ITEMS IN BRIEF.

For dentistry, go to Mason.

Miss Ella Witten is still very seriously

in town on Thursday. O. C. Beck, the genial Vulcan of Dixie, made us a call this week.

For pure and fresh drugs of every description, go to Jap. R. Miller's.

Shiption, go to Jap. R. Millers.

The scaffold for the execution of Tom
Galbert will be erected west of the jail.

be the insertion.

Dr. H. R. Holmes, of Salem, who was here this week to attend C. McDonald's son, who is ill with fever, informed us that Mrs. J. H. Hastings, of this county, it getting along nicely since a tumor was removed from her breast. She will soon be able to be removed from Salem to her home near Smithfield.

On Thursday Mgh, at the latest, to have a ware given by the lecturer of the diffusion of our vernacular abroad.

Mr. Truit admonishes the young to study purity of language, and especially deprecated the use of slang, quoting Dr. Holmes:

"Some words in language may be well applied, and take them kindly though they touch your pride; work lead to things; as less here precise—coarse speech, had grammar, swearing, drinking, vice.

To acquire the use of our vernacular abroad.

Mr. Truit admonishes the young to study purity of language, and especially deprecated the use of slang, quoting Dr. Holmes:

"Some words in language may be well applied, and take them kindly though they touch your pride; work leads to things; as all is more precise—coarse speech, had grammar, swearing, drinking, vice.

To acquire the use of our vernacular abroad.

To acquire the use of correct language, its science should be studied from the fruit dryer on Luckiamute to L. Senders for \$1,120. The Cole property, adjoining the same, was sold to the fame gentleman for \$3,000. E. Y. Hallock bid in the house above the depot for \$667, and T. G. Richmond bought the Beck property for \$400.

P. Locke, who resides at Indexes.

At Junction City on Thursday, the 18th inst., a young man named Abrams shot and killed Dr. Brownles. The evidence at the coroner's As F. M. Lewis' three dogs were running foxes in the vicinity of Cooper Hollow, the fore part of last week, it is supposed two of them were poisoned, as they did not come back at night. The other one returned late in the evening, very foot-sore, as if it had made a long run. Mr. Lewis has searched diligently for them, but has thus far failed to find them. He regrets their loss very much, as one was a valuable deer hound and door, waying his pistol and said he

A Yale man is so color blind that he chummed around with a negro all one day under the impression that he was merely a little tanned from exposure on the ball field.

Mr. A. Stinit has hauded us the followng testimonials relating to the value of to the matter of the the stone taken from the quarry of The control of t Comion is Professor of Geology and all the

is located in Polk County, near Dallas, in this State. It has been tested by some of the hardest kinds of tests. It has been subjected to a white heat and plunged immediately afterwards in cold water, and the effect has been to barden it. This process has been repeated some six separate times, and left the stone much better each time to stand heat. I cheering purposes, especially for fire places, pillars, sills, and all other uses for which stone can be used. I have been engaged in stone conting for the best part of my life, having been engaged in the business in Germany and for a number of years in this place.
