Little by little things are developing which may lead to the detection of the murderer of Governor Geebel, of Kentucky.

The populists and democrats of Nebraska have expressed themselves as a unit for Mr. Bryan for president.

The Beers have lately been getting decidedly the worst of the South African fight and it is only a matter of time when they will have to acknowledge themselves as defeated.

The populists and democrats of Benton county have made a sensible combination. Each will send delegates to the county convention and all candidates will stand upon their merits without reference to which party they belong.

The republican party is in absolute control of congress and if they were a unit could carry everything through with a whoop.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy is soon realized.

It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

Energetic farmers are now rushing things from sun up to sun down and have no time to waste gossiping with gentlemen of leisure.
