FALLS CITY.

Occasional showers and fine growing weather.

Bond & Cramer have their machinery about ready to start.

Jacob Wenderly and L. R. Kimes are finishing R. M. Gilbert's house.

Mrs. Henton, of your city, spent several days last week visiting relatives and friends in this vicinity.

The band boys have new uniforms. They are to be commended for the manner in which they have held together.

Has anyone seen anything of our road supervisor when last heard of he was working on the road near the Benton county line.

F. C. Raymond has embarked in the merchandise business, having opened a general store in the Griggs building.

He was among the very first settlers of Falls City, having helped to survey the original town site.

By integrity and uprightiness he has won the confidence and respect of the entire community.

We understand that he will sell for cash or produce only and, therefore, will sell goods on a very close margin.

The teachers' picnic has come and gone. We cannot say that it was a very brilliant success.

Everything was damp and cool in the grove, and it was very hard to hold the audience.

The Monmouth, Dallas and home bands furnished the music.

The band boys were very social. The Dallas and Monmouth bands doubled up and gave us some very fine music while in the evening both of the outside bands assisted the home band to play some fine selections.

Mr. Cramer had one of those fine Raymond organs, for which he is agent, on the stand, which was very kind of him considering the weather.

There was great interest taken in the ball game between the Monmouth and Falls City girls which resulted in favor of the latter with a score of 24 to 17.

Both clubs played wild on the start, but at toward did good work.

McCoy.

Uhel Frazer, of Monmouth, was doing business in town last week.

Miss Ella Carpenter, of Dallas, was visiting last week with Miss Myrtle Davis.

J. D. Kelly and C. G. Bell are attending the pioneers reunion in Portland this week.

Mrs. E. H. Denney and daughter, of Eugene, are spending their summer vacation at the home in Bethel.

Our town was almost deserted Saturday, most every one going to the Ballston picnic and reporting a good time.

J. K. Sears has bought 2,000 bushels of wheat at Perrydale and has several teams at work hauling it over for shipment to McMinnville.

Mr. Mathews, the Sheridan photographer, is in our midst and is kept busy with both young and old coming in to have their likenesses taken.

The band boys have been practicing every other night for the last ten days preparatory for their entertainment which comes off Saturday evening June 17th.

The R. L. Burnett fishing party that went up on Mill Creek Friday fishing returned Sunday evening and report the weather some what misty and the creek too high for good fishing.

The entertainment given at the school house last Thursday evening with the Edison phonograph by Mr. Carpenter was highly appreciated by all who heard it, being the first that has been here. Those who have never heard a phonograph missed a treat.

Here we are again after several weeks of absence owing to the press of business.

Hood's Cures Sharp Pains Short Breath, Heart Trouble, Rheumatism.

Mr. L. M. Payne, Light Creek, Oregon.

"I have lived here in Oregon for the past twenty years, and most of the time have been a very great sufferer from indigestion, rheumatism, and heart trouble. I have also had what the doctor called heart disease, with shortness of breath and sleepless nights. I decided to take Hood's Sarsaparilla, and before I had finished three bottles I was in better health than I had been for years. I do not have any pain now, sleep well, and to-day so weak of my age."

Enjoys Better Health. Hood's Sarsaparilla. Sold by all druggists.

ness and scarcity of items. We would suggest that those young ladies that were giving the McCoy correspondent a scolding last Saturday try and hand us in some good items when convenient. Ladies, forgive us this time, and we will try and be more prompt in the future.

BUENA VISTA. Our ferryman has greatly improved the landing on both sides of the river.

Jos. Miller's house is nearing completion and it will be an ornament to the city.

Miss Noyes is able to be in the school room once more although a little lame.

Miss Mattie Longacre returned last Monday from school where she has just closed a term of school.

Robt. Donaldson, supervisor on the Salem and Buena Vista road, has done some excellent grading and that road is now in splendid condition.

Rev. Stroble, the newly appointed Methodist minister, gave us an excellent sermon Sunday morning and Rev. Richards of Portland in the evening.

Strawberries a coming. They began coming in from our local growers Monday and sold at 10 cents a box.

Now the supply is more plentiful and they go at three for a quarter. The probability is that they will gradually fall to about 5 cents a box.

John Boydston is handling the crop of Prof. Hutcheson, who will have a goodly amount. The crops of Henry Campbell, Harry Butz, Mr. Enns and Plank & Whitehorse are being handled by Nies & Casper, who have sold about 400 boxes. They expect to buy and sell not less than 15,000 boxes of home grown berries. Last season, perhaps 5,000 boxes were brought to Dallas from the outside, most of them from Salem.

MONMOUTH. Mr. Elliott started Monday for Bay City, Tillamook county, on business.

Miss Mary Coats has returned home from southern Oregon, where she has been teaching school.

W. H. Fulkerson, who has been confined to the house for some time with rheumatism, is improving slowly.

Wm. Corley has gone to Alsea on a visit and Misses Ola and Effie Waterhouse have gone to Newport for an extended visit.

There will be no meeting in either of the three churches next Sunday on account of the baccalaureate address at the college chapel.

Applications are coming in every day for houses for the next school year and there is not enough for rent. More ought to be built.

Mrs. W. G. Cressy, of Newport, made Monmouth a flying visit Monday looking for a house to buy or rent, as her daughter intends to enter school in September.

There were so many horses brought to Talmage race track that the proprietors had to build twenty additional stalls. The horse men are expecting a grand time there in a few days.

A Gentleman. Who formerly resided in Connecticut, but who now resides in Honolulu, writes: "For 20 years past, my wife and I have used Ayer's Hair Vigor, and we attribute to it the dark hair which she and I now have, while hundreds of our acquaintances, ten or a dozen years younger than we, are either gray-headed, white, or bald. When asked how our hair has retained its color and fullness, we reply, 'By the use of Ayer's Hair Vigor—nothing else.'"

"In 1868, my affianced was nearly bald, and the hair kept falling out every day. I induced her to use Ayer's Hair Vigor, and very soon, it not only checked my wife's loss of hair, but produced an entirely new growth, which has remained luxuriant and glossy to this day. I can recommend this preparation to all in need of a genuine hair-restorer. It is all that it is claimed to be."—Antonio Alarum, Bastrop, Tex.

AYER'S HAIR VIGOR

A PREDICAMENT.

The young fellow pictured above is not more to be pitied than those who fail to take advantage of the low prices always so prevalent at the mammoth book and stationery emporium of PATTON BROS., SALEM, OREGON.

Their stock is unexcelled by any other firm in the valley and their business methods are such to enlist and retain the confidence of all who know them. It will be to your advantage to call and look over their elegant assortment.

The Christian church has elected six delegates to attend the state meeting at Turner that convenes next week. The denomination has a large tabernacle there, the gift of Mr. and Mrs. Geo. Turner.

A large number of people have already arrived here for the purpose of witnessing the commencement exercises next week. Preparations are being made for a very interesting entertainment, and all expect a good time.

Mrs. Paul Hiltbrand, who has been almost totally blind for two or three years, was at Salem a few days to consult a physician who claims to be a specialist. He told her the optic nerve was so affected that it would be impossible to effect a cure.

Last week N. A. Emmitt had a very narrow escape from serious injury by a fall. He was carrying a load of brick up on a building and when at the top of a twenty foot ladder, and about to step off on the roof, the round of the ladder broke and precipitated him to the ground. By a miracle he was only slightly hurt.

Henry Hiron, brother of Mrs. S. D. Gibson, beyond Eola, died at his home in Linn county this week.

Dan R. Murphy, of Portland, has been made United States district attorney for Oregon, H. C. Grady, of Umatilla county, United States marshal, and T. J. Black, of Halsey collector of customs.

"Seeing is Believing."

And a good lamp

must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp freely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World.
