Lane county expects to produce about 3,000 bales of almost liceless hops. There is a fine crop around Lafayette and almost no spraying has been done. Now that there is so little danger from lice, growers will not be in such a hurry to begin picking and will have a better outcome.

Both observation and experience prove that the farmer who summer follows his land gets the best crop and that low, wet damp ground will not produce half so well as that which is well drained. By tilling or ditching the value of thousands of acres all over the county could be doubled.

All the talk about either the demerits or the republicans being especially responsible for the present hard times is simply bosh. Both parties have aimed to do what they thought best for the country, but neither have been wise enough to steer clear of the impending financial crisis.

No family should be without at least one good county newspaper. Now and then we find homes in which time novels and trashy eastern story papers are the only things read. It goes without saying that the members of such families are ignorant of everything beyond their own neighborhood.

The almost universal price for hop picking in this county will be 50 cents a box. Some few pickers may cut up to 40 to secure a job. Whites should be, and in most cases will be, employed in preference to Indians or Chinese, but lazy, careless or unreliable persons have no right to expect any favors at the hands of hop men.

Germany will produce but little more than half its usual hop crop, and the New York output will be about 20 per cent short of last year. England must have a large amount from some source. If we produce a good article and do not allow agencies to get control of the situation, the probability is that prices will be good.

Thanks to Miss Lena Stouffer for some nice plums.

Come this way for your trespass notices—5 cents each or 50 cents a dozen.

We seem to have scratched a score or more of the brethren where they did not itch in intimating that a whole lot of us do not know more than half the law allows about the deep and intricate subjects of tariff, finance and a few other things. The Lord bless your poor ignorant souls, we dreamed that you would consider it personal and take it so to heart, and now take it all back except as to silver and revenue. You know more about war than I do, and more about fishes than Agassiz, who could describe any fish by simply seeing one of its bones.

WATER WORKS PROPOSITION. PORTLAND, OR., Aug. 23, 1893. To the Hon. Mayor and Common Council, City of Dallas, Oregon: GENTLEMEN—We have the honor of submitting you the following proposition: We propose erecting a system of water works for your city, operated under the Holly or Direct Pressure System, comprising in part 40 horse power boiler and engine and a pump capable of supplying 30,000 gallons of water per hour, and mains about as follows: 3,000 feet of 6-inch; 4,500 feet of 4-inch; 2,500 feet of 8-inch; 12 miles of 12-inch hydrants, fitted with 2 1/2 inch standard fire department hose. System would be complete in every detail and capable of supplying a city of three times the inhabitants that your city now has.

On terms on the system would be \$2,500 when pipe and machinery were delivered on the ground; \$2,000 when the pipe is laid and machinery placed in position and boiler house erected, and \$7,000 when the system had been tested and accepted by you.

The pipe we propose furnishing would be Standard Lay Welded Wrought Iron pipe, with screwed ends. The boiler would be of 60,000 pounds tensile strain steel; the engine of the type known as Detached Portable, both boiler and engine being manufactured by the Erie City Iron Works, of Erie City, Pa. The pump would be of the triple character, having three cylinders and pistons, and capable of developing an immense pressure when required. Respectfully Submitted, THE JOHN POOLE CO. Per J. P. I am the most conservative reporter on the staff. I despise the chimerical. I court the real. I burrow in facts. I am an iron-bound reporter. We do not often get a good lead from there, but here is one. F. C. Kimball last night gave me the following:

"I am a plain straightforward man. Originally from Lansingburg, where I now reside, my mother, brother and sister. Several years ago I moved to Rochester. There I was in the employ of the Erie Railroad as yard and freight superintendent. After a strain to my back, caused by heavy lifting, three years ago—C. L. A. Y. Life departed a good friend from there, but here is one. F. C. Kimball last night gave me the following:
