In conclusion Villard states that there is of an order of the County Court, of of Salem, on last Thursday May 17th., for the particulars of which we are indebted to the Salem Talk. A Mr. Kelly and a man by the name of Murphy were returning home from Salem to the said farm, in company with a man named Brooks. Kelly and Murphy were very much intoxicated ond boasted of their fighting qualifications until they both became angry and ready to fight. On arriving at home they all got out of the wagon, and Kelly and Brooks proceeded to unhitch the team, while Murphy walked into the house. He was only gone a moment until he returned with a double-barrelled shot gun, and, without a word of warning, fired the contents of one barrel directly into the face of Kelley, gone a moment until he returned while a double-barrelled shot gun, and, without a word of warning, fired the contents of one barrel directly into the face of Kelley, literally tearing his head to fragments and killing him instantly. He then walked back into the house and took a seat by the fire. Brooks hastily put the team away, and saddled a horse preparatory to going to Salem after an officer. He stepped to the house and told Murphy his intention, and was turning to go when Murphy called him to stop; and, taking a pistol from his pocket without rising from his chair, he put the muzzle to his head, and exclaimed: "Here I go," his head, and exclaimed: "Here I go," his head, and exclaimed: "Here I go," his large and extensive stock of Drugs, patch and exclaimed: "Here I go," his large and extensive stock of Drugs, patch to call and see him, as he has added everything that was distant to the sale of the sal

ATTEMPTED MURDER.

Another Shooting Affair in Marion County.

Another shooting scrape took place near Woodburn, in Marion county, on last Monday evening, in which Hon. Jacob Voorhees, state senator for Marion county, was dangerously if not fatally wounded. A man by the name of R. W. Canon who had been in the employ of Mr. Voorhees, was by that gentleman discharged. Canon went to Jervais and bought a bottle of whisky and a pistol, and returned. Finding Mr. Voorhees standing in the yard he drew his pistol and shot him three times. One shot took effect near the left eye and lodged in the back part of the head. Another passed ble with her colonies and conquered noes; but she seems recently to have a upon especially troublous times in ection with her Irish wards. COMPARATIVE WORTH OF BAKING POWDERS.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder. "I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances.

tances.
"It is a scientific fact that the Royal Baking Powder is absolutely pure.
"H. A. Mott, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance.

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome.

"S. Dana Hanes, State Assayer, Mass."

"June 23, 1882.—We have made a careful analytical test of Royal Baking Powder, purchased by ourselves in the open market here, and in the original package. We find it to be a cream of tartar powder of the highest degree of strength, containing nothing but pure, wholesome, and useful ingredients.

"Juan H. Wright, M.D. "JUAN H. WRIGHT, M.D., Analytical Chemists, St. Louis."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

Norg.—The above Diagram illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A one pound can of each powder was taken, the total leavening power or volume in each canclaculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than the ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

Readers of the the Commercial can not well Readers of the the Commercial can not well forget that a large space has for years been takee up by Kendall's advertisements-especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years and the truth is fully and faithfully proven not only that he is a good honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English language is not capable of recommending it too highly

ing it too highly

Kendall's Spavin Cure will cure spayins. There are hundreds of cases in which that has been proven to our certain knowledge, but, after all, if any person confines the usefulnest of this celebrated medicine to during spavins alone, they make a big mistake. It is the best medicine known as an outward application for rheumatism in the human family. It is the best medicine known as an outward application for rheumatism in the human family. It is good for paine and aches, swellings and lameness, and is just as safely applied to men women and children as it is to horses. We know that there are other good limiments, but we do believe this spavin cure to be far beter than any ever invented.

B. J. KENDALT & Co., Gentleman:—I feel it a duty to others suffering with piles and falling of the rectum to write you. I have had the piles and prolapsus of the rectum for five years, for the past three years I have suffered the most agonizing pain. Tried everything without relief, but after ten days use of Kendall's Spavin Cure I have not seen or heard of the piles since. One who has not suffered as I have cannot comprehend the great joy that I feel at being cured of a disease almost worse than death. I had a valuable young horse that had a large bunch gather on his breast bone. I tried all kinds of liminents and had it cut open without any benefit. Saw your advertisement and bought a bottle of Kendall's Spavin Cure and ordered my teamster to use as directed. In less than one week the lump had disappeared. Thinking that a liniment that would do what Kendall's Spavin Cure has done for my herse might benefit more. I tried it as a last resort.
