Twelve young lawyers were granted certificates to practice by the supreme court at Salem last week.

For sale cheap, for cash or on time, a good horse, harness and phaeton. Inquire of E. C. Beainard. 10-22-tf

Alfalfa hay is selling in Eagle valley at 44 per ton and a large amount is being contracted for by stock men.

It is evident from the number and kind of visitors to this city of late that Union is attracting considerable attention.

M. R. Brown and daughter, Mrs. W. T. Burdette, of Cornucopia, are in Union on a visit, the guests of Mr. and Mrs. J. T. Bolles.

The illness of President Polk of the armory's alliance will prevent his coming to the Pacific Coast. All his dates have in consequence been cancelled.

T. J. Lloyd, a veterinary surgeon of North Powder, is in attendance at the races this week. Mr. Lloyd will probably locate permanently in Heppner.—Record.

C. M. Houston, who has been employed in THE SCOUT job office for the past three months, took his departure for his home in Nebraska on Monday of last week.

The paper mill at Oregon City turns out six tons of newspaper daily for the San Francisco Examiner. The capacity of the mills is to be increased to manufacture ten tons daily.

There is no excuse for idleness in Union at present, for every man who has the will to work can find employment in abundance. Carpenters, day laborers and masons are in demand.

Jack McIntosh, who at the first of the season umpired baseball games in Pendleton, has gone to Canada in response to information that he has been left a fortune of \$10,000 by the death of his father.

There is great complaint from the prisoners confined in the Union county jail on account of having to be compelled to remain in the close cells. This cannot be avoided under the present circumstances. There should be provisions made for more room.

A subscriber asks us the origin of the phrase, "he isn't in it." It was first used by an editor who died and went to heaven and looked around for the man who took his paper for three years and then left it in the postoffice marked "refused."—Milton Eagle.

J. L. Linebarger, of the Hot Lake, one of the staunch supporters of THE SCOUT, paid our office a substantial visit Saturday. He had just returned from the Cove where he had been to lay in his winter supply of flour. He was accompanied by his sister, Mrs. Della Adams, of Forest Grove, Oregon, who is here on a visit to him.

At a meeting of the board of directors of the East Oregon District association held in this city last Monday it was decided to hold the next annual meeting at Prairie City, Grant county, at some time next fall to be decided on by the Grant County Agricultural and Stock society. John McDonald was elected president, J. J. Cozart, of Grant county, vice-president, L. J. Rouse (appointed a member by the county court of Wallowa county), and E. S. McComas was elected secretary.—La Grande Chronicle.

M. E. Legore, of Joseph, and W. C. Allen, of Enterprise, Wallowa county, were in the city Sunday. They have been in the mountains east of here for several days past looking for the Enterprise bank robbers, but were unable to obtain any information of their whereabouts, and were returning home. Mr. Allen called and subscribed for THE SCOUT while here. These gentlemen have not been in Union for some time and express great surprise at the growth and appearance of our city. They say it is ahead of any town in the valley.

J. D. Guild visited Elgin last week.

Bob Tomblason, of Melocaset, was in Union yesterday.

Services will be held at the Episcopal church every Sunday at 3 p. m.

Mrs. Ed. Remillard and Mrs. Laura Childs visited our office yesterday afternoon.

J. H. Corbin is having the interior of his residence calomined, repainted and fixed up in good shape.

Baker City voted a \$5,000 school tax, Monday, with which to carry on the public schools of that city.

Miss Leah Warren has taken charge of the millinery establishment of Mrs. Summers, deceased, and will sell out the stock at cost, for cash only.

For sale or trade, one span of buckskin colored horses, 6 and 7 years old, weight 1000 to 1100 pounds also 60 bushels of rye. Will sell for cash or trade for cattle—calves or yearlings. Enquire of Tomblason Bros., Telocaset.

Last Monday was pay day for the men at work on the water works and a large crowd of anxious men were seen gathered around the door of the office waiting for their turn to receive their week's wages, which was promptly handed out.

Homer Bidwell, who suffered a severe attack of hemorrhage of the lungs a short time ago, was taken down again with another attack. It is feared he will not be able to survive much longer under this condition, as he is now very weak from the loss of blood.

The entertainment to be given by the Mission Band of the Presbyterian church will not be given tomorrow night but has been postponed a week. It will be held at Wright's Hall Oct. 30th. Programme next week. Admission 25 cents. Children under twelve, 10 cents.

J. M. Carroll and wife took their departure for Portland last week, where Mr. Carroll goes to attend the meeting of the State Board of Equalization, having been elected secretary of that body. He will be absent for some time. Mrs. Carroll returned home Monday.

The entertainment last Friday night by Herr Arnold, the violinist, under the auspices of the Ladies Aid Society, was well attended and much enjoyed. Herr Arnold is a master of the king of musical instruments and received hearty applause from the audience after the rendition of each piece.

Sunday School Teacher: "And, when the wicked children continued mocking the prophet, two she-bears came out of the mountain and ate up forty of the wicked children. Now, boys, what does this teach us?" Jimpey: "It teaches us how many children a she-bear can hold."—Child and State.

It is understood that the Searles will case is at an end, and that Timothy Hopkins will get between \$8,000,000 and \$10,000,000 of the late Mrs. Searles' property. This result, it is said, was reached at a meeting held in Boston Tuesday night, at which counsel for both sides were present.

At the session of the Grand Lodge, K. of P., in Portland, Thursday, J. T. Hayne, of Ivanhoe lodge, No. 10, of Portland, was re-elected grand chancellor. E. E. Sharon, of Pendleton, was elected vice-grand chancellor. J. A. Waddell, of Portland, was elected grand prelate, and P. A. Wagner, of East Portland, was elected keeper of records and seals.

John Nodine returned from the east Monday, where he has been for the past two months with two car loads of horses. He sold the horses in Brooklyn N. Y., at a fair price. John has seen considerable of the world on his trip, having visited New York, Buffalo, Philadelphia, Washington, Chicago and all the principal cities of the east. He also went over the Canadian Pacific road and visited the principal points in Canada.

The matter of widening Main street in North Union and a greater part of South Union is something that should receive the attention of the city council. It is only a question of time when it will be necessary, and it could never be done as cheap as at the present time. Main street, the entire length of the city should be made to conform with the part widened a few years ago. We are of the opinion the council could not make a better move at present than to have this work done.

Sheriff Bolles received a telegram Tuesday evening stating that the three Enterprise bank robbers had been captured in the Blue mountains near Kamein. Deputy Sheriff Gidewell immediately went over and the three men were brought down to La Grande, but there is considerable doubt as to whether they are the right parties or not. The cashier of the Enterprise bank was sent for to identify them, but up to the time of going to press we have not learned whether they are the robbers or not.

Mrs. Cusick has sent in her resignation as postmistress of this city, to take effect January 1st, and James Raymond has circulated a petition, and sent it in, asking for the appointment, which he will no doubt receive. Mrs. Cusick has attended the office in good shape since taking charge, but since her marriage prefers to give up the public position and retire to the farm of her husband on Wolf creek, where she will reside after leaving the office. Mr. Raymond is a courteous, well-qualified gentleman and will no doubt give the best of satisfaction.

MINING NEWS.

Notes From the Districts of Eastern Oregon.

RICH STRIKE IN HARNEY COUNTY.

The Mines of Wallowa County—A Deposit of Coal on Snake River—Union County Mines.

Messrs. Marcel Gagnon and John Seck, two members of the Walla Walla Mining Company, were in town last Sunday, having just returned from a visit to their property on the head of the Minam river. This company have been working on their property there for the past five years, and now have a tunnel 300 feet in length completed. The tunnel will tap the ledges at a depth of 225 feet, and the company expects a rich body of ore at that depth. The property embraces a group of three ledges within sixty feet of each other on the surface, and assays on the ore have given good results in copper and silver. The tunnel is now in ledge matter carrying the appearing mineral, everything indicating that a few feet more of tunneling will tap the ledges. Work will be continued this season until the ledges are reached.—Wallowa Chieftain.

A sample of coal from the Snake river coal fields near Old's Ferry was received at this office last evening from the editor of the Huntington Herald. These fields are attracting considerable attention and a company has been formed in this city to do some development work upon them.—Baker Democrat.

A letter from Mr. William Miller, county judge of Harney county, addressed to Mr. John Wheeler of this city, states that the richest gold diggings have been struck in the northern part of Harney county that have been found for years. He says the people are excited and not without reason. The gold found is nearly as coarse as peas; a dollar to the pan being the lowest prospect yet reported. The location of the diggings is on Trout creek as the road leaves Silyes valley coming from Canyon City, and are about twelve miles north of Harney City. Who knows but what this find is the long lost Blue Bucket?—Baker Democrat.

John Walling was down from his Catherine creek mine Monday. He informs us that he has a good prospect and promises us a rare specimen the next time he comes in. He was compelled to quit work for a few days on account of his partner being sick.

The chlorination process at the works of the Oregon Gold Mining Company at Cornucopia is said to be very successful.

W. A. Cates, of Telocaset, was in the city Monday. He informs us that the company who bonded the Hincley mine are doing a small amount of work and are now down sixty feet, at which depth the ledge has widened to twelve feet and the ore increases in richness as they go down. The average assay now is over \$32 in gold, free milling ore, to the ton. Mr. Cates says the company will no doubt put in a quartz mill at an early date.

The recent discovery on Irwin Frazier's place, about three miles from Telocaset, will no doubt prove a good thing for the owner. The ore assays 150 ounces in silver to the ton.

One of the richest strikes in the Seven Devils this season was made by Hugh Curren. It is on the north fork of Rapid river seven miles north of the Summers Dist. Assays have gone as high as \$2,500 to the ton. The ledge is from four to five feet wide and is free milling gold ore.

During the month of September tunnel No. 4 at Chloride mine, Baker county, was advanced seventy-one feet, and on October 4 was in 170 feet. The manager, J. K. Romig, reports that No. 4 tunnel will crosscut the ledge about November 1 when an upraise will be cut to connect with No. 3 level, and drifts started each way on the ore body. Considerable work in the way of grading timber roads, making ore bins and getting buildings and timber ready for winter, is now being done. By the end of the month all will be in shape for pushing work during the winter months.—Oregonian.

City election will soon be on hand.

Be sure and call at Dr. North's dental parlor, Union, Oregon, where you can get a full set of teeth for six dollars. Call and see for yourself. 10-1-tf

On last Saturday night an attempt was made by some one to enter the postoffice, by trying to fit a key in the front door, but they failed.

A large number of ladies and gentlemen called at THE SCOUT office last Wednesday evening to see our new press in operation. Call again. All are welcome.

Do you want to secure a life size portrait of yourself or any of your family? If so it will pay you to call at Levy's store where you can get them free of charge.

We will hereafter devote a column to the mining industry of Eastern Oregon wherein all matters of importance concerning our rich mining districts will be found.

B. W. Huffman, of Pyle canyon, was in the city yesterday. Bert has just completed a neat new residence on his place in the canyon, which will soon be ready for occupancy.

We understand the corner stone of the new city hall will be laid under the auspices of the Masonic fraternity, in a few days. Work will soon be commenced on the building.

Chas. W. Oliver, of Summerville, accompanied by S. W. Sullivan, late of Colorado, was in Union yesterday. Mr. Sullivan is looking for a location to open a brokers office.

Marriage licenses were issued by County Clerk Oliver since our last issue to the following parties: A. P. Harrison and Catherine Farris; John W. Spray and Emma Seamus.

Parties from a distance in need of school supplies of any kind will do well to send their orders to R. H. Brown, the druggist, Union, Oregon, where they will be filled and shipped at once. 2m

The main line of piping for the water works system has been finished in North Union, and is extended as far south as the brewery in South Union. The force of workmen are now at work above town where there is yet about 4,000 feet of 10 inch main to be laid. The mains will all be laid by the latter part of next week.

The Adams, Oregon, livery stable men are anxious to hear something of an alleged piano tuner named Lord who borrowed a team at their stable a week ago Tuesday, promising to return it the next day. The last heard of him was at Echo, where he borrowed another team. Nothing has been seen, at last accounts, of the piano tuner or the two teams. The probability is that he sold both and is making tracks for a more congenial climate.—East Oregonian. This is no doubt the same fellow who hired a team at the Commercial livery stable here a short time ago and skipped out, leaving the team and buggy at La Grande.

COVE CULLINGS.

An Epitome of the Village Happenings.

Mr. J. L. Gibson's brother and sister, Mr. A. G. Gibson and Mrs. Sarah Weatherington, from Temple, Belle county, Texas, arrived this week. They expect to permanently reside in Cove.

A grand musical and social entertainment was given at the Ascension school last evening, the famous violinist, A. Amold, performing. Refreshments were served. The proceeds will be used in repairing the rectory.

James Mackey, a resident of Albany, Oregon., aged 80 years, it is said is entitled to the distinction of having assisted in building the first railroad in the United States, that between German-town and Philadelphia, just about sixty years ago. In fact, he helped lay the first rail.

Creating a Stir.

Jack Farrell, better known as "Happy Jack," a wild and wooly son of Erin, who is known throughout the length and breadth of Oregon as a prospector, miner, teamster, railroad grader and the

noisiest man in seven counties, has struck it rich, and the dulcet sound of his melodious voice, which may be likened unto the screech of the steam callope, may be expected to wake the echoes in Portland in the near future. Jack has discovered a ledge of gold-bearing quartz on Catherine creek a few miles southeast of the town of Union, this state, and that section is in a flurry of excitement over the find, which is reported to be quite extensive. Samples of the ore shipped here to be assayed have the appearance of being fabulously rich in free gold, the rock being literally filled with the sparkling metal. Jack's many friends in Portland will be glad to learn of his good luck.—Welcome.

There is no question but there is a large amount of rich ore in the vicinity from which Jack has reported to have "struck it," but wears of the opinion he has not found it and is only giving the people of Portland a game.

Fire at Cornucopia.

From C. C. Fisher the stage driver on the Union and Cornucopia road, we learn that on Tuesday morning about 9:30 o'clock, a fire broke out in Cornucopia and destroyed Dr. Woods' office, Tom Babington's blacksmith shop, dwelling and barber shop in connection, and one empty saloon building. Everything that could be carried out of the buildings was saved and the loss will probably not reach more than \$2,000. The fire originated in the office of Dr. Woods, which at the time was occupied by a man by the name of Reeves, who was sleeping in the building. He got up about 5 o'clock in the morning and left a candle burning, from which it is thought the fire started.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at R. H. Brown's drug store; large bottles 50c and \$1.00.

Presbyterian Church.

Next Sabbath will end my year's work in Union. So at 11 a. m. an account of the church work for the year will be given. At 7 p. m. the subject will be, "A Lesson drawn from the Life and Death of Charles Stewart Parnell, the famous Irish politician." All are cordially invited to attend.

BORN.

GOODBROD—In this city, October 17, 1891, to the wife of A. J. Goodbrod, a son.

The new boarder at the Centennial hotel is quite a favorite and his many wants will receive prompt attention at the hands of the obliging and happy landlord, Mr. Goodbrod.

MARRIED.

SPRAY—SEAMANS.—At Baker City, Wednesday, October 21, 1891, Mr. John W. Spray and Miss Emma Seamus, both of this city.

CUSSICK—ALGER.—At the residence of S. O. Swackhamer, in this city, October 17, 1891, Mr. W. C. Cusick and Mrs. E. A. Alger, Rev. S. M. Driver officiating.

Mr. Cusick is a prosperous and industrious farmer of Wolf creek and is well known in this city. Mrs. Alger has been our postmistress for the past two years and is esteemed by all who know her. THE SCOUT extends congratulations.

DIED.

ELLIS.—In this city, Tuesday, October 20, 1891, of inflammation of the stomach, Mr. Preston T. Ellis, aged 20 years.

The deceased was a bright young man, who came to this city a few months ago to take charge of the telegraph office, and is a brother of Mr. A. E. Ellis of the Union depot. About two weeks ago he was taken quite sick, but in a few days was up and around. He then suffered a relapse and was removed to the residence of Mrs. Sullivan, where he died on Tuesday morning. The funeral took place yesterday afternoon at 2 o'clock, services being conducted at the M. E. church by Rev. Anderson, after which the remains were interred in the Union cemetery.

One Pure Baking Powder.

Like Telling a Secret.

A story is told and it is a true story that over seventy per cent. of all the baking powders sold contain either alum or ammonia, and many of these powders contain both. The ill effects upon the system of food raised by alum or ammonia powders are the more dangerous because of their insidious character. It would be less dangerous for the people were it fatal at once, for then such food would be avoided, but their baneful action because imperceptible at first and slow in its advances, is no less certain.

Dr. Price's Cream Baking Powder is declared by all authorities as free from alum, ammonia or any other adulterant. Its purity has never been questioned, and while it does finer and better work, it costs no more at retail than many of the adulterated powders.
