I don't know what will become of this country. They are striking rich mines every day. I think there will be a quartz mill erected on the Holcomb, Buckland and Jennings mine in Timber canyon. They have a very fine mine.

There will be about 7,000 tons of hay for sale in the valley this fall. Stock men will do well to come here to winter or stall-feed their stock, as it is the warmest valley in Eastern Oregon. There is plenty of good running water all winter. It is an evident fact that stock stall-fed on alfalfa hay will do as well as if fed on any other kind of hay, or chop feed. We have tried it and know it to be a fact. Parties will do well to come early while hay is cheap, and secure good feeding grounds.

A Pathetic Story.

One of our worthy exchanges tells the following very pathetic story: An editor died and slowly wended his way to where he supposed a warm reception awaited him. The devil saw him and said: "For many years thou hast borne the blame for the many errors the printers made in the paper; the paper has gone, alas, for \$1, and the \$1 has often failed to come in; the printers have deviled thee on Saturday night when thou hadst not one cent to thy name; men have taken the paper without paying for it and then cursed thee for not getting out better; thou hast been called a dead beat by passenger conductors when thou hast shown thy annual pass to envious gaze. All these hast thou borne in silence. Thou canst not come in here." And he fired him.

"Heaven is his home; and besides, if we let him come in here he would continually dun delinquent subscribers, for hell is full of them, and thus create discord in my kingdom."

The Road to Wealth. Cannot be successfully traveled without good health. To reach wealth or any elevated position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.

DR. HENLEY'S English Dandelion Tonic exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engorgements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.
