

THE POLK COUNTY ITEMIZER

MALLS, FRIDAY, NOV. 10, 1888.

THE OFFICIAL COUNTY PAPER.

SUBSCRIPTION RATES: Per year \$3.00, Per six months \$1.75, Per three months \$1.00.

GOVERNOR PENROVER is nothing if not original, but is sometimes indiscreet. It is a custom throughout the land for governors to withhold their Thanksgiving proclamations until that of the president appears.

As the tidal wave at the presidential election surprised everybody, so did Tuesday's election in a number of states. Then democracy was overwhelmingly triumphant and now in the northern states that voted the tide has turned as strongly the other way.

The last legislature gave anything but general satisfaction. Many individual members offered all the opposition they could, but the most influential ones managed to get the people hard earned money expended in a lavish and extravagant manner.

Nearly all children are naturally inclined to be active and busy and if let alone will unceasingly give vent to that activity of body and mind in play. The child can be made to enjoy light and pleasant work as well as play, but some parents seem to have the knack of getting work out of their children.

Within the last very few years more light than ever before has been thrown on the subject of tariff, and yet the wisest men in the land are far from having arrived at an equitable solution of that vexed question.

There is an organized class in vocal music which will meet every Tuesday evening. Rev. Balentine and wife returned Monday from Corvallis where they were visiting.
