"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. A gathering formed and broke under my arm. I burt my finger and it gatheried and three wout pieces of bone. If I hurt myself so as to break the skin, it was sure to become a running sore.
