Pneumonia.

At no time in the history of the country has pneumonia been so pre valent as during the winter months of the last two years. In times past a common cold was not considered at all serious, but of late years the great ten- London has 60,000 telephone. dency of colds to result in pneumonia people apprehensive. The trouble is that colds are not always and 314 boats, respectively. properly treated. No preparation conning opium, wild cherry or chloroform should be used, as they have a in a wooden bowl with their feet. tendency to dry up a cold, whereas it should be loosened and the lungs relieved. It has been observed that when Chamberlain's Cough Remedy is used the cold never results in pneumonia. The reason is that this remedy stimulates the mucous membrane which lines the throat and lungs, to a healthy action, causes a free expectoration, cause is re throwing off the poisonous matter, and Regulator. counteracts any tendency toward pneumonia. For sale by all Druggists.

SANDEN ELECTRIC BELT is a complete galvanic battery, made into a belt so as to be easily worn during work or at rest, and it gives soothing, prolonged currents which are instantly felt throughout all weak parts, or we forfeit \$5 000. It has an Improved Electric Suspensory, the greatest boon ever given weak men, and we warm it it to cure any of the above weaknesses, and to enlarge shrunken limbs, or parts, or Money Refunded. They are graded in strength to meet all stages of weaknesses in young, middle-aged or old men, and will cure the worst cases in two or three months. Address

* SANDEN ELECTRIC CO., 172 First St., PORTLAND, ORECON.
