

THE STAR Grocery, INDEPENDENCE

Our motto for 1900 is:

The Best Goods at the Lowest Possible Cash Price

It is a Fact.

We can save you money every day in the week. If you can possibly pay cash for your groceries, do not buy on time, as you always pay more for the goods.

A comparison of prices and goods is all that is necessary to convince you that we are selling better goods for the same money or the same goods for less money than anywhere else. We sell for cash.

Grandma Gone Too.

Only a week ago we announced the death of Grandpa David Boals. The companion who had shared his joys and sorrows for more than half a century, had watched over him night and day for many weeks and when illness departed she went into a state of collapse which neither kindly care nor medical skill could overcome and her spirit took its flight Tuesday. Grandpa Boals was born in Ohio 71 years ago and her life has been spent in doing good in the church and elsewhere. She was the faithful teacher of a class of boys in Sunday school until recent sickness compelled her to give up the class. They were our nearest neighbors and we can testify that both were true as steel and pure as gold. Her funeral is deferred until the arrival of their son, Harvey, who was expected from Nebraska last night.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by A. K. Wilson.

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.
