AT HOME.

A Paragraphic Record of Recent Happenings in and Around the City.

The public school will open a week from next Monday.

The county court will meet in regular session next Monday.

A lodge of United Workmen has been organized at La Grande.

A complete assortment of school books just received at Jones Bros.

Remember the special school meeting tomorrow at half past three o'clock.

A postoffice has been established at Allcel, the new town on the Sandridge.

Mr. Ed. Remillard has sold a half interest in the Montreal saloon to G. D. Johnson.

During the past year 83 postoffices were established in Oregon and 23 were discontinued.

Those wanting a good wagon will do well to call on Hall Bros. They are handling the celebrated Newton wagon. 8-14-11

Mr. James Kelley will sell twenty head of horses at auction on September 13th, at the Cove. See advertisement elsewhere in this issue.

Julius Roesch's brewery in La Grande was burglarized a few days ago. An unsuccessful attempt was made to blow open the safe with powder.

The board of equalization will meet on the 29th of September for the purpose of examining and equalizing the taxes. Read Assessor Guild's notice in another column.

The Sumpter Valley Railroad Company has been incorporated at Baker City, with a capital stock of \$250,000. It is the intention of the company to complete the road inside of six months.

In Iowa there will be a total failure of the honey crop this year. Leading apiarists say there is no honey in flowers and the clover and buckwheat have thus far yielded nothing.

There is a colored gentleman in Pendleton who will allow anyone to throw a baseball at his head for so much per throw. He is said to be coming money and his cranum, up to date, has not been hurt in the least.

Hunt is said to have come from the east with an amount of money that if in dollar bills and placed end to end would reach from Cove to Union. This being the case, you had better at once settle your Cove drug store account.

Mr. Tarter informs us that the account given in THE SCOUT last week of his dog biting a little child, was erroneous. He says the child was bothering the dog and received a slight scratch, and that the dog is not a vicious animal.

Mrs. Bonney, an aged lady living at The Dalles, was burned to death a few days ago. It is thought that her clothing caught fire from a pipe she was smoking at the time, as she came out of the house screaming with her coat in flames.

Reduced rates on certificate plans have been made for the M. E. conference to be held at Dayton, Wash., August 27, to Sep. 3d. Passengers paying full fare going, will be returned at one-fifth fare on certificates signed by Rev. Henry Brown, secretary of the meeting.

A woman in Astoria, who has nine children, wants her neighbors to adopt them so that she can marry again. She has found a fellow who says he loves her to distraction, but he can't stand the children. The good people of Astoria certainly ought to assist her to adjust matters.

Mrs. Rumbley, recently from the east, having assumed charge of the dressmaking parlors of Mrs. L. B. Rinehart, would call the attention of the ladies to the fact that she is prepared to execute dressmaking in the very latest style. A perfect fit guaranteed in every instance. 8-28-12

During the absence of the editor last week and the week before, Mr. Frank Slocum had charge of the columns of the paper. That he came out with a whole skin and his head unpunctured speaks well for his discernment and moderation. Frank knows about how a newspaper should be conducted.

The board of school directors have rented the brick building formerly occupied as a brewery and will utilize it as a school room until the addition to the school house is completed. The increasing number of children in the district necessitates this course and also the employment of another teacher.

A young man while assisting in loading sheep on the cars at the depot last Monday, swallowed a pin which stuck in his throat and caused him some peculiar sensations for a time. He came to town and Dr. Day removed it. The boy was big enough to know better than to make a pin cushion of what nature designs for a fly trap.

While Mrs. Marion Carroll was going home last Wednesday evening, and just as she entered the yard, a man sprang out of the shrubbery toward her and nearly frightened her out of her wits. Her screams frightened the intruder and he made his escape. A dose of buckshot would be very good medicine to administer to such fellows.

The custom in Eagle valley, Union county, is to have on the first day of August of each year a harvest home picnic, to which everybody is invited. These are feasts at which flow freely wit and wisdom, and the weary wanderer is made to feel at home. There is no happier community in the state than the good people of this wonderful little valley.—Lexington Budget.

Mr. and Mrs. A. E. Eaton, formally adopted Miss Belle Long as their daughter, this week. Belle, who is a bright and accomplished young lady, has been in the care of Mr. and Mrs. Eaton for some time and this action on their part affords her great pleasure. Lulu, the younger sister, was also adopted at the same time by Mr. and Mrs. Duke Woods, and is equally pleased.

Mr. Wesley Titus, a prosperous farmer of Ramo flat, made us a pleasant visit last Thursday. He had been over at Hildgard for several weeks and had just returned. Mr. Titus is one of THE SCOUT'S staunchest supporters and says we may count on him as a perpetual subscriber. To give his words the proper emphasis he paid for three years in advance. We wish there were more men like Mr. Titus.

Reports from Cornucopia are to the effect that a wonderfully rich strike was made a few days ago in the Red Jacket mine, the property of the Eastern Oregon Gold Mining Company, the vein in many places of the ledge showing solid gold and in consequence the Red Jacket tunnels are now kept securely under lock and key. The camp is considerably excited over the new find. The Simmons group are developing splendidly and the Stein mine is wonderful in extent, the ledge being easily traced for over two miles.

They must be having fun at Meacham. A correspondent writing from there says: "It is reported that in the school marm nashing contest now going on between the Auburn-haired, freckled faced dudes of Pendleton and the saw-toothed, yellow-haired cigarette specimens of the genus homo of La Grande, that the Pendleton dudes are 'six naps' ahead of their competitors. 'Tis claimed by the friends of La Grande 'b'ys' that if the stock of chewing gum east of the mountains holds out until the institute closes that the L. G. dudes will close the contest with a small number of 'laps' ahead of the P. D's."

At a regular meeting of Cove Lodge, No. 52, I. O. O. F., held at Cove, August 6, 1890, the following resolutions were adopted:

Russell this Lodge laments the loss of a Brother who was ever ready to proffer the hand of aid and the voice of sympathy to the needy and distressed of the fraternity; an active member of the society whose utmost endeavors were exerted for its welfare and prosperity; a friend and companion who was dear to us all; a citizen whose upright and noble life was a standard of emulation to his fellows.

Resolved, That the heartfelt sympathy of this Lodge be extended to his family in their affliction.

Resolved, That these resolutions be spread upon the records of the Lodge and a copy thereof be transmitted to the family of our dear Brother, and a copy furnished THE OREGON SCOUT for publication.

THE M. E. CONFERENCE.

An Interesting Session Held in this City—The Appointments.

The Idaho conference of the M. E. church convened in this city last Thursday and the meetings continued during the week. A large number of ministers were in attendance. The meetings were unusually interesting on account of the presence of Bishop Vincent who is a most eloquent divine and earnest worker. He is known in every state in the union as the originator of the Chautauqua idea of home education from which has grown the Chautauqua

Scientific and Literary Reading Circles, which are becoming quite popular among the churches. The bishop delivered two lectures in the opera house, while here, the church being too small to accommodate the large number of people who were desirous of hearing him. ADJOURNMENT.

USEFUL INFORMATION.

Tilbury Fox, M. D., the eminent medical writer in his work "Skin Diseases," thus accounts for the pimples so common on the face and neck. Eating too rich or too greasy food, or too hearty eating while the excretory organs are sluggish causes in most people indigestion or a dyspeptic condition, which causes the blood to move sluggishly, which in turn clogs the pores. The result is, that the exuding secretions block in the pores, which inflame, each distinct inflammation being a pimple. Dr. Fox therefore does not prescribe "blood purifiers" so called, but a "dyspepsia cure" to be taken, to use his own words "till the dyspeptic symptoms have disappeared." The old idea was, that face eruptions were caused by a "humor in the blood," for which the treated blood, giving the mineral potash. Hence the reason why the older sarsaparilla contain potash. Joy's Vegetable Sarsaparilla follows the modern ideas of Dr. Fox, and aims with gentle vegetable alteratives at the stomach and digestive organs. The reason is apparent why it cures dyspepsia and indigestion, and the pimples and skin eruptions which result therefrom, and why sarsaparilla that use minerals fail.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs and friends and physicians pronounced an incurable consumptive. began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewater, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at Brown's drug store.
