternoon while trying to cross the stream. The body was not recovered till the next day although a diligent search was prosecuted. The remains were interred in the Summerville cemetery Monday. Edward was a general favorite with all who knew him and his untimely death is greatly regretted.

Work on the Hunt road is progressing rapidly. Considerable heavy work has been done near the Grande Ronde river, in the way of cuts and fills. Camp will be moved to-day to a point about a mile beyond the river. The next move will be to the state ditch on the sandridge, which will be in about a week. Eighty men and forty-five teams are now at work. About ten or fifteen more men are wanted and can get work there upon application.

A long haired fakir held forth on the streets several evenings last week, selling patent medicines, and "extracting teeth without pain." He succeeded in raking in considerable coin. He exhibited a flour sack about half full of molars which he held behind yanked out of the people of La Grande. They were the rustiest looking lot of grinders ever seen and excited much curiosity. He also exhibited a tape-worm that looked like it might be about one hundred and fifty feet long, which he said had been taken from a La Grander the day before. This capped the climax and was a satisfactory explanation of the extraordinary hunger of the average La Grander, and the reason for their hankering after the whole earth.

The New Discovery. You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at Brown's drug store, Union, Oregon.

Notice to Mail Contractors. Having been awarded the contract for carrying the United States Mail on Route No. 73107, from Union to Cornucopia, Oregon, six times a week, from July 1st, 1890 to June 29th, 1891 and being desirous of subletting the same to some responsible person, we would be pleased to have any such write us, giving lowest amount for which he will perform the service. Respectfully, JAMES CALVERT, U. S. Mail Contractor, Grant's Pass, Josephine county, Oregon.

Ducklin's Arnica Salve. THE ROSE SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chittilains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale at Brown's drug store.

School Fund Apportionment.

Below is published a statement of the apportionment of the county school fund, made by County School Superintendent Carter, Monday, April 21, 1890. The amount of county fund for this county is \$11,063.50, or \$2.10 per capita. After having first apportioned \$50 to each school district, in accordance with the provisions of Sec. 25, Article 5, of the school laws, joint districts, however, receive \$25 from each county.

As a considerable amount of the delinquent tax of the county is to be collected by the first of July next, another disbursement of the county fund, amounting to from \$60 to \$1 per capita, will be made at the time of the apportionment of the state fund in August.

Teachers and school officers should preserve a copy of this statement for reference:

Table with columns: No. district, No. pupils, Amount, CLERK, P. O. ADDRESS. Lists various districts and their corresponding amounts and addresses.

DANGEROUS PURGATIVES.

A City Policeman's Experience. Mineral pills and drastic purgatives so irritate the mucous coatings of the stomach and bowels, that they often leave the system in worse condition than before. In fact their cathartic action is due to their irritation. The danger attending their steady use is apparent. The new laxative principle in Joy's Vegetable Sarsaparilla is its cathartic action by increasing the mucous secretions and gently stimulating the stomach. It is purely vegetable, does not lose its effect, is effective and absolutely safe to be taken occasionally or continuously by the most delicate persons.

Gas Viduan, the well known police officer of No. 1825 Howard St., San Francisco, writes: "After my own experience I firmly believe that Joy's Vegetable Sarsaparilla will cure the most obstinate cases of constipation. Although cured I am still taking it, and never had my system so thoroughly regulated. By increasing or diminishing the dose one has absolute command over himself with this valuable remedy."

Dr. John B. Pilkington, Surgeon-oculist and Medical Specialist of Portland, will be at the Centennial hotel, Union, all day Tuesday, May 6th, 1890. Sufferers from any disease of Eye, Ear, Lung, Liver, Kidney, or Chronic, Nervous or Rectal character will be given free examination and opinion. Catarrh or Rheumatism sufferers particularly invited.
