Union School Proposition.

As our readers all know negotiations have been in progress for some time to unite Lureole academy and Lafayette seminary and make a far better school than either one of them would ever be singly. The recent Hillsboro conference authorized a committee to take final action provided certain conditions were met. Each school would contribute an endowment fund of \$5,000. The only remaining question is will the people here erect at a cost of about \$2,500, a building absolutely necessary for dormitory and other school purposes. Bishop Dubs, Presiding Elder Poling and other Evangelical ministers were here Tuesday evening and after a fine sermon by the bishop, a statement of the case was made and a committee consisting of M. M. Ellis, A. W. Teats and J. C. Hayter was appointed to devise ways and means to erect the required structure. If it is done the college will be established here, if not it will go elsewhere. It would be the only Evangelical school of high grade on the coast, would bring here at once at least a dozen families and in a few years double that number, to say nothing of boarding students. Can the people of this community afford to let such an opportunity slip from their grasp. It would pay big financially in addition to the valuable moral and religious influences that would be added to the community.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs. —The Herald, Andersonville, Ind. For sale by A. K. Wilson.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75 cents. Hall's Family Pills are the best.

Royal

BAKING POWDER

Absolutely Pure

For the third of a century the standard for strength and purity. It makes the hot bread, hot biscuit, cake and other pastry light, sweet and excellent in every quality.

No other baking powder is "just as good as Royal," either in strength, purity or wholesomeness.

Many low-priced imitation baking powders are upon the market. These are made with alum, and care should be taken to avoid them, as alum is a poison, never to be taken in the food.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

Summons.
