DALLAS IN THE RING.

The Commercial hotel offers first class accommodation very cheap.

At no other store in town can you get more good groceries for a dollar than at John Boydston's, the reliable one priced seller of good things to eat.

Lawton's shaving emporium is seldom without the presence of patrons waiting to get a smooth and pleasant shave.

As an artist H. L. Miser has no superior in the county. His pictures speak for themselves. Have them take your next photographs.

Ladies, see Mrs. Kinsey over Boydston's store about your dressmaking. She does first class work at reasonable rates.

As a shoer of horses or mender of plows and wagons L. V. Lynch is a success, so his patrons say.

Right along every week in the year Paul & Co. have a good hardware trade because it is known far and near they carry one of the best and largest stocks in the valley and that their prices are never higher than those of merchants who sell common goods.

No matter what you may need in the way of furniture, your house C. H. Chapman, the furniture dealer, is the man you should see about it. The probability is that he has exactly what you want and at satisfactory prices.

Others may talk about their cheap cash stores and all that, but the fact is that none of them can afford to discount the prices at which J. J. Wiseman will sell you goods.

Whatever is generally carried in a first class general merchandise establishment can be had of Craven Bros in front of the court house. Hop ticks and produce they will take the same as coin. Tell your neighbors about it.

Smith, the blacksmith, is a good one. No rival can exceed him in iron work.

As a wagon maker O. H. Cobb gives general universal satisfaction promptly done and several vehicles on hand for sale.

Guests at the Arlington hotel always go away satisfied.

A complete assortment of excellent footwear just received at Gaynor's in the Wilson block.

The Salem steam laundry comes as near universal satisfaction as can be had in any of the state. They do a large amount of washing for Polk county people.

Brown's store is headquarters for bargains, provided you have the cash. They buy cheap for the coin and sell the same way. They run a feed department and take such things in exchange for goods.

Wagner Bros. continue to get a big blacksmithing patronage because they always do such good work.

Washington Hops. Puyallup Citizen: It is safe to say that Oregon and the Sound will lead the world on quality this season. There have been no drawbacks in these districts this season, and as the excellent old-time quality has been at hand, California and their coast counterparts—the Yakima hops are not in it by comparison.
