themselves.

where, through a small opening, we obtained a view of a charming landscape. Dismounting, and allowing our animals to refresh themselves on the grass, we soon made havoc of the good things we had brought. I was lying upon my lack smoking a cigarette after the meal, gazing dreamily at the blue of course only added to his wrath and their hilarity.

"You uncombed, dirty-faced vag-abonds!" he shouted, "if I had a few of you aboard the Annia Martin, I'd twist your ugly heads over the yard-arm in the twinkling of a jiffy.

Of course they only laughed the meal, gazing dreamily at the blue of our Greek companion, were making with break-neck speed for for Athens. Up hill, down dale, on liberty of taking your laudanum we went for a couple of hours without stopping or meeting a huban being; then, just as we were last night that I got up and took was so painful on board the ship last night that I got up and took it, and luckily forgot to return it his morning. You must debit me a harmless-looking peasant wished

struck dumb and motionless with seaman. In age about thirty-five, fear, staring upon the opening. Instinctively I leaved up and clutch-broad, manly and bearded, sinctively I leaped up and clutched my revolver, but before I took a step the cause of Themistocles' fear became apparent; and three shaggy forms behind three blunderbusses, aimed direct at me, made me fully aware that I was in presence of those scourges of Greece, the brigands! But oh! what a metamorphosis! Where were the natty green jackets with silver buttons, the plumed hats, and the tout entered my revolver, but before I took limbs such as would delight a sculptor to copy. His height was nearly as the had an air of command about him which was doubtened for the blunderbusses, aimed direct at me, made the had an air of command about him which was doubtened for the butter of the bottle down my sleeve, whip out the stopper, and drop the supercargo, Will Johnson, was perhaps ten years younger; nearly as tall as his friend, strong and active; the brigands! But oh! what a metamorphosis! Where were the natty green jackets with silver buttons, the plumed hats, and the tout entered my revolver, but before I took limbs such as would delight a sculptor to copy. His height was nearly to command about him which was doubtened then having attained the position of waiter, what was easier than to wriggle the bottle down my sleeve, whip out the stopper, and drop the supercargo, Will Johnson, was perhaps ten years younger; nearly as tall as his friend, strong and active; and there was such a curious and mysterious connection between the brigands and villagers that it was by no means unlikely—had we allowed him to go whip out the stopper, and drop the supercargo, Will Johnson, was perhaps ten years younger; giving the hottle a crack and stirring the laudthe blue hey are all assembled at the dimerously alke. When they are all assembled that there was such a curious and mysterious connection between the brigands and villagers that it was by no means unlikely—had we allowed him to go semi-brigands about us.

Having traveled for four hours, and our assess could scarcely get along the distribution between the brigands and village green jackets with silver buttons, the plumed hats, and the tout ensemble of the brigands of my jouth, of the operas and the picture-books? Three ragged, disreputable-looking figures, clad in greesy sheep-skins and dirty clothes,

of those heroes, and with stern or there.

me, however, that I was accredited who stood sentinel—enjoying their could muster.

with a mission from a London who stood sentinel—enjoying their could muster.

The smell of the roast lamb and to give him his quietus at the captain and I stood by ready to give him his quietus at the captain and I stood by ready to give him his quietus at the captain and I stood by ready to give him his quietus at the captain and I stood by ready to give him his quietus at the captain and I stood by ready to give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain and I stood by ready the give him his quietus at the captain at the captain and I stood by ready the give him his quietus at the captain at

over the sacred ground

Where History gives to every rood a page!

We passed the monuments of those drughty champions of the War of found. Solving our asses by their Miaulis, and many other objects of interest; and after a ride of three or four miles. The operation of stripping us of our valuables gave me an opportunity head. "Themistocles:"

But Themistocles heard me not; into to observe the appearance of the plant about the language in unconscious imagination. I know one family whose grimaces during laughter are most ludicrously alike. When they are all assembled at the

A NIGHT-AIR SEPERSTITION.

Before we can hope to fight con-sumption with any chance of suc-cess, we have to get rid of the night superstrtion. Like the dread of cold water, raw fruits, etc., it is founded en that mistrust of our instincts which we owe to our anti-natural water, raw fruits, etc., it is founded on that mistrust of our instincts which we owe to our anti-natural religion. It is probably the most prolific single cause of impaired health, even among the civilized nations of our enlightened age, through its absurdity rivals the grossest delusions of the witchcraft era. The subjection of hely reasons to heave reasons that met this statement, he went on:

"I'm not a white-haired philanthrough sympathy for your stricken people. I'm a fair, square, bald headed book agent."

Encouraged by the reception of this frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his frank avowel he took a seat, and dropped his fair in this statement, he went on:

"I'm not a white-haired philanthrough sympathy for your stricken people. I'm a fair, square, bald headed book agent." its absurdity rivals the grossest delay unions of the witcheraft era. The subjection of holy reasons to hearsays discould hardly go father. "Beware of the night wind; be sure and closs your windows after dark!" In other sorts bewase of God's free air; be sure and infect your lungs with the stagnant azotized, and impure and offensive atmosphere of your bedroom. In other words beware of the rock spring; stick to sewerage. Is night air injurious? Is there a single tenable pretex for such an idea? since the day of creation that air has been breathed with impunity by millions of different animals—tender, delicate creatures, some of them—fawns, lambs and young birds. The moist air of the tropical forest is breathed with impunity by our next relatives, anthropoid apes—the same apes that soon perish with generally well-warmed atmosphere of our northern menageries. Thousand and open sheds without the least injurious consequence; men in the last and open sheds without the least injurious consequence; men in the ast and open sheds without the least injurious consequence; men in the stagnant azotized, and impure and offensive under step of the properties of the properties of the properties of the properties. Thousand and so foldiers, hunters and lumbermen sleep every night in tents and open sheds without the least injurious consequence; men in the ast stage of consumption have recovered by adopting a semi-savage mode of life, and camping out-doors in all but the stormiest nights. Is it the draught you fear, or the contrast of Temperature? Blacksmiths and railroad conductors seem to their winds of the contrast of the rock o

There stood a single frightful Cliff, and bathed
Its feet in the silvery lake below.

And I stood entranced in the midst of seenes
More beautiful and yet more wild
Than e'er on Alpine Chamoise huntsman eye
From Alpine glacial gorges smiled.
And though I should live for a thousand years
Yet naught could e'er from my m emory take.
The fadeless picture that was painted there
As I gazed on the Mystic Lake.

The approach of age shows itself

it the draught you fear, or the contrast of Temperature? Blacksmiths and railroad conductors seem to thrive under such influences. Draught? Have you nover seen boys skating in the face of a snow storm at the rate of fifteen miles an hour? They counteract the effect of the cold air by vigorous exercise. Is there no other way of keeping warm? Does the north wind damage the fine lady sitting motionless in her sleigh, or the pilot and helmsman of a storm tossed vessel? It cannot be the inclemency of the open nir, for, even in swellering summer nights, the sweet south wind, blessed by all creatures that draw the breath of the such and railroad conductors seem to thrive under such influences.

Draught? Have you nover seen boys skating in the face of a snow storm at the rate of fifteen miles an hour? They counteract the effect of the spire with eloquence, soothe with persuasion, or pique with local gos-sip. I was not directed to you as a leader of culture or a person who'd be likely to buy. I won't show you a list of high-toned decoys who have put their names down to get rid of me and to draw you in. I don't show the work I'm selling, and I've got no off-hand preamble to thirve under such influences.

What lide he do?"

What did he do?"

What else did he do?"

"He threw a spittoon at a peddler, he stole apples from a farmer and the tree and the whole force on deck at this point.

"I've got no off-hand preamble to which flowery paths of ease to where I've got the trap sprung. I do not beguile with anecdote, inspired the flowery paths of ease to where I've got the trap sprung. I do not b creatures that draw the breath of life, brings no relief to the victim of hydrophobia. There is no doubt that families who have freed themhydrophobia. too robust and mature to be idelized.

An attempt was made to bring Os-knife and fork and began looking

calmly asked. "Yes, I will."

"When?"
"Now-right off—this minute!"
"You'll go away?"

"He threw a spittoon at a peddler, he stole apples from a farmer and broke a confectioner's window," said

every time I work one off. Do you take or do I go?"

By this time eleven copies of the first part were ordered, and the word of the first part were ordered, and the "If I let you go." said the justice.

"All I said was that the copper ought to go shoot himself, he was too fresh," said Taylor, sobbing.

Dogs belonging to the aborigina and those kept by Europeans i South Africa are bitterly hostile teach other. A stragler invariable loses his life.

In Elm Colliery, Backley Wales, a mineral oil has been discovered which yields a very bright flame with very little smoke. As yet it is not

An attempt was made to bring Osmond Tearle upon the public as a professional beauty, but it missed fire, principally becouse Tearle is intrinsically unattractive. Then Herbert Kelsey was produced by Wallack with a great flourish, but he failed even more mournfully than Tearle. So the field is clear for the coming man, and the silly maidens await him. Terriss is a man of small stature, but is otherwise very handsome. His pictures are in great demand in London. His salary during his American tour will be \$400 a week. Great conquests await him.

Tearle some the goat and immediately picked up his knife and fork and began looking over his bill of fare.

"What would you do?" asked the goat in much trepidation.

"I would discover what sort of a layout this Caravansary can spread replied the wolf.

"Are there no fire escapes?" inquired the goat.

"I do not know or do I care, as I when the space which is thus taken up is, under existing laws, measured tonnage-carrying acrs, and there is practically a premium for the neglect of an essential means of security. Few ship-owsers like to be taxed for a costly effort in itself to preserve the lives of ethers.

Again the new ship can be ageneral opin-ion among naval engineers that no iron passenger steamship can be said to be constructed upon the best design which insures safety in case of collision or running upon a rock, and they shall be a layout this Caravansary can spread replied the wolf.

"Are there no fire escapes?" inquired the goat.

"I do not know or do I care, as I when the same of security. Few ship-owsers like to be taxed for a costly effort in itself to preserve the lives of ethers.

"Again the new ship can be said to be constructed upon the best design which insures safety in case of collision or running upon a rock, and the special provided with a double better the special provided with a double better in provided with a double bet There seems to be a general op

the week. Great conquests await him.

In Lyons, France, the cold-bath method of treating typhoid fever has been adopted with marked success. In the civil hospital the death carrying concealey deadly weapons.

There should be a law against carrying concealey deadly weapons.

There should be a law against carrying concealey deadly weapons.

"Phew, times are hard! Now I have 30,000 francs a year, and it is all I can do to make both snds meet."

"Thirty thousand francs a year and hard up. Why, I have barely at third of the sum, and yet—""Oh, I know of the sum, and yet and family, and so you can get along."
