On account of the change made in the management of this paper, all accounts due up to Jan 15, 1891, must be settled without delay.

AT HOME.

A Paragrophic Record of Recent Happenings in and Around the City.

Diphtheria has again broken out in Pendleton. Mr. and Mrs. A. E. Eaton are both on the sick list. Colfax, Washington, had a \$20,000 fire on the 21st inst.

Thomas B. Hart, of Astor, made our office a pleasant visit last Monday morning. E. S. McComas, of the Chronicle, was over from La Grande the fore part of the week.

The great and popular artists John Jack and Annie Firman at Wright's hall, Friday night. P. E. Wade, of Summerville, has returned from an extended visit to his old home in Iowa.

The people of Salem are suffering with malaria. Such a thing is unknown in Eastern Oregon. Annie Firman is the original Mercy Merrick of Wilkie Collins's great drama, 'The New Magdalen.'

Paul Locher, of Burns, has been held in the sum of \$750 for using canceled stamps in the payment of postage. The Ladies Missionary Society meets at the Presbyterian church, Friday, February 27th, at two o'clock p. m. sharp.

Reserved seats for the Jack-Firman combination are on sale at Wright's store. The price of admission is only 50 and 75 cents. John Jack was for a long time connected with Booth and Barrett, and is the best known artist in the Pacific northwest today.

It is rumored that the fast mail service will be transferred from the U. P. to the Northern Pacific on the 12th of next month. The Astorian and Columbian at Astoria have been merged into one paper, under the name of both, and incorporated with a capital stock of \$10,000.

Taking it in the aggregate a sum amounting to not less than three thousand dollars is due this paper. While not much is owing by any one of our numerous customers, the amount due from all of them, combined, would help us out considerably, and as we have never before insisted upon a man paying us if he is unable to do so, we think at this time should put themselves out a little, if necessary, in order to pay us what is due, and what, in many instances, we have been waiting for a long time.

Jasper Mitchell, of Astor, met with a severe loss last Sunday night. It seems that he had corralled his band of sheep for the night and his dogs being loose had scared them. The sheep were in a pen on the hillside and they rushed to the lower side, pillar on top of each other and 107 of them were killed.

Two more street lights were put up by the city last week and they managed to get one on the east side of Main street. Now if they will take the two end lights on the west side and place them in the business part of the city, on the east side, we think that the system will give much better satisfaction to all parties concerned, and will meet with general approval.

As Uncle Hiram Osburn was driving across the railroad this morning near the depot, a freight engine coming down the track ran against the hind end of his vehicle and just grazed it enough to give Uncle H a good scare. It was a narrow escape and one which the old gentleman will not care to repeat soon.

Dr. Deering met with a painful accident Monday evening. He was leading a colt to water, when it got scared at something, reared back and threw the doctor under him in some manner, and when it came down again struck him in the face with his front feet, inflicting a severe cut on his left cheek.

The many friends of A. N. Hamilton, of this city, will be pleased to learn that he has been elected one of the railroad commissioners of this state by the Oregon legislature. The other two members elected are G. W. Colvig, of Roseburg, and Robert Clew, of Junction City.

New and novel. Stann photographs, gummed, ready to stick to cards, lockets, watches, rings, pins, fancy work, autograph albums, books, letters, envelopes or hearts, at Jones Bros.' gallery. Fifty for \$1. Call and see samples. Also miniature photographs, beautiful designs, 25 for \$1.

We overlooked the Huntington Herald which arrived at our office last week, asking to exchange, but gladly comply with the request and wish the paper success. We are in receipt of the first and second annual reports of the First Eastern Oregon District Agricultural Society, held at Baker City.

Mrs. J. M. Pby, who has been quite sick for some time past, is reported no better. Her many friends will be grieved to hear of this. If you are indebted to this paper why not come in and pay up? We would not urge you to do so if we did not need the money.

DESTRUCTIVE SNOW.

An Avalanche Wipes Out a Camp and Destroys Much Property. A terrible snow slide occurred at W. F. Davis' quartz mill on Elk Creek about one mile from Cornucopia on Saturday last which resulted in the total destruction of the mill and buildings. This will be a severe loss to Mr. Davis, as he has labored hard for the past two years in order to get it in running order, and to have it thus swept away and all of his labor lost is indeed a heavy loss, not only to Mr. Davis, but to the entire camp.

The Baker City Blade, of the 24th inst. contains the following in regard to the destruction of the O. G. M. Co.'s tramway: From John Clark, proprietor of the Baker City and Cornucopia stage line, a Blade reporter asked the following startling news as Mr. Clark learned it from the driver on the other end of the line.

About 12 o'clock Sunday evening news was brought into Cornucopia that there had been a snowslide at the mine, an immense body of snow coming down the mountain and smothering out the tramway. A party was at once organized to repair to the scene and ascertain the damages done, and if any lives were lost. The party found the works badly damaged and in searching for the different miners of the mine it was found that three were missing.

No trace of the parties could be gained and when the driver left Cornucopia at six o'clock Monday morning nothing had been heard of them. The missing parties are Henry Kern, Joseph Stinson and Mr. Holstone. There may be a possibility of their escape, but if they were in the way of the avalanche, there is but little hope for them.

This is the second time that the tramway has been swept away by snowslides, and it will give the mining camp a set back which it will not recover from for some time. AT THE BAISLEY MINE. Superintendent Oliver, of the Baisley mine, says the Blade, came to town this morning and brought the intelligence that a snowslide in that vicinity had completely covered the mouth of a tunnel in which some miners were working. Workmen on the outside proceeded to dig away the debris from the opening and liberated the prisoners. The men were badly scared, as the noise made by the sliding snow was terrific, and they thought the whole mountain was sliding.

A SPARKING ACTOR. John Jack Who Is to Appear in This City Tomorrow Evening. It is doubtful if there is any one on the stage whose name is more familiar to the old residents of the Pacific coast than John Jack. For years he has been a familiar figure on the stage and has won an enviable reputation as an actor. Annie Firman, who appears with him, is an actress of decidedly more than ordinary ability.

Not So Hard on Their Clothes. They have a sad-sad, petriched specimen of prehistoric antediluvian times over at Union engaged to teach school this winter. He insists on calling the children into his room every morning to listen to him offering the D-dity some advice as how to run things ferretal during the day. A new teacher was recently engaged in one of the departments and he objected to the loss of time required to hear these suggestions every morning on human government. It resulted in a call meeting of the board to determine whether the children under the new teacher should go on and put in their time studying the simple branches of rudimentary English, or should put in half an hour listening to suggestions directed to an imaginary power in the clouds.

The K. of P. Entertainment. A large number of invited friends, together with the members of Blue Mountain Lodge No. 28, K. of P., assembled at their castle hall last Thursday evening to celebrate the 27th anniversary of the foundation of the order, and a most enjoyable time was had. The programme consisted of vocal and instrumental music, recitations, and excellent addresses by O. F. Bell, J. M. Carroll, T. H. Crawford and others, after which a sumptuous lunch of hot coffee, ham sandwiches, cake, etc., was partaken of with much refreshment.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale at Brown's drug store.

FEARFUL RAILROAD ACCIDENT.

Two Chair Cars Fall Through a Trestle This Side of Bonneville. A terrible disaster occurred Monday at 11 a. m. on the Union Pacific at a point this side of Bonneville, thirty-five miles west of The Dalles. The west bound passenger train ran onto a trestle which is on a curve, in rounding which the chair car left the track. When the train reached the bridge the car toppled over, throwing the baggage car in front from the track, and also the first-class chair car following, which telescoped the colonist car, smashing seats in both cars to splinters and causing fearful destruction. The wonder is that any of the passengers on the two cars escaped unhurt. As it was thirteen were injured, nine very seriously and two or three perhaps fatally. No one seems to know the names of the injured passengers and all were doubtless new arrivals from the east.

The Palpit and the Stage. Rev. F. M. Sprout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 25 lbs. in weight."

An Important Decision. The decision of the secretary of the Interior, lately rendered in the case of the United States vs. J. B. Montgomery and others, dispates the uncertainty which has existed in regard to the nature of lands on which filings could be made under the timber land act. The secretary says "that if the lands are found to be suitable for cultivation when cleared, the effort of the claimant under the timber land act, to show that they are chiefly valuable for the timber thereon, makes no difference, inasmuch as they are, if cleared, fit for cultivation."

Two Papers a Week For a Dollar a Year. The twice-a-week edition of the St. Louis Republic is at once the best and the cheapest news journal in the world. It is a big seven column paper, containing six to eight pages each issue, or 12 to 15 every week, and is mailed every Tue-day and Friday. Its readers get the news of the day almost as promptly and fully as the readers of a daily and half a week ahead of any weekly in every state in the union. Yet the price is only one dollar a year. Special Missouri, Illinois and Texas editions are printed, and a general edition for other states contains nothing but details of important events of interest everywhere. The Republic is the leading democratic paper of the country, aggressive, but at the same time liberal, and the only thoroughly national journal in the whole country. Remember the price is only one dollar a year. Sample copies, also an illustrated premium catalogue, sent free on application. Address The Republic, St. Louis, Mo.

DANGEROUS PURGATIVES. A City Policeman's Experience. Mineral pills and drastic purgatives so irritate the mucous coatings of the stomach and bowels, that they often have the system in worse condition than before. In fact their cathartic action is due to their irritation. The danger attending their steady use is apparent. The new laxative principle in Joy's Vegetable Sarsaparilla gets its cathartic action by increasing the mucous secretions and gently stimulating the stomach. It is purely vegetable, does not lose its effect, is effective and absolutely safe to be taken occasionally or continuously by the most delicate persons.
