Wm. G. Osgoodly, the well known safe manufacturer of Buffalo, Philadelphia, Pittsburg, Newark and Atlanta, Ga., says: "Office of Osgoodly's Improved Safe, 115 S. Broad Street, ATLANTA, Ga., October 17, 1881."

Dr. Rush's Medical Association: "Dr. Rush's Regulator I ordered were received by express last week. I have taken nearly one bottle and am feeling much better with the result. For over two years I have been troubled with a sharp pain at my heart. My physician upon examination pronounced the enlargement of the heart, and was unable to give me any relief. The trouble grew worse until I had become convinced that I could not be cured. While in New York City last week I called upon one of the most prominent physicians there, who charged me \$25 for an examination and then recommended your 'Regulator.' Knowing you to be a regular Medical Association, and not a patent medicine scheme, I ordered three bottles. I have not been troubled since I commenced taking it, but shall continue and take the entire three bottles so as to obtain a permanent cure. You have my sincere thanks. I am, gentlemen, W. G. OSGOODLY.

Dr. Rush's 'Regulator' has never failed to give relief. It has been used successfully for years in subduing the most stubborn cases of heart difficulties. A positive cure is guaranteed. It is sold by all druggists and is sent direct by Dr. Rush's Medical Association, 617 N. Y. U. S. A.

Church Notices. Services will be held at the M. E. Church in Dallas, next Sabbath Oct. 14 Morning and evening. Rev. W. Hurlbut, Pastor.

For Sale or Rent. A stock or dairy farm of 600 acres. 1 1/2 miles N. W. of Dallas. For particulars apply to, or address, G. H. Lamberson, 127 A. St. Portland.

Bird Island Items. Mr. E. P. Dove has built him a fine residence this summer. What crops on the Island averaged about 20 bushels to the acre. Mr. B. Dove is building a brick Chimney to his old house which was erected in 1864. Better late than never. Dick Dove, drove to Eda on last Sunday with a borrowed buggy, putting on heaps of style, but the end proved rather tragical. A lady that place knocked his nose out of joint, and did not half try. Mr. E. P. Dove, informs us that his hop crop consisting of 4 acres yielded 10,000 lbs. making 2500 lbs. to the acre. This a very large turn-out, and shows that hops are a profitable crop to raise. The price in Portland is quoted at 15 to 20 cts. this is too low, and growers had better hold, as there is no doubt about a rise.

Downed—A young man by the name of John F. Waters was drowned at Harbison last week, by being thrown from a saw log upon which he was riding down the river. Mr. Hyram Smith, who was riding another log, as he passed Waters reached his hand to assist him, and was dragged into the water, and it was with the greatest difficulty that he escaped drowning himself. He was unable to save Waters, and his dead body was recovered a short time afterward. He was a highly respected young man, and his death causes much sorrow.

The ground is in fine condition for ploughing and farmers are improving the time. Clothing at M. M. Ellis's 29 per cent cheaper and of better quality than can be found elsewhere, the reason we sell cheaper is we sell lots of them.

TEMPERANCE LECTURES.—Mr. W. C. King delivered two of the most interesting and instructive lectures on last Monday and Tuesday evening that it has been our privilege to listen to for many a day. The speaker was listened to with large and attentive audiences, and we feel safe in saying that they were greatly benefited by listening to a sensible, logical discussion of this great question. As the people of Oregon will soon be called upon to vote on the prohibition amendment, such discussions are very timely.

NEW SCHOOL SEATS.—The new, patent Paragon seats, brought by Judge Trent while east, for the new school house in Dallas, arrived on the train by the way of the Northern Pacific, last Tuesday. They are the same sort that is used in Portland, and are considered the very best. There are 60 double seats, and cost one hundred and seventy dollars. The directors are desiring of credit for their enterprise.

INDEPENDENCE.

What 83 cts. Plenty of rain and morn. Rev. J. R. N. Bell preaches Sunday next, at the Methodist church. Morning and evening.

Our City Council has ordered another town assessment of about 4 mils. Mr. Geo. W. Belt, city Recorder, is now busily assessing the town.

Sam Goff is now working on a double assessment on the road, of course we don't like this double assessment very much, but Sam don't care.

Mr. J. W. Vaughn the popular clerk, is now employed in the store of Vanday & Smith. Irvine & Alexander will soon receive a large invoice of new groceries which they will sell at the lowest figures for cash.

Mrs. Davidson wife of our esteemed Dr. J. E. Davidson has been lying very low with a severe attack of heart disease. She is reported, at this writing as being a little better.

The boys were sold just a little about our Halley going to Dallas last week after some legal documents.

Messrs. Spangler & Pierce are building a huge steam boat to run on the waters of the great Willamette. We have been informed that the boat will be used as a pleasure boat, also being logs and wood. They have the frame work about completed. Mr. M. M. Ellis and George Claggett are the ship carpenters.

Mr. Al Goodman and Ira Smith have rented some of the rooms in the River Side office, some say the boys are going to start a paper, others say a first class bachelors lodging house.

Mrs. J. M. Lawrence who has been lying very low at her daughters near Amy, was moved home last Tuesday, she is as yet very low, but some better.

We have been informed that our town will soon have a newspaper, but have not heard who the lucky man is. We would like to have a newspaper if some good wide awake energetic man would take hold of it, but we do not want any more failures at our expense.

Our town is filling up to the fullest extent, nearly every house is now occupied. Independence was represented in the pleasure excursion by our esteemed citizen Hon. F. A. Patterson, who will be gone about two months with his brother and friends who he has not seen for many years.

Mr. James Alexander and J. W. Davis, left here last Tuesday morning for a trip east by the Northern Pacific. Mr. Alexander goes to see his old home once more in Kentucky, he will be absent about 4 months. Mr. Davis perhaps is on important business, when he will return in a few days.

J. J. Daly and Sheriff Holman, of Dallas were in this city during the week. Mr. D. L. Hedges and Hank Merwin started east of the mountains this week where they expect to make their future home.

A Card to the Public. It having been reported that I had sold out my Undertaking business, I wish to contradict this statement. I have merely removed my Undertaking business to the store one door south of Ginnoway's agricultural depot. Having received the agency for the San Francisco Case & Casket Manufacturing Co., I can afford to sell cheaper than ever, and no extortion practiced. I am prepared to furnish Caskets and other burial goods as cheap as any house in the state. Thanking the public for past favors, I invite their further patronage. Remember the place of H. M. HARRIS, Undertaker, One door south of Ginnoway's Store Independence.

Car Burned. On Friday afternoon last a box car on the down passenger train was discovered to be on fire near Hook Island. The car was detached and an effort made to save the contents, a jersey cow and calf, but the smoke from a quantity of hay had strangled them to death, and the woodwork being nearly all on fire, it was impossible to accomplish anything. The car was thrown from the track by train hands, who did all in their power to save the property. Not much delay was experienced.—Enterprise.

The total state tax for the year 1883 is five and six-tenths mills upon the dollar, divided as follows: Four mills on account of current expenses, one mill for the completion of the insane asylum building, one-half of one mill for the payment of the Indian war debt, and one-tenth of one mill for the support of the state university.—Astorian.

Notes By The Way.

At one o'clock on Tuesday Oct. 2nd with a screen-extending from the front monitor of modern invention, amid reverent cheering by the assembled crowd, and waving of flags by friends, the eastward bound train over the N. P. R. R. bearing the Oregon Pioneers, pulled out from East Portland. As may be naturally inferred, many of the excursionists show the weight of years and of labor, but their faces are irradiated, and a thrill of pride gives new elasticity to their step. Then there are the younger of the pioneers, children of the wilderness, second editions of the first. They are generally men and women of representative character, who appear worthy of the high stock, and will certainly justify no discredit on the state where they have been reared. It is not eminently proper that such a group should accompany the excursion! One representing the hardy men and women who 30 or 40 years ago braved the dangers of probably the longest, and most perilous of overland journeys of any emigrating people, and planted the seed of civilization and progress by the western seas, built homes and reared their families. The other, offspring who, nurtured in the wilds of the frontier, have not lagged far behind their eastern cousins in the race of progress, and upon whom soon the burdens of society will rest. Of the former, few have looked upon the land of their nativity since their departure; of the latter few have seen any other. The conquests of peace are exactly opposite those of war, but equally enduring. In the days of Roman aggression when her proud eagles were seeking and overcoming remote countries, the triumphal procession exhibited the trophies of war, captives and spoils, the prey of an invading army. But the triumphal return of the Oregon pioneers will exhibit the mastery of mind over the brute force, civilization over barbarism of the wilderness reclaimed. But enough of this scolding. I have hardly had time to note much of the persons composing the train. I note from Polk County, Commissioners Scott A. Riggs and wife, of Ballston, Mr. and Mrs. A. W. Lucas, of Monmouth, Mr. Fugus of Buena Vista, Hon. F. A. Patterson, of Independence, Hon. J. H. Hawley, J. D. Kelly, and George Watt of Bethel, J. P. Frizzell of Perrydale, Mr. and Mrs. J. D. Lee, W. C. Brown and T. G. Richmond of Dallas, and Judge Isaac Smith of Bridgeport. Possibly some others, but I do not recall their names. It will endeavor to occasionally give you some incidents of the trip. At this writing we are about 50 miles from Portland and everything looking pleasant and encouraging. J. H. DEER.

Buena Vista. Every body ought to see the display made by A. M. Smith, Reporter of Buena Vista Pottery, at the mechanics fair, Mr. Smith had a new feature in his display this fair, consisting of chimney flues, tops and caps and they are really beautiful as well as serviceable. His wares are very fine showing that a mater hand executed the work upon them, the display of stone ware will be better than ever before.

Our limited knowledge of the Pottery business prevents us from making any comparisons, but we feel safe in saying that blue ribbons will be tied all over his goods, for his display will all be genuine Oregon manufacture. Sunday School will open here on 14th inst. All are requested to attend. Many items of interest fail to be chronicled, simply because we do not get them in time to send in. Please assist in this matter, and instead of their name in a while, you will have them twice in a while.

An amateur dramatic society is talked of here for winter amusement only. Go ahead young folks and exhaust the social spirit that has so long been buried here. C. A. McCullough has started his chopping mill, and is running night and day almost, just to catch up with the work that has accumulated during the last few weeks.

Again we are compelled to mention that we are becoming tired of furnishing Dallas with the best of our people, the last advertisement was Miss Laura Hall by Jap Miller. We hope she has been as fortunate as we believe he has. Happiness be with them. Monmouth. Prof. Stanley's little son is very sick with Typhoid fever. A. M. Lucas has removed to Linn Co to reside on a farm. Rev. R. H. Moss made Monmouth a visit this week and gave a discourse at the chapel.

Mrs. Frazier, a sister of Mrs. R. M. Smith, who has been visiting here, has returned to her home in Oakland Oregon. Thomas Campbell of Dallas, and his sisters Mrs. Dushell of Dayton W. T., Mrs. L. Frazier of Bethel, were in town visiting Mrs. Keedy, another sister who will leave soon for Eastern Washington. The Veterans Society connected with the College, composed of young ladies, and the Hesperians composed of young gentlemen were reorganized last week. J. L. Wigley, of Maatoo, gave us a visit last Saturday.

The band of hope will meet at the church on Saturday at 3 o'clock. Mrs. E. Percival is expected here. Mr. and Mrs. Leitch have commenced housekeeping. The family of Dr. G. C. Harris of Fondolite, have moved to Monmouth. Several families are moving up and changing houses this week, quite a number of old houses which have been tenanted for some time, are now occupied.
