

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is cataract. Hall's Cataract Cure is the only positive cure known to the medical fraternity. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in curative powers, that they offer \$100 for any case that it fails to cure. Send for testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists at 75 cents. Hall's Family Pills are the best.

If to be sent by mail a music roll book or some late pieces of appropriate sheet music. Geo. C. Will, of Salem, has a nice line in all of the above mentioned articles. Only a few weeks ago he received a host load of unworked pianos and organs and last Monday a carload of them arrived for him. You can buy a piano, organ or sewing machine on installments without other security than to let Mr. Will hold the title to it until it is paid for.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

It is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Among the tens of thousands who have used Chamberlain's Cough remedy for colds and la grippe during the last few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Washburn avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." Seeds that Surely Grow. The cost of seeds compared with the value of the crop is so small that a few cents saved by buying second rate seeds will amount to many dollars lost when the harvest is gathered. Farmers have found out by many costly failures what a risky thing it is to buy seeds without being pretty sure

that they are reliable and true to name.

The latest catalogue of the seed house of D. M. Ferry & Co., of Detroit, Mich., is a reminder that thousands of farmers in the United States and Canada have pinned their faith to the reputation of this great firm. During a business career approaching half a century in time Ferry's seeds have won an annual increase in popularity, which is perhaps the best evidence that they grow and give satisfaction. Ferry's Seed Annual for 1901 is a useful guide in selecting seeds for the farm and truck garden and the flower garden. It is sent free on application.

If you kill the germ, you stop the consumption. You can or can't, according to when you begin.

Take Scott's Emulsion of Cod Liver Oil; take a little at first.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you.

When you are strong again, have recovered your strength--the germs are dead; you have killed them.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

Some two years ago when Tracy Staats was the teacher in the Montgomery district, the patrons of the district began to feel the need of a school library. The teacher and people interested began discussing the matter and it was finally decided to give a basket social and by all working together something over \$25 was raised, which was invested in good books.

The books have proven so much benefit to the school that W. J. Hooker, the present teacher, is preparing a good programme and something during holiday week another basket social will be given for the purpose of adding more books to the library. Prof. Fowler has charge of the music, and the orchestra, which has been under his training for some time, will add greatly to the interest of the programme. The entertainment will be free. Each lady is requested to bring a basket with supper for two, which will be sold to the highest bidder. The Airlie people being familiar with the interesting programmes furnished by the Montgomery people will be well represented at the social.
