Remarkable Rescue.

Mrs. Michael Curtain. Plainfield, Illinois, makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her that she was a hopeless vietim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at R. H. .... NO LONGER A TERROR.

Modern Treatment That Cures Constipa-

According to the San Francisco dailies a remely has been discovered that with almost unerring certainty overcomes constipation. It is the new laxative principle in Joy's Vegetable sarsaparilla. The papers are full of recent occurrences confirming its efficiency, and we give place to their last sensation, a card from San perience. I have for years had a weak stomach attended with constipation, and never found but one preparation that helped mr and that soon wore out and lost its effect, and I was again a sufferer till I tried Joy's Vegetable Sarsaparilla. It helped me in every way and has thoroughly reorganized me. I had one of the most sensative of stomachs and was in continual distress, but can with the aid of Joy's Vegetable Sarsaparille now eat any and everything with my old ac customed freedom without any evil effects. I am both surprised and delighted, and gladly recommend it."
