

THE BROADWAY PARADE.

A Few Lines About the Shopping District and the Shoppers.

The Broadway of the promenaders is divided into three parts.

The first part, the shopping district, reaches from Eighth street north to Twenty-first.

The second part stretches from Twenty-first to Thirty-third, and is the widely known "Tenderloin or Hoffman House district."

The third part stretches from Thirty-third to Forty-second streets the "sou-brette's parade."

There is no other walk in this country to compare with Broadway on a sunny day.

It begins to fill up with shoppers as early as 11, but it is in the afternoon that it is at its brightest and best.

The shopping district is the least interesting to the men. The women who go there are in a hurry. They are preoccupied; they have a mission to perform.

They have heard that there is a place where they can get a piece of surah silk to match the stuff they bought last week at another place for fully three cents a yard cheaper; and they are looking for that place.

They take time in their haste to look at each other, or rather at each other's garments. They also take time to look at what they themselves have on as they pass the impromptu mirrors of the plate glass windows.

If the reflection is a strong one they will stop and walk up to it, keeping up an appearance of deep interest in what is displayed in the shop window, but in reality seeing only their own pretty faces and bonnets.

They are just as busy and earnest over their gloves and trimmings as are their husbands and big brothers over their "puts" and "calls" down town.

You see very few men in the shopping district. They leave it to the enjoyment of their feminine relatives and walk further up.

From 3 to 5 o'clock the real promenade begins on Broadway. It is a genuine promenade, for the pedestrians are not there by accident; they walk there for the pleasure of walking and of seeing each other and being seen.

Perhaps it would be more correct to say to be seen, and then incidentally to see others. You will see everybody who is anybody on Broadway sometime if you wait long enough.

But you will see very few of the swagger set, either men or women. They keep to Fifth avenue, and only strike Broadway where the avenue crosses it.

Broadway is only for the less fashionable and perhaps less select citizens of Gotham. The women who are seen there are just a little too conspicuously dressed, and the men who saunter there stare at them more than is quite proper.

This may be because all the actors and actresses in New York walk on Broadway in the afternoon, and the non-professionals are always on the lookout for them.

They are frequently rewarded by the sight of Sara Jewett, who dresses overmuch on the street and looks, for some reason, shorter and broader than she does on the stage, and Pauline Hall in sealskin and diamonds, Cora Tinnie in black, with a black box, and generally accompanied by her mother, who is said to be a real mother and not a hired "stage mother," and sweet Annie Russell, who sees no one, but keeps straight ahead with eyes "front."

The men who haunt Broadway are as well known by sight as the Worth monument or the clock in front of the Fifth Avenue hotel, and they are quite as hardened to the curious glances of the pedestrians.—New York Evening Sun.

Slight Preparation.

A young man well known in the city lately departed for Europe with the shortest notice on record.

A few hours before the train left Buffalo that made connection with the steamer at New York he determined to join some friends on their European tour.

He went home, told his family of his intention, and, of course, was met by the surprised queries: "How can you get ready? You have got to prepare for an ocean voyage. What are you going to do?" "Nothing, but black my boots," was the laconic reply.

Who will assert that woman is superior to man after such an incident?—Buffalo Express.

Pillars from Pompeii.

Delmonico's old Beaver street building is probably the only one in America partially erected from material found in the ruins of ancient Pompeii.

The marble pillars of the portico over the entrance, and, in fact, nearly all the marble of which the porch is composed, were imported from Pompeii in 1834.

So well authenticated is the history of these marble pillars and slabs that the Metropolitan Museum of Art is making efforts to obtain them.—New York Telegram.

Different from Her Treatment.

Bobby (looking out of the window)—What's the matter with that horse, mamma?

Mother—The horse is balky, Bobby; he won't obey his driver.

Bobby—Well, what's the man patting him for?

Mother—He is coaxing him. Bobby (with an injured air)—That ain't the way you treat me when I'm balky.—London Tit-Bits.

Decorated with Brown Paper.

When the late Cornelius Vanderbilt built his summer residence at Hartford at an expense of over \$100,000 the decorators covered the walls of his dining room with ordinary brown paper, such as is used by butchers to wrap meat in.

There was a cherry wood dado and a rich frescoed frieze. This room was considered one of the handsomest in the wealthy town.—New York Sun.

A New Way to Do It.

An Indianapolis bookkeeper made some changes in figures to look suspicious, asked for and got a week's leave, and after the firm had published him as an embezzler he returned, proved that he was O. K. and got \$5,000 to put him in his wounded feelings with.

IT NEVER FAILS—TRY IT YOURSELF.

SAN FRANCISCO, January 9, 1890. Manufacturers of the Great Sierra Kidney and Liver Cure.

GENTLEMEN—I have been a sufferer from kidney complaint for several years, and have used medicine upon medicine without any apparent relief until a friend of mine told me of the wonderful cures accomplished by your remedy.

I was induced to buy a bottle but without much faith. After using the first bottle I noticed such an improvement I kept on until I had taken three bottles, and can safely say that I am entirely cured and never felt better in my life.

I can gladly recommend The Great Sierra Kidney and Liver Cure to all people that are suffering in any way with kidney or urinary disorders. Respectfully yours, L. H. COHN, Atlantic and Pacific Pub. Co., room 52, St. Ann's building, city.

Letters now go off in dozens. For the summer time draw a sigh. To the simple country cousins. Whom we'll weary by-and-by.

DON'T GO OFF BEFORE YOU ARE READY.

Particularly on a long journey. Be fully prepared. You cannot be permitted to say, unless you are accompanied with the traveler's and tourist's code books, Hosteller's stomach Bitters, most good of appetizers, acclimatizers and promoters of digestion.

Against sea sickness, malaria, cramps and colics begotten of badly cooked or unwholesome food and brackish water, nervousness, increased by travel, chronic biliousness and constipation. The Bitters is a sovereign preventive.

It is an art and a polish for food not altogether to your taste, and prevents it from disagreeing with you.

Never was there such a capital thing for the unfortunate dyspeptic who stands in dread of the best cooked meal. Stomachic trouble caused by ill-prepared viands aboard ship, on steamboats, and rations hastily heaped at railway restaurants, is soon remedied by the Bitters, which gives a quietus also to rheumatism, kidney troubles and insomnia.

A Big Paper Contract. One of the largest contracts for furnishing paper for the use of the census office is the one for manilla tabulating cards.

The number of cards that will be used is estimated to be 100,000,000, and it is said that it will require 260 tons of manilla paper to furnish these cards.

Under a former contract 20,000,000 sheets for the population schedule will be furnished, which is said to be the largest single order for writing paper ever given.

No single mill in this country could meet the demand, and the order is now being filled by two of the largest paper mills in the country.

Already orders have been sent out for 14,600 reams of paper, which will weigh 584,000 pounds, and at the contract price, 9 cents per pound, will cost \$52,560.—New York Commercial Advertiser.

A Waterloo Monument.

The Waterloo monument at Brussels in memory of the British officers and soldiers will be ready by July, 1890, at the present satisfactory rate of progress.

The money raised by public subscription will just cover the cost, with a tiny balance on the right side. The inscription on the monument has been drafted finally as follows: "In memory of the British officers, non-commissioned officers and men, who fell in Belgium in the battles of 1815, and whose remains were transferred to this cemetery in 1839.

This monument was erected by the queen and their countrymen on a site generously presented by the municipality of Brussels, 1890."—New York Telegram.

Paid While in Prison.

In the case of Samuel Landis, charged with receiving stolen goods taken from the Erie railroad, which was tried at Urbana, it was developed that James Sheehy, who was a clerk in Landis' store, is now serving time, having been induced by Landis to plead guilty to receiving the goods in his absence.

He is paying Sheehy, who is a young man, a salary for serving the time which should be served by himself.—Pittsburg Dispatch.

An Octogenarian Dancing Master.

Professor Frank Stouch, a dancing master of Berks county, Pa., is 83 years of age, and has been a teacher of dancing for fifty-four years of his life and is still at it, conducting his classes as successfully as he did thirty or forty years ago.

He now has seven classes in Reading and Lebanon and 150 pupils, and during his career has taught over 24,000 young people the mystery and art of dancing.—Detroit Free Press.

A Portable Paper House.

A portable house of paper was recently constructed in Hamburg. The walls consist of double layers of paper, of which the interior one is impregnated against fire and the exterior one against moisture.

The paper is fixed on frames, which can easily be attached to each other. The house is intended to serve as a restaurant, and contains a dining room ninety feet long.—Exchange.

The Taste of Stamps.

The new two cent stamp is the color of a half ripe pomegranate and tastes like fried egg plant. But it is a great improvement over the green stamp which kept George Washington forever in his salad days.

The green stamp, by the way, tastes like cucumbers, as all who taste the stamp instead of the envelope have long since learned to their sorrow.—Boston Transcript.

Your Blood

Needs a good cleansing this spring, in order to overcome the impurities which have accumulated during the winter, or which may be hereditary, and cause you much suffering.

We confidently recommend Hood's Sarsaparilla as the very best spring medicine. By its use the blood is purified, enriched and vitalized, thus the feeling is entirely overcome and the whole body given strength and vigor.

The appetite is restored and sharpened, the digestive organs are toned, and the kidneys and liver invigorated. "After suffering for over two years from general debility and dyspepsia, I was finally persuaded to try Hood's Sarsaparilla, and I take great pleasure in saying that after taking three bottles I feel greatly relieved.

I hope that my sufferings from the above complaints who happen to see this will take courage and try Hood's Sarsaparilla."—Mrs. L. N. PETERSON, 6 Oak Grove avenue, San Francisco, Cal. CURING DISEASES BY ELECTRICITY

Stubborn Diseases Yield to Skillful Treatment.

It is a positive fact that the cure of curing diseases by electricity is revolutionizing the practice of medicine, as it is shown by the following testimonials that speak for themselves:

Mrs. John Sax, a Prominent Lady of Portland, Gives Her Experience With Dr. Darrin.

DEAR EDITOR: I have been a well woman all my life until one year ago last August, when I was taken down with chills and fever, which confined me to my bed nine weeks with rheumatism in my limbs and hands; also liver and kidney troubles.

After lingering in this condition for five months I was advised by my physician to try electricity. As Dr. Darrin had cured my mother of various ailments two years ago, I put myself under his care. He cured me in about one week's time, so I can now use my arm most as well as ever. Yours, MARY P. SAX.

Mr. Editor—DEAR SIR: A few weeks ago I was taken with an acute attack of rheumatism in my left shoulder and arm, so I was not able to work, and could find no relief until I put myself under Dr. Darrin's electric treatment. He cured me in about one week's time, so I can now use my arm most as well as ever. Yours, LEWIS STUMP, Kalama, Wash.

To the Public: This is to certify that Dr. Darrin has restored my hearing and stopped the noise and ringing in my ears, that have caused me a great deal of trouble and embarrassment for the past year or so. I cheerfully recommend the doctors to the afflicted, as I know well of their success and reputation in San Francisco. A. CASE, Tacoma, Wash.

Dr. Darrin's Place of Business. Drs. Darrin can be consulted daily at the Washington building, corner Fourth and Washington streets, Tacoma, and at Haro Carlin building, Corolla, Wash., hours, 10 to 12, evenings, 7 to 9; Sundays, 10 to 12. All chronic diseases, blood taints, irregularities in women, loss of vital power and early indiscretions permanently cured, though no references are ever made in the press concerning such cases, owing to the delicacy of the patients. Examinations free to all, and efforts will be sent free to any address. Charges for treatment according to patient's ability to pay. The poor treated free of charge from 10 to 11 daily. All private diseases confidentially treated and cured, guaranteed. Patients at a distance can be cured by home treatment. Medicines and letters sent without the doctors' name appearing.

CONSUMPTION SURELY CURED. TO THE EDITOR: Please inform your readers that I have a positive remedy for the above-named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy free to any of your readers who have consumption if they will send me their express and post office address. Respectfully, W. A. STOCUM, M. D., 151 First Street, New York.

overboard one day of her. "By Heaven, she's painted!" "Yes," retorted she indignantly, "and by heaven only!" Ruddy health mantled her cheek, yet this beautiful lady, once thin and pale, and suffering from a dry, hacking cough, night-sweats, and spitting of blood, seemed destined to fill a consumptive's grave. After spending hundreds of dollars on physicians, without benefit, she tried Dr. Pierce's Golden Medical Discovery; her improvement was soon marked, and in a few months she was plump and rosy again—a perfect picture of health and strength.

This wonderful "Golden Medical Discovery," now world-famed as a remedy for consumption, which is really lung-scorful, is not only an acknowledged remedy for that terribly fatal malady, when taken in time and given a fair trial, but also for all forms of Scrophulous, Skin and Scalp diseases, as White Swellings, Fever-sore, Hip-joint Disease, Salt-rheum, Tetter, Eczema, Boils, Carbuncles, Erysipelas and kindred ailments. All warty, crusty, itching, troublesome eruptions yield readily to its curative powers. It invigorates the liver, enriches the blood and promotes all the bodily functions. It is the only liver, blood and lung remedy, sold by druggists, under a positive guarantee, that it will do all it is recommended to, or money paid for it will be promptly refunded. No ordinary remedy could be sold under such peculiar and trying conditions. To do so would bankrupt its manufacturers. Not so with "Golden Medical Discovery" which outbids every other liver, blood and lung remedy, throughout the civilized world. It's a legitimate medicine, not a beverage; contains no alcohol, to inebriate; no syrup or sugar to derange digestion; is peculiar in remedial effects as in its composition; it stands alone, transcendent in curative properties, unique in composition, its sale backed by a substantial forfeit in case of failure to do all that is claimed for it. There's nothing at all like it, either in composition or curative effects; therefore, don't be induced to take something else represented to be "just as good," that the dealer may make a larger profit. Every dealer knows it's the best and most guaranteed Liver, Blood and Lung Remedy. WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, No. 663 Main Street, Buffalo, N. Y.

SICK HEADACHE. Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of DR.
