

DELINQUENT SUBSCRIBERS.

We are very much in need of means to meet pressing demands, and once again appeal to all delinquents to make at least partial payments. When you come to court, remember this office. County warrants taken at face value.

LOCAL AND GENERAL

Jim Brunk has gone to the Kewly institute. A nice Jersey male calf for sale by M. L. Robbins. Dr. Hayter, dentist, over Wilson's drug store, Dallas. A. G. Roberts, of Crowley, has good seed barley for sale. Brother Doughty, of the Observer, is off for the world's fair. Dr. Lee, of Independence, is off in the Sound country for his health. J. W. Buxter, of Independence, has opened a fine drug store at Roseburg. George McEee is deputy assessor for the Luckiamute country, and a good one. George, son of Mrs. T. W. Belt, of Independence, is clerking at Golden-dale.

Columbus Tetherow is grubbing 100 acres of hill land out on the Luckiamute. Mr. Todd and family have moved from Amity to the Mulligan ranch near Grand Ronde. There is now a daily stage line from Brielwood station on the narrow gauge to Wheatland. Bailiffs—J. E. Hubbard and H. Plummer, of the court, C. G. Rowell of the grand jury. Judicious advertising always pays. Printers ink can be made to pay ten times its costs. Chas. H. Burch Jr. is to be the new postmaster at Amity and John T. Simpson at Sheridan.

Layton Smith and Chas. Allen, of Independence, are trying their luck in the Southern Oregon mines. In the family of W. O. Ralston at Sheridan is a new boy and there is a fresh girl at C. Allisons house. Now your blood should be purified. Take Hood's Sarsaparilla, the best spring medicine and blood purifier. John Lady hobbled a \$200 horse to graze along the bank of the Yamhill and afterward found it in the river dead. There could and should be a Sunday school at every county school house. A few active leaders will make it go all right. The state has bought the stove plant at the penitentiary and as many convicts as can be employed are making stoves. Within two years the Monmouth and Independence motor car has gone over 36,000 miles without ever running off the track.

Grand jury—D. L. Keat, Frank Lucas, A. Heise, J. M. Grant, M. V. Harris, A. Houston, R. L. Kimes—all young men. County stock inspector, Lucien Frazer had Geo. Macaulay, of Independence, to kill a valuable horse because it had a contagious disease. Tommie Morrison has gone to the Puyallup region with his new hop sprayer, believing it to be a little better than anything they have up there. The Salem cannery has been leased to J. M. Kyle who will put about 100 hands to work on the strawberry crop as soon as they begin to come in freely. The soldiers home authorized to be erected by the recent legislature, has been located on a forty acre tract at Roseburg, to be three stories high and will accommodate 150 persons. It is not too late to again remind farmers of the importance of planting crop crops for their stock. An acre of ground devoted to carrots, rutabagas and other such things as your animals will eat will pay big. Too much dry feed in winter has killed many a sheep and horse. The Salem Journal says: Rev. T. F. Royal and wife, of Dayton, have gone to Lebanon to visit their daughter, Mrs. Oberg, wife of Rev. Harold Oberg, pastor of the M. E. church at that place. They expect to attend the Salem district conference which meets in Lebanon on the 9th, 10th and 11th, and were guests of J. H. Royal, a brother, at this city to-day. Harold Fiske, a brother of V. P. Fiske, foreman of this office, has been awarded the prize of a cadetship in West Point. He has been teaching in the Bishop Scott academy at Portland and has already proven himself to be possessed of considerable military talent. If nothing thwarts his ambition, he will some day rank high in military circles. An enjoyable party was held at the residence of J. B. Scrawford, of Luckiamute, the other evening, the following parties being present to enjoy the amusements of the evening: Me and Mrs. J. T. Holman, Mrs. W. K. Wertheim, Miss Ethel Ireland, Miss Jessie Brown, Miss Ella Sanders, Miss Ethel Brown, Miss Minnie Tetherow, Miss Cora Harmon, Kane Tetherow, Ed. Harmon, Albert Tetherow, Harvey Harmon, J. Royd, Abner Johnson, Frank Holman, Sam Tetherow, J. B. Hiltbrant, Kirk Scrawford, E. E. Hiltbrant.

Mason, dentist, over the bank, Main street, Dallas. Hattie Williams and Nora Craven are doing Portland. W. H. Boyd ran a harrow tooth through his foot Saturday. The Amity Pigeons has come out as an advocate for the people party. Miss Viola Mann, of Zena, is teaching at Little Elk in Benton county. The Chautauquians will, next Tuesday evening, meet at the home of the Misses Chapin. Prof. Dawes will soon close his school at the academy and move back to his old Michigan home. Mrs. L. M. Taylor has arrived from Kansas, being more than glad to be in old Westport once again. C. G. Rowell is now night watch at the woolen mill but C. A. Rice is filling his place during court week. Ladies who will find by inspection that Mrs. Winkill's millinery is doing competition in style, beauty and price. Fred Chapman, Dr. Tyler Smith, J. R. Sanders and Henry Graves went from Sheridan to Amity and back on bicycles. Gardening, planting flowers, papering, painting and such things are now claiming the attention of many a good housewife. W. B. Davis is again in charge of the Burns lively stable and Shaw & Lewis are running the one south of the Odd Fellows block. Attorneys—W. S. McFadden, of Corvallis, Geo. Dorris of Eugene, and W. M. Ramsey, of McMinnville, are attending court. T. J. Hayter has added to the attractiveness of his comfortable suburban home by a neat picket fence in front of his dwelling. Karl's Clover Root, the new blood purifier, gives freshness and clearness to the complexion and cures constipation. 25c, 50c and \$1. Wanted—A situation as a farm hand. Will work for reasonable wages. Have small family. Would like home to live in. Address Anthony Myers at Dallas. Last week Mrs. J. W. Robertson, of Oakdale, shot and killed a bald eagle measuring five feet nine inches from tip to tip. What a grand lady in the county can report a similar feat. All wide awake farmers will now put in many an extra hour to make up for time necessarily lost during the bad weather. Looking ahead and properly managing ones work amounts to no little. On the 27th of April the snow was 26 inches deep in the mountains and so badly drifted as to blockade all roads. Stock generally was without feed, the farmers disgusted, and thousands of them anxious to sell out and come to Oregon. If some men would devote half the time they spend in loafing to fixing up their farms, their farms would be far more creditable to them. It matters not whether you live in a cabin or better house it can be made to look attractive. During the month ending April 27th the Crowley school had an attendance of 100 pupils in the morning and 100 in the evening. Terie Edgar, Corvallis, got a Stella, Elsie, Lavina and Seth Smith were either absent nor tardy. Mamie L. Stanton, teacher. Preaching at all the churches every Sunday morning and evening. Methodist and Christian Sunday schools at 9:45, Presbyterian 12:15 Baptist and M. E. south 3. Prayer meetings Thursday evening. The general public well come at all these meetings. The county school superintendent has been busy looking over the examination papers of public school pupils seeking graduation. Nine sets of papers have been sent from Monmouth and twenty four by the Dallas school. Several other schools will have similar papers.

The Oak Grove Sunday school is now in a flourishing condition, having an enrollment of 100 pupils. The school is ten o'clock with A. Heise as superintendent, Seth Riggs assistant and J. W. Lewis, J. C. White Mrs. John Fawk and Miss Mary Stevens as teachers. Rev. Crandall will preach there Sunday 21st. A note from Oakdale says that Mrs. Ida Robinson killed her first game with a rifle the other day, now was accidental. A big mountain hawk had been catching her chickens. She drew a deadly bead on the rascal who measured nearly six feet when the wings were extended to their full extent. Maybe the time has come to build a new school house, according to our judgment it would be wiser to, for the present, utilize the vacant academy rooms. There is no probability of the whole of that building being needed for academy purposes for the next year or two. When there is absolute need of a new school building this paper will advocate it earnestly. Many schools will soon close and it will then be none to enter and engage a good teacher for the fall term. Do not expect a first class teacher to be satisfied with third class wages and never employ an incompetent or non-competent one at any price. If your present teacher has proved a success and given general satisfaction you had better try to retain him or her. The Bethel Sunday school meets at 7 o'clock with N. Gardner as superintendent. There are six classes and with that many teachers, the attendance ranging from 35 to 45. Many bible verses are memorized by the school and much good is done through its influence. They sent N. Gardner and F. S. Smith as delegates to the county Sunday school convention.

The report of the commercial hotel being closed is untrue. Elder Mattson, of Airle, will preach at Oakdale next Sunday. Several good milk cows for sale. Enquire of Robert Howe, Dallas. Henry Byerley says there is a new bird which bites off the entire fruit blossom. For Sale—Fresh cow, gives three to four gallons a day. No bad habits. Cheap. W. I. REYNOLDS. Dr. Hayter's dental office will be closed until about June 15th or until he returns from Chicago. His patrons will please take notice. Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarth Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Lawyers present—R. S. Strahan, B. M. Smith, X. N. Stevens, Portland; C. E. Wolverson, Mr. Dalrymple, Albany; J. J. Murphy, W. H. Holmes, G. G. Bingham, Salem; Jas. McCain, McMinnville; Geo. A. Smith, A. M. Hurley, Independence; W. S. McFadden, Corvallis; Geo. A. Dorris, Eugene. NONMOUTH. Jas. Hillard has his blacksmith shop open for business. E. M. Smith is having a hard time with mumps, is quite sick. New babies at the homes of Ira S. Smith and P. J. Baughman. Workmen have begun on the new brick store building for Mulkey & Hale. The Evangelical church will be dedicated next Sunday by Bishop Breyfogle. Mumps and rumps all over town several have taken a relapse and are very sick. J. J. Russell has moved his family out to the Richmond place which he has rented. Mrs. Monbilo the milliner has gone to Portland to lay in a spring stock of millinery goods. N. A. Emmett has traded his place in town to U. S. Hefley for some land in Cooper Hollow. Mr. Kidinger will soon start for Southern Oregon having rented his place west of town. Quite an interest is taken by the people in the Edison Audiphone which is being exhibited here. A. B. Briggs a former resident of Monmouth, but now of Albany, made us a visit the first of the week. Dentist Ira Kimble has left Monmouth to assume the responsibilities of a postoffice at Smithfield, if he can get it. In addition to the interest taken by the people in the Edison Audiphone which is being exhibited here. In spite of all the inducement being offered by the southern Oregon millinery trade is ever increasing. She puts out no bits of any kind. Her's are standard goods direct from the best houses in the east. Everything is made up in the most substantial and becoming style and then the prices are so very reasonable. Close to the Blue Front grocery is one of the most desirable trading points in the city. It is the Barnes Kacket store. Some of the goods are getting so good at such prices that it is a big discount from the prices asked elsewhere. Try that place once. From the amount of fishing tackle being sold by Brooks & Salisbury, the many trips will be made, greatly depleted. The time for our door sport has arrived and they can furnish anything wanted in that line. Many a smiling, glowing little one will this summer be whistling about in their pretty bird carriages. Scores of young men and boys from across the river have been made happy and better appearing this spring by getting their spring suits at the clothing store of Johnson & Son, who now have the most attractive stock ever offered in the city. All sizes, ages and tastes provided for and at prices at which no one can complain. PEEDIE. Elder Bowersox preached at Peedee last Sunday. Deputy Sheriff Elliot has been through our vicinity serving subpoenas. Reuben Simpson has been riding our neighborhood of sleep killing dogs. Doc Miller says that he is tired of paying the fiddler for some one else to dance. There has been a great deal of bacon disappearing from our farmers smoke houses of late. The indications are that we are going to have a drought; the gardens are drying up and the grain is turning yellow. A. H. Simpson, Blufford Bush, M. L. and Lou Atwater are each going to build a new barn, and Willie Bush a lodging house in Newport. Our school is progressing nicely under the tutorage of Walter Butler. He says that he would order a skull and go riding if he knew how to spell the word. Ronco & Co. have their new boiler set up and are prepared to saw out lumber faster than ever. Marc Neally is engineer and Walter Ronco head sawyer. George Neathammer is the father of another smiling boy. George says he always gets there on time, if but the faint over it, and he advises Dr. Luther to keep an extra horse up for such occasions. Mrs. Price has come recovered from her recent illness, but her son, Frank Williams, is hardly able to do anything except to help with the dishes, if but the boys think that he will recover if Papa Davall keeps away from Peedee. Kenneth Campbell, of near Sheridan Junction, off on a visit to his native home in Scotland.
