MANUFACTURED BY

This Dryer is the latest improvement in Fruit Dryers, having been

patented in August, 1881. It has the largest capacity of any Fruit Dryer

sold at the price, and is the most easily and economically operated of any

lever at the bottom, and can be put in or taken out without loss of the

heated air, and without exposing the fruit to a cold draft. It has also a

feature not possessed by any other dryer, to-wit: It has reflectors at the

fore it goes to the fruit. This is a very important feature. These dryers

will be built only on orders, and orders should be sent in early, in order to

Robert McLaughlin's, 11 miles north of Buena Vista. We guarantee sat-
