NOBODY CAN DENY. Consumers can depend upon THE NEW ENGLAND BAKING POWDER as being exactly as represented. It is Cream of Tarter and Bi-Carbonite of Soda of perfect purity, scientifically combined; NOTHING ELSE. The price of the NEW ENGLAND BAKING POWDER justifies the use of the very best materials. Consumers pay a fair price for the best and get it. It is self-evident that Baking Powders represented to be composed of the same materials as the NEW ENGLAND, and which are sold to dealers at less than the pure materials them-

as the NEW ENGLAND, and which are sold to dealers at less than the pure materials themselves are worth, cannot be pure.

The large demand for NEW ENGLAND BAKING POWDER, and consequent falling off in the sales of adulterated and inferior powders, has developed a spitefulness on the part of some manufacturers and dealers. Finding that the quality of the NEW ENGLAND cannot be successfully attacked, new brands and close imitations, represented to be as good, are put on the market. With these they endeavor to tempt dealers with low prices, and thus impose on consumers.

DR. CHARLES W. DECKER. TO PRINTERS!

Printers who are about to purchase new type, or printing material of any kined, should send for the new specimen book and the reduced price list just issued by Messrs. Palmer & Rey, the go-ahead type founders and press makers of San Francisco and Pertland, Ogn. This firm has forged so far ahead of all its competitors that now it is the most complete printers supply depot in the country to-day. Palmer & Rey's stock is not only very large and complete, but their type and material is of a high grade. Their type is wonderful for perfect justification and beauty of flatch. The new Price List, just issued by Palmer & Rey, is a regular boon to the trade, as they can save at least 15 per cent. by buying from this house. The job fonts shown in Palmer & Rey's Specimen Book are the cheapest we have ever seen, and we don't see how the other Type Founderies of San Francisco, can sell at all to any printer who gets the ne specimen book and price list of Messrs. Palmer & Rey. The Printers of Oregon and Washington Territory are now not dependent upon and Francisco for surplice as Messrs. Palmer 724 MARKET & 203 MONTCOMERY ST.
