

A WONDERFUL CURE OF DIARRHOEA.
A Prominent Virginian Editor Had Almost Given Up, but was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Read His Editorial.
From the Times, Hillsville, Va.
I suffered with diarrhoea for a long time and the right medicine was not brought to me. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera, and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man to-day and feel as well as I ever did in my life.—O. R. MOORE. Sold by A. K. Wilson.

Catarh Cannot be Cured.
With all applications, as they can not reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quack medicine. It is prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh. Send for testimonials free. F. J. CHERRY & Co., proprietors, Toledo, O. Sold by druggists, price 75 cents. Halls Family Pills are the best.

Endured Death's Agonies.
Only a roaring fire enabled J. M. Garretson, of San Antonio, Texas, to lie down when attacked by asthma, from which he suffered for years. He writes his misery was often so great that it seemed he endured the agonies of death, but Dr. King's New Discovery for consumption wholly cured him. This marvelous medicine is the only known cure for asthma as well as consumption, coughs and colds and all throat, chest and lung troubles. Price 50 cents, and \$1. Guaranteed. Trial bottles free at M. D. Ellis' drug store.

Parker's Fruit Dryer.
It is situated between the plants of R. L. Chapman and M. M. Ellis. Mr. Parker has cured 1,100 bushels of green fruit, having bought about half of it at 50 cents a bushel. He will close the prune season today with an output of about 10 1/2 tons of prune that would bring a good price in any market. His plant will perhaps be operated for another month drying apples for himself and others. He expects to materially increase his number of fruit trees and will next season increase the capacity of his drying plant.

A Word to Mothers.
Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by A. K. Wilson.

Methodist Appointments.
Both Oregon Methodist conferences adjourned Monday. In this district E. L. Fitch is to be the South Methodist presiding elder, D. C. McFarland comes back to Dallas and Dixie, H. N. Russell goes to Independence and Lewisville, H. S. Shangle to Harrisburg, R. A. Reagan to Dillard, C. U. Cross to Myrtle Creek, J. W. Craig to Klamath Falls, J. M. Turner to the East Columbia conference and W. J. Fenton to California. In the M. E. church T. B. Ford remains presiding elder, F. L. Young comes to Dallas, C. E. Crandall goes to Cottage Grove, F. J. Long to Falls City, J. Mott-Red to Independence, C. E. Cline to St. Johns, S. L. Lee to Amity, G. B. Moorhead to Lincoln, J. N. Sweeney to Nehalem, H. Gould to Newberg.

BUSINESS IN DALLAS.
Morrison, the liveryman, stands back for none of them in the matter of furnishing horses and vehicles to travelers. He has the material and knows exactly how to put it together.

When the ladies of Dallas and vicinity want something extra nice in the millinery line they should patronize Miss Hallcock up stairs in the Wilson block.

Brown's store is selling lots of goods these days. Their new stock is naturally attractive and then that 10 per cent discount on dry goods is worth looking after. Their grocery prices are low low to discount. Butter articles for the money you cannot get elsewhere.

Next door to this office over Brown's store is an neat and complete stock of millinery as was ever brought into the county. Mrs. Shaffer is ready to fill all orders on short notice. See her goods.

Tomatoes, sweet potatoes, fruit, can ly and pleasant drinks for sale by Walter Williams, next door to the meat market.

Gun store and repair shop next door to Wiseman's store. Do not conclude that any broken article cannot be fixed until Mr. Riser has given it a trial. He sells ammunition.

No man can do good work without good tools and implements. After years of experience as a hardware merchant Wm. Faulk has become fully posted as to the wants of this region in his line and is stocked up to meet their every desire. His goods sell invariably as good as any you ever bought anywhere else.

The Ellis Prunes.
Immediately north of Dallas M. M. Ellis has a prime orchard of 60 acres, from which he has just gathered and cured some 7,000 bushels of fruit. The fruit is extra large, taking only 30 to 40 dried ones to weigh a pound. Ordinarily a bushel of green prunes makes about 20 pounds of dried ones, but these are so rich that they weigh out from 22 to 24 pounds. He will probably today finish up a 28 days run and have about 70 tons of as fine fruit as ever went to market. The great pyramidal pile of it in the warehouse near the woolen mill is a scene of beauty. There are 13 hands employed on the inside and as many more outside. The picking has mostly been done by boys, they getting 4 cents a bushel and earning from \$1 to \$2 a day. It has run straight ahead night and day about 65 cords of wood having been consumed by the heating furnace.

Stops the Cough.
And works off the cold. Laxative bromoquinine tablets cure a cold in one day. No cure, no pay. Price, 25 cents.

Sunday School Convention.
The Luckiamute association will hold its third quarterly convention at Airle, Sunday, October 7th. From 10:30 to 12 there will be Sunday school and literary exercises. The afternoon session will begin at 1:30 with Bible reading and singing. Willie Lee will speak of the proper preparation for teaching and J. I. Montgomery will say who should vote at the business meetings of the school. Mrs. F. M. Smith will discuss the use and abuse of lesson books and Mrs. M. M. Jones will indicate the needed qualifications of a primary teacher. Rev. Kelly will tell how to best get control and keep control of our boys. All should bring their Bibles and lesson books. Some state workers are expected and a collection will be taken for rate, county and district work. M. M. Jones.

Editor's Aural Plight.
F. W. Higgins, editor Seneca (Ill.) News, was afflicted for years with piles that no doctor nor remedy helped until he tried Buckler's Arnica Salve, the best in the world. He writes, two boxes wholly cured him. Infallible for piles. Cure guaranteed. Only 25 cents. Sold by M. D. Ellis, druggist.

Oregon C. ops.
The rains have been of great benefit to the land for fall plowing. Moisture is necessary, however, before plowing and reeding can be actively pushed. Some fall wheat has already been sown on summer fallow in the Willamette and Columbia River valleys, and in some localities it has appeared already in the ground. Hop picking is practically finished. Mold increasing rapidly during the last week, and as a result, some of the yards had to be abandoned before they were thoroughly picked. A large portion of the prune crop has been gathered. Drying will continue for some time. Grapes are ripening fast; the yield is slightly below the average, but the quality is very fine. Vegetables of all kinds are making rapid growth. Melons are plentiful and of extra good size and quality. A slight improvement has been noted in potatoes. Apples continue in excellent condition.

The Guthrie and Concord schools are without teachers.

All druggists sell it at 50 cents and it will be mailed by Ely Brothers, 55 Warren street, New York.

Blood Troubles:

Cancer, Scrofula, Old Sores, Rheumatism, Contagious Blood Poison, Chronic Ulcers.

As the blood contains all the elements necessary to sustain life, it is important that it be kept free of all impurities, or it becomes a source of disease, poisoning instead of nourishing the body, and loss of health is sure to follow. Some poisons enter the blood from without, through the skin by absorption, or inoculation; others from within, as when waste products accumulate in the system and ferment, allowing disease germs to develop and be taken into the circulation. While all blood troubles have one common origin, each has some peculiarity to distinguish it from the other. Contagious Blood Poison, Scrofula, Cancer, Rheumatism, Eczema and other blood diseases can be distinguished by a certain sore, ulcer, eruption or inflammation appearing on the skin. Every blood disease shows sooner or later on the outside and on the weakest part of the body, or where it finds the least resistance. Many mistake the sore or outward sign for the real disease, and attempt a cure by the use of salves, liniments and other external applications. Valuable time is lost and no permanent benefit derived from such treatment.

BLOOD TROUBLES REQUIRE BLOOD REMEDIES; the poison must be completely and permanently eradicated—the blood reinforced, purified and cleansed, or the disease goes deeper and saps the very life. Mercury, arsenic and other violent poisons, even when taken in small doses—never cure, but do much harm by adding another poison to the already overburdened, diseased blood.

S. S. S., Nature's own remedy, made of roots and herbs, attacks the disease in the blood, antitoxins and forces out all impurities, makes weak, thin blood rich, strong and healthy, and at the same time builds up the general health. S. S. S. is the only blood trouble. A record of 50 years of successful cures proves it to be a reliable, unfailing specific for all blood and skin troubles.

Free Medical Treatment.—Our Medical Department is in charge of skilled physicians, who have made blood and skin diseases a life study, so if you have Contagious Blood Poison, Cancer, Scrofula, Rheumatism, Eczema, an Old Sore or Ulcer, fully for advice about your case. All correspondence is conducted in strictest confidence. We make no charge for this service. Book on blood and skin diseases free. **SWIFT SPECIFIC CO., Atlanta, Ga.**

Sweet as snow now and as white as driven snow is all the clothing returned from the steam laundry. It is a pleasure to wear such under-clothing.
Veterinary Surgeon Keeler at the steel bridge feed yard saves the lives of many animals that would die but for his experienced and skillful care.

Kennedy-Elliott Wedding.
At the home of Jas. Elliott a mile south of Dallas, on Wednesday Rev. J. Mottershead, of Independence, pronounced Samuel Kennedy and Miss Florence Elliott husband and wife. There were some 25 assembled guests, all of them being kindred of the contracting parties. Mr. Kennedy has been associated with Isaac Elliott in running a farm near Calvary church and Miss Florence was keeping house for them. He is a brother of Mrs. R. C. D'Armond living near there. The bride was raised here and is recognized as one of the most worthy young ladies in the county.
