### Be Alliancemen or Quit.

There are a few men in our state, perhaps one or two in each county, and sometimes more, who have never been in sympathy with the alliance and have never considered it other than a kind of agricultural society, although some of them are taking advantage of the organization to light into petty offices, they are always whining that we should not get into politics. These men have never been in harmony with the reform movement which we had, but are in the way of everything like progress in the order, and whenever an effort is made to take a positive stand upon the alliance platform, they will immediately cry out that we will interfere with the democratic party. To this we say either be an allianceman or get out of the way. You are not only a repreach to the organization but you are in the way of this movement, which is destined to reform this country, from the power of money to oppress. The alliance must be a unit and the man that will not go with the majority of his alliance brethren, and having opposed a movement in the sub-alliance, and will not abide by its decision, is unworthy of the name of allianceman and should be put out of the ranks. There are sub-alliances in Georgia who are not afraid to turn such renegades out of their ranks, and in many cases these men have a number of friends who will not follow them in anything, but who like them too well to turn them out of the order. Whenever this is the case and it becomes known to the county alliance nearly every man that attempted to the lodge should be suspended by the county alliance until it purifies its is called the phenomonal pitcher; ranks. THE STATE FAIR. The Board of Agriculture Offers Som Premiums.

Heretofoze the farmers' organizations have made objections to the state fair offers to agricultural organizations of Oregon special premiums amounting to \$300 for the best exhibits of grain,

grasses, fruit and vegetables. Best exhibits of grain, 1st, \$50; 2nd, one in favor of P. F. Chrisman, No. 121. \$25

Best exhibit of grasses, 1st, \$50; 2nd \$25.

Best exhibit of fruit, 1st, \$50; 2nd,

Best exhibit of vegetables, 1st, \$50; 2nd, \$25.

Every indication is that the fair will be bigger and better this year than ever before. Already an unusually large humber of booth privileges have been constructed, this is only July.

A. F. Miller, of Portland, has been appointed superintendent of the fruit department, which is divided into eight classes, viz : Fall apples, winter apples, peaches, pears, plums and prunes, quinces, grapes and sweepstakes.

Any consideration given to the question of presidential probabilities in 1892 would be valueless which did not take into serious account the Farmers' Alliance movement. From a mere speck upon the western political horizon it has, with wondrous rapidity, grown to be a great cloud, which the astute political leaders of both parties are watching with anxiety, not wholly unmixed with alarm. Through the west and through the south the movement has advanced with remarkable celerity, gaining enormous numerical forces day by day. Latterly it has found supporters in both the middle and eastern states, and the legislation bearing the Alliance trade mark has been introduced, not only in congress, but in almost every state legislature, including that of Pennsylvania .- Philadelphia Ledger. ----

## The Destructive Ginger Craze.

St. Louis Globe-Democrat. The ginger habit is worse than the ordinary liquor habit, because it is more rapid in its effects, and means early ruin to the health of the individual. It has only recently come to the attention of the physicians and druggists that in thousands of families the peppery dose that has borne the popular appearance of innocence and respectability has become an agent of debauchery. The tincture of ginger, or Jamaica ginger, as it is popularly known, is the strongest and most irritating alcoholic solution knownranking next to alcohol absolute which is undrinkable, and standing equal to commercial alcohol, which is never used as a beverage. The Jamaica ginger is sold by druggists and grocers in four-ounce vials, and the unbottled tincture is retailed at one ounce and upward.

# Summerville Boys at Baker.

The Summerville base ball club went to Baker City and crossed bats with the Polar Bears Saturday and Sunday. Saturday's game was easily won by Summerville, the score being 16 to 35.

On Sunday the Polar Bears were strengthened by Boyd and Bowers, league players. This game was hotly contested but full or errors. The score was 21 to 25, in Summerville's favor. Summerville did excellent batting, but made several errors in the field. Marvin did excellent catching and threw the ball to second in time to put out steal second from first.
