

**A Card of Thanks.**

I wish to say that I feel under last- ing obligations for what Chamberlain's Cough Remedy has done for our fam- ily. We have used it in so many cases of coughs, lung troubles and whoop- ing cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish to please ac- cept our hearty thanks.—Respectfully Mrs. S. Dorv, Des Moines, Iowa. For sale by A. K. Wilson.

**COUNTY SEAT BUSINESS.**

Robert Lane is kept busy doing all kinds of painting around Dallas. See samples of his work over town and leave orders at Wilson's drug store. Sign painting a specialty.

After experimenting all around in trying to find better or cheaper shoes than they keep at Gaynor's many fam- ilies have gone back there fully sat- isfied with what they keep.

That bulk blend coffee at Brown's store for 15 cents is the best in town, for the money. And they have many other extra good groceries at very little prices. The most tasty ladies in the county can find there what will exact- ly please them and their children in the clothing line. They handle almost everything used around homes.

Delicious strawberries, lemons, or- anges, tamarins, candies and cool- ing drinks at the confectionery head- quarters of Walter Williams.

The stage which makes a daily round trip between Dallas and Salem. See many an errand for people all along the line. Leave orders in either city or in any letter box along the way.

Every job of blacksmithing done by I. V. Leitch is a credit to his skill. Try him.

The users of Morrison's livery team- say they are good enough for anybody. Whatever leaves his barn is credit to it. Nothing but clean and comforta- ble vehicles.

See Mr. Cobb, the wagonmaker when you want something extra strong in the vehicle line. He keeps season- ed material and does nothing but first class work. Farming implements re- paired.

Nicer millinery than Mrs. Shaffer carries you will not find in town. And then her prices are so reasonable that any lady can afford to buy a nice hat.

The blacksmithing done by J. E. Smith is inferior to none ever turned out from any other shop.

If you are a sportsman always go to Riser's for whatever you need in hunting or fishing. If any small thing is broken or out of order he can re- pair it. He keeps good cutlery.

When anything new or desirable in the hardware line comes along Mr. Faull always gets it for his customers. But first-class things he does not get because they always cost more than they come to. The next time you come to Dallas call and see if he has not some things needed about your home. Standard goods at customary prices.

**TRADE IN SALEM.**

The Croisette studio never slights a job and their prices are always reasona- ble.

The steam laundry turns out nothing but first class work. Garmen'ts are neither too nor worn in washing and seldom is anything lost. Skillful hands use improved machinery.

Let Hellenbrand feed you and you will grow fat and happy.

It is admitted on all sides that the New York Racket store gets about the steadiest good trade in the city. They cater to the wants of the people and give such general satisfaction that numerous families for miles around buy everything there.

Johnson & Co., the leading clothiers of the city, make no great noise about it but always keep fully stocked up with exactly what the public want. Whether it be coarse working clothes, neat business suits or something nicer for Sunday they are prepared to furn- ish it. They have everything for men and boys to wear and you will not grumble at the prices.

If you are going to have a picnic, or if in any other way you need icecream candy, nuts, or fruit it will pay you to consult Ellis & Zinn, the State street confectioners.

Most people prefer a superior article in tea, coffee, spices and extracts and the surest place to get them is at the Yokohama Tea store. They also have an immense variety of crockery and glassware.

Many Polk county people frequen- tly have occasion to go to Salem and the best, cheapest and most conveni- ent places to leave their team is the steel bridge ford yard.

They say that Henry Brown at the old postoffice livery stable turns out about the best teams and no-habit buggies of any stable in the city. It is a real pleasure to ride behind his horse.

Mrs. Sarah Nichols is over from Klamath at the home of her sister, Mrs. Lizzie Collins. She is establishing a agency for a Chicago publishing house.

**A Life and Death Fight.**

W. A. Hines, of Manchester, Ia., writing of his almost miraculous es- cape from death, says: "Exposure af- ter measles induced serious lung trou- ble, which ended in consumption. I had frequent hemorrhages and cough- ed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery, which wholly cured me. Hundreds have used it on my advice and all say it never fails to cure throat, chest and lung troubles." Regular size 50 cents and \$1. Trial bottles free at M. D. Ellis drug store.

**Pioneer Association Rules.**

At their annual meeting last year the Polk county pioneers decided that hereafter their yearly meetings should be held in Dallas on the 23rd day of June, that there should be kept a roll of membership signed by each member of the association, that a president and secretary should be elected at each annual meeting, that the secretary shall act as treasurer, that each member shall pay the treas- urer \$1 annually and shall furnish the secretary with a picture of themselves and of deceased relatives who were pioneers, together with brief biograph- ical sketches, the secretary to procure a suitable album for the inscription of such biographies, all questions to be determined by a majority vote of those present.

**Would Not Suffer So Again For Fifty Times Its Price.**

I awoke last night with severe pains in my stomach. I never felt so bad in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recom- mend Chamberlain's Colic, Cholera and Diarrhoea Remedy. It work- ed like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to en- dure the sufferings of last night again for fifty times its price.—G. H. WILSON, liveryman, Burgessstown, Wash- ington county, Pa. This remedy is for sale by A. K. Wilson.

**Pioneers Reunion.**

Their next annual meeting will take place at the Dallas city park, Saturday, June 23rd. One by one their old associates are dropping off, which fact must strengthen the ties that bind the remaining ones. Let all who can come and again recount the joys and sorrows, ups and downs of bygone days. Be sure to bring your annual fee of \$1, and try and bring a picture of yourself and a sketch of some departed pioneer. Let the native sons and daughters also come along. Arrangements will be made for the enjoyment of the occa- sion. Pioneers of surrounding coun- ties are invited to come and join us in having a good time.

J. H. HAWLEY, president.

J. W. LEWIS, secretary.

Last Sunday's excursion train did not return to Dallas until daylight Monday morning and as usual in such cases most of the crowd were hugely disgusted with their experience. As was expected from the beginning the Boers have received a final crushing defeat in South Africa. Small bands of them may still offer resis- tance here and there but the back- bone of the cause is utterly broken. We predict that old England will deal leni- tly with them but that strong safe guards will be placed against a life recurrence.

The political battle is over the re- sult causing some to feel happy and some otherwise. Some unions and unkind this or that were said and done and the fruits of some rising mortals were brought out in ugly word pic- tures. But now that it is over sense- ble, conservative people will let the matter drop and give the officials select a hearty support so long as they do the fair thing. Let it be hoped that nothing unmanly or unreliable will characterize either the words or the actions of any of them.
