ITEMS IN BRIEF.

For first-class Dental work, go to Mason. Nice fresh oranges at J. W. Crider's. A. Stinitz, of Salem, was in town this week. Mr. Shultz has about completed the nice new fence around his residence. The first dry printer that ever came to Dallas at J. W. Crider's. School books and stationery at J. D. Lee's. Trusses and shoulder braces at J. B. Miller's. E. W. Cooper, of Independence, gave us a call this week. Allen & Osborn, of Independence, are selling furniture at Portland prices. Allen & Osborn are prepared to do all kinds of upholstery, either new or repair work. Mrs. Kuykendall, of Grand Ronde, is visiting friends and relatives in Dallas. Mrs. Cooper, Ferguson, Maloney and Belt of Independence, paid Dallas a visit during the first of the week. The Band Boys of Dallas are practicing for the prize tournament at Eugene. They hope to wear the belt. A little daughter of Mr. Shultz went with a painful accident last week by which she suffered a slight fracture of the shoulder. We acknowledge a call from Mr. Geo. Belt, one of Independence's attorneys, on last Monday. He reports Independence somewhat dull on account of the long tired rains. Rev. J. James will preach to-morrow at the Baptist church at 11 a. m., and at 7:30 p. m. all are invited. He will hold a basket meeting at the Salt Creek school house, on the 1st Saturday in May commencing on Saturday before at 4 p. m., assisted by Rev. I. H. Holman.

On Tuesday of this week the Supreme Court rendered its decision in the case of George A. Shappard, Respondent vs. Hathaway Vincent and DeLoach, appellants. It reverses the decision of the Court below and remands the case for a new trial. Also in the case of Wm. Rubell, appellant vs. Harrison Kelley, respondent. Former decision reversed and decree entered in favor of appellant. For the best fitting dental plates go to Dr. Rubell's. For dentistry, go to Mason, over Butler's grocery store. If you want a fine bone buggy whip or a fine robe, call and see F. A. Stiles. Something fine for your table. Dried blackberries at 25¢ per lb. at J. D. Lee's. If you want some of the best strained honey in town go to J. W. Crider's grocery store. He's got it. Mrs. Hallcock's aunt, who lives with her niece, has been quite sick but is some better at present. If you want a better team harness than you can get any place in the State Frank Stiles can sell it to you. A nice stock of cakes, coffins, and coffin trimmings at James Campbell's old stand on Mill street in Dallas. A fine stock of nickel pens, pens, ball pens and double, cheap for cash at F. A. Stiles'. The family of Nat Holman, who has been so severely afflicted for some time are all improving we learn. John J. Daly, of Dallas has carpenters at work on his new house again, making some additional improvements. The people of Independence have just been treated to a first class scandal. We await developments. Mr. John Groves of this place is still in a most critical condition; little or no hope of his recovery. We call the attention to a number of new ads this week. Some of the people know how to control the trade. Mr. W. C. Brown caught 27 trout on last Wednesday; so he says but we didn't see any of the fish. Trout are slippery fish and hard to catch. While in Salem this week we dropped into Mr. Dearborn's harness and saddle shop where we saw a fine display of goods as any in the state. See his ad in another column. Mr. Henry Dodson, of Vasco county is on a visit with his family, at his father's place on Salt Creek. He expects to remain for a few months, and when he returns he will take with him a band of brood mares. Our energetic young marshal, John Shultz, by the direction of the city authorities, is making some fine street improvements. Several streets are being plowed and thrown up in the center, with ditches at the sides. It is perfectly wonderful that this has not been done long ago. Hon. Stephen Stands will deliver a lecture on next Tuesday evening May 1st in the Presbyterian church at Independence. Subject, gambling and drunkenness, their evils on individuals and society. Rev. C. Alderson will hold religious services at the Bridgeport school house on next Saturday and Sabbath following. All are invited. I have just received a large stock of millinery with all the latest novelties and styles for the spring trade, which I am selling at the very lowest prices. Call and see me at Monmouth.

EMMA C. WALLER.

Surprise Party.

The surprise party under the management of Messrs. Sides, Cooper, Rowell, Grant and Miller in honor of Mr. C. G. Coad, was the most enjoyable affair of the season. There was music and games and the wee small hours began to appear before the merry party wended their way homeward. Mr. Coad leaves for Southern Oregon on Monday next, where he intends residing this summer. His many friends wish him the best of success in his new home. A Fair Proposition: Anyone suffering from habitual constipation, torpidity of the liver, colds, fevers, headache, restlessness, sleeplessness, indigestion or other ills arising from a disordered or inactive condition of the liver, stomach and bowels, wishing to give Syrup of Figs a thorough trial, can say it of Jap. R. Miller, who will agree to return your money if it fails to cure promptly and satisfactorily.

Free of Charge.

All persons suffering from Coughs, Colds, Asthma, Bronchitis, who are troubled by any affection of the Throat and Lungs, are requested to call at J. B. Miller's Drug Store and get a trial bottle of Dr. King's New Discovery for consumption free of charge, which will convince them of its wonderful merits and show what a regular dollar-size bottle will do. Call early.

BUENA VISTA ITEMS.

(FROM OUR SPECIAL CORRESPONDENT.)

J. C. Krentz is sick with typhoid fever. Friends and relatives are fearful of the result. A class of seven are taking lessons in instrumental music; Mrs. Grayson teaches.

Somebody's boys are sleeping in the berry sheds at night; where they are liable to damage; they should be taken care of and thus from prevented.

Mr. Oscar Bergman, brother to M. L. Bergman has arrived from California. Mr. Bergman will take a week in the country; being away by train.

Rev. J. S. McCall will preach here (next Sunday) at 11 o'clock. All are invited and a limited to come.

Why is it that stock of goods in our city is so low? There is an ordinance prohibiting certain kinds such as horse hoes, horse shoes and broom sticks of every kind.

Nert H. Roberts caught a trout in the Willamette, opposite his place that was covered with red spots or specks instead of the usual black specks.

C. A. McCullough made a business trip to Portland last week, in connection with the railroad that he is manufacturing. Material has been ordered, and it is to be completed as soon as possible.

We understand that M. A. Tuckler will bring on a stock of farming machinery in the near future; we hope that he may do so as we believe this to be a good point for a business of that kind.

Knaiss and Whitehead have moved into their old quarters on the south side of the street, not being willing to stand an increase of rent that seemed exorbitant they preferred to move their stock of goods.

Exchanging houses is now in order. Spring cleaning will commence as soon as the weather improves. Then any of our friends wishing to see us personally will find us in the banks of the beautiful Willamette fishing. We will be way up the river out of hearing.

Mr. A. M. Smith of Portland, was in town a few days last week. Mr. S. comes in on us unexpectedly every few days past to see how the boys are getting along. He says that Portland is booming. Wants lots of pipe and wire.

Our substantial law-abiding citizens are looking for their commendations of the Oregonian, because of the positive and unflinching high license stand that it has taken. We know of parties here who have added their names to its subscription list because of such stand.

Mr. James Church who has lived here for the past four years, and has filled the position of clerk for Mr. A. M. Smith, has purchased a one-fourth interest in a saw mill in Albina, and will go there in a few days to clerk for the mill company. We regret to lose Mr. Church, yet are glad to know that the change is better financially for him. This company will furnish the lumber to build the new flouring mill in Portland.

AIRLINE ITEMS.

(FROM OUR SPECIAL CORRESPONDENT.)

Beautiful; beautiful, these fine sunny days. Alice Hastings is quite sick, suffering from spinal disease. Robert Percival of Monmouth, was in town Monday and Tuesday.

A. E. Southmail of Sheridan paid Airline a flying visit Monday evening. Mr. Southmail is engaged in the real estate business in Sheridan, he thinks Airline the "boss."

Last Monday night will long be remembered by the ladies and ladies of this vicinity, as it was the jolliest time ever spent in our usually quiet little town, some eighteen couples were invited to a social dance given by Messrs. W. E. Williams and W. H. Austin, everything was conducted to the satisfaction of all.

EOLE ITEMS.

(FROM OUR SPECIAL CORRESPONDENT.)

Tony Beckett left for Prescott W. T. last week and somebody is looking sad and forlorn. The ladies here are talking of arranging for a festival and oyster supper to raise funds to procure an organ for the church. Timely notice will be given.

Two new arrivals came to stay, one at Mr. James Mitchell's and another at Mr. George Berry's. We are glad to be able to say that Mrs. S. E. Berry who has been very ill, is now very much better. Also Miss Amanda Clark, who has been very low with inflammatory rheumatism.

Crops in the vicinity never looked better, and the farmers faces again wear a cheerful look, in anticipation of a goodly harvest. A few days of pleasant weather and seeding will be finished. It was announced the editor of the Oregonian would address the people of Dixie on last Sabbath, and a full house some from a distance, awaited his coming; but the editor failed to come. We presume he had a double engagement for we hope we are not quite a Sodom yet.

The "Dixie Mills" Co., are shipping wheat from Parkers Station at the rate of two cars a day, and reloading the cars with flour and feed for Portland. They now have on hand a small surplus of all kinds of mill feed for the first time this winter. The mill is to be thoroughly overhauled this summer. The race widened and deepened, and a large additional warehouse thirty-six by seventy-two feet is now going up adjoining the mill.

LETTER FROM EASTERN WASHINGTON.

Whitman County W. T. Editor ITEMIZER.—Thinking as I do that some of my Polk county friends may like to hear from this section of the broad grass country, I will try to furnish a few items. We are at least one month later here than the Willamette Valley, as there is scarcely any grain sown yet and the grass is just beginning to grow, and the marks of the past hard winter have not all disappeared, as there are yet small snow drifts to tell the story of the past. And now there seems to be a mistake. April takes the place of March and snow is falling, only to melt as fast as it falls. Stock locks rather thin this spring. Good cows are worth from 40 to \$50 per head, and fat cattle are not to be had, or love nor money. This country for the past year has made not little improvement. It seems to be at a stand-still but we hope it is only taking a rest. Cheney one year ago was a lively city, but now it is a dull place, and Sprague seems to have frozen out last winter, or at least it was badly frost-bitten, for there is not half the business done there now that there was in time of the Polk count. This country can be best for stock raising, but stock is the only permanent money making industry of this country. Farming is not profitable. I am just at present taking my third trip over this country and like it very much.

A ROSALIA RAMBLER.

ROSWELL SHELLEY, County Clerk

HOUSEHOLD LETTER.

Everybody well. Some rain the past week but have had most beautiful spring weather, growing nicely. The coldest weather the past winter was five degrees above zero. Mrs. Withers of Spokane is here visiting her daughter Mr. S. B. Sears for the benefit of those frozen out renters making inquiry about this country with your permission I will answer through the press. It is a beautiful country, the south fork of the Chohalila river, some sixty miles above where it empties into Grays Harbor. It is a level river bottom, and is what they term here a good land; the brush being principally vine maple. The low rolling hills on either side of the river are covered with a heavy growth of fir and cedar timber. It is well watered with pure running mountain streams. The river at this place is very little larger than the big Luckanumte. The soil is a dark sandy loam, and very productive. The clearing of land is easy compared with oak hills around Dallas. I can put in cultivation two acres of this land to any man's one of those oak groves and get cultivated one acre will produce as much as two of that. There is very little government land to be taken in the new settlement. Over two thousand acres have been taken in the last six months. Some good railroad land can be had of five dollars per acre. This is no stock country, except for hog raising. There are good ranges of the N. P. R. R. Little Falls station and we have no road as yet but we hope to get a road this fall. Our nearest trading point is Chohalila, twenty-five miles away. The wind never blows here it is not necessary for a man to have claws like a Jaybird to so to the country. It requires a smaller capital and less brains to make a living here than any place I know of; but that is in accordance with the eternal fitness of things. Now renters take your choice. If you stay there Jo and Mick and Hardy will settle your business for you this fall and then you will wish you had died when you were a baby. But if you will rent, listen to one that has been there and steer clear of Salt Creek for there the evil one lyeth in waiting for the innocent and the unsuspecting.
