FOURTH GUILTY.

The Indian, Tom Gilbert, convicted of Murder in the First Degree.

On yesterday noon the case of the State against Tom Gilbert, the Indian whose trial for murder had been in progress for the past four days, was submitted to the jury.

The jury brought in a verdict of guilty as charged in the indictment, which charge was murder in the first degree. On the first ballot the jury stood ten for conviction, one blank, and one for acquittal.

The next ballot showed eleven to one for conviction. The third ballot showed the same result as the previous one. These ballots were to the general question of guilt, without reference to the degree.

The fourth ballot was taken on the question of the charge in the indictment, and resulted eleven to one. The fifth and last ballot was unanimous for conviction.

Next Tuesday, the 16th inst., was set by the Court for passing the sentence. The case has been rather a long one, a large number of witnesses being examined. The prosecution was ably conducted by Mr. W. H. Holmes, District Attorney, and Mr. James McCain, of Lafayette.

The defense was ably conducted by Mr. J. M. Butler, who made a vigorous and able defense for his client. Gilbert is a well-to-do Indian, belonging to the Grand Ronde Reservation. The bloody and atrocious murder of which he has been convicted was that of Wapato Dave and his wife's wife, committed on the 23rd day of November, a account of which has already been published in these columns.

The defense attempted to raise a doubt as to whether the murder had not been committed by Wapato's son, who was himself assaulted and wounded by Gilbert at the time of the murder, and whose testimony was the only direct testimony to the killing.

The prisoner received the announcement of the verdict with the stoical indifference characteristic of the Indian race. He remarked to the Sheriff on his way to the jail, "If they hang me, I'll have to stand it," uttered in English, which he speaks well.
