

**A Card of Thanks.**  
I wish to say that I feel under last-  
ing obligations for what Chamberlain's  
Cough Remedy has done for our fam-  
ily. We have used it in so many cases  
of cough, lung troubles and whoop-  
ing cough, and it has always given  
the most perfect satisfaction, we feel  
greatly indebted to the manufacturers  
of this remedy and wish to please ac-  
cept our hearty thanks—Respectfully  
Mrs. S. Doty, Des Moines, Iowa. For  
sale by A. K. Wilson.

**Would Not Suffer So Again For Fifty  
Times Its Price.**  
I awoke last night with severe pains  
in my stomach. I never felt so badly  
in all my life. When I came down to  
work this morning I felt so weak I  
could hardly work. I went to Miller  
& McCord's drug store and they re-  
commended Chamberlain's Colic, Chol-  
era and Diarrhoea Remedy. It work-  
ed like magic and one dose fixed me  
all right. It certainly is the finest  
thing I ever used for stomach trouble.  
I shall not be without it in my home  
hereafter, for I should not care to en-  
dure the sufferings of last night again  
for fifty times its price.—G. H. Wap-  
son, liveryman, Burgeestown, Wash-  
ington county, Pa. This remedy is for  
sale by A. K. Wilson.

said I must soon die. Then I began

family needs something from a hard-  
ware store and it makes a difference  
as to where they get it. Some mer-

Faull does neither. What you get  
there will always prove first class and  
you will never find his prices higher  
than elsewhere.

**Big Celebration At Dallas.**  
Half a dozen capable and active  
committees are busy getting every-  
thing in good shape for a big time at  
Dallas on the Fourth. They will not  
be satisfied with an ordinary com-  
mon place occasion but will get up things  
that the people will admire and talk  
about and of which said committees  
and the people of Dallas can justly  
feel proud. Liberal subscriptions have  
been made and there will be a liberal  
supply of attractions. It will be a  
city where men and child in the  
county to come to Dallas that day to  
see and hear things. Tell your neigh-  
bors and friends about it so that they  
too may come and have a good time.  
Our brass band has the handsomest  
uniforms in the state and our children  
will present a beautiful appearance.

the same rate and a premium of \$205,  
equivalent to about a 4 1/2 per cent loan

prisingly borrowing money cheap enough.

**DEATH OF NAT HOLMAN.**  
In 1847 John Bowman and family  
accompanied by his son-in-law, Jas. S.  
Holman and family crossed the plains  
settled in this county. Mr. Bew-  
man was the original owner of the Is-  
aac Levens place, in the edge of Dal-  
las, having bought the quarter's right  
of General Gilliam. Mrs. Bowman  
died there and they both repose in  
the old Dallas cemetery. Mr. Hol-  
man settled on the Luckiamute and  
was for many years a prominent fig-  
ure in the county, having been sheriff  
for seven years and a member of the  
legislature at three different terms.  
He was one of the founders of Mc-  
Minville college and died some twenty  
years ago. The children who crossed  
the plains with them were Nancy,  
Hardy, John, Preston and Nathaniel,  
and two others Amos and Hulda were  
born in this country. The subject of  
this sketch was but a year old when  
they crossed the plains. After grow-  
ing to manhood on the farm he suc-  
ceeded Miss Martha Watters in 1865  
and settled in Cooper Hollow, but  
had been a resident of Dallas for  
eighteen years. Their oldest son,  
William, died years ago, their only  
daughter, Nettie, is the wife of W. H.

Logan, of McMunville, John married  
Miss Maggie Woods and lives on the  
Cooper Hollow farm while Jimmie is  
at home with his mother. For several  
months Mr. Holman had been in declin-  
ing health but no one of half a dozen  
skilled physicians could say with cer-  
tainty what was the trouble. They  
agreed that only a surgical operation  
could reveal its nature. Last Friday he  
went to the Good Samaritan hospital  
Portland and at 10 o'clock Monday  
underwent the operation which at  
first seemed successful, but he died  
that night surrounded by his wife and  
children. It proved to be an enlarge-  
ment of the spleen to many times its  
natural size and medical records show  
that only a small per cent of such  
cases recover. The remains were  
brought home Tuesday evening and  
after a funeral service next day con-  
ducted by Ministers Goodfriend and  
Riggs he was laid to rest in the Odd  
Fellows cemetery. Everybody knew  
him as simply Nat Holman and he  
was everybody's friend. A better citi-  
zen there was not among us and his  
death casts a gloom over the whole com-  
munity. He ran a livery stable for  
some years and was owner of Hotel  
Gall.

**Valley Crops.**  
Spring wheat in every section has  
improved during the week and its con-  
dition is very promising, notwithstand-  
ing that a report is now and then  
made of it being affected by rust. The  
most careful observers state that the  
rust only shows here and there on a  
few blades nearest the ground and  
that it is not at all serious. Hops con-  
dition thrifty, but hop lice are increas-  
ing somewhat, although they are not  
yet plentiful enough to do much dam-  
age or to create any alarm among the  
growers. Potato planting is about fin-  
ished, and this crop, as well as barley,  
corn, oats, flax and garden truck in  
general, looks well and is growing  
nicely. Pasturage has been much im-  
proved by the rains, and the range  
grass still continues green over most  
of the state. A fair crop of cherries  
and raspberries is being marketed.  
Apples, as a rule, are doing well, and  
but few complaints are made of tree  
fruit dropping or of damage being  
done by insect pests.
