To Be Prepared.

For war is the surest way for this nation to maintain peace. This is the opinion of the wisest statesmen. It is equally true that to be prepared for spring is the best way to avoid the peculiar dangers of the season. This is a lesson multitudes are learning, and at this time, when the blood is sure to be loaded with impurities and to be weak and sluggish, the millions begin to take Hood's Sarsaparilla, which purifies, enriches and vitalizes the blood, expels all disease germs, creates a good habit, gives strength and energy and puts the whole system in a healthy condition, preventing pneumonia, fever, and other dangerous diseases which are liable to attack a weakened system.

There will be a popular lecture the previous evening. The institute officers chosen for the coming year are: President, C. L. Starr; vice president, Mrs. F. H. Morrison; secretary, Jas. Shives.

DALLAS WAKED UP.

For a considerable time it has been generally known that the moral tone of our town was not up to what it ought to be, but no one was inclined to take the lead in bringing about a better state of things. The temperance lectures of Col. Holt aroused an intense interest in social purity, and various partially hidden things have come to light. The other day an enraged citizen threatened to go to a certain respectable house and shoot the two women who were harboring his daughter there for immoral purposes. He was persuaded to lay the case before the W. C. T. U. society, then in session, and they decided to go in a body and rescue the girl. Over 40 of them, headed by the ministers of the city, went and found her hid away. They have assumed and will continue a guardian watch care over the one so near the brink of destruction. Since then it has been learned that other Dallas girls have been enticed to the same place after night, the object being their moral ruin. Now are these past weeks have aroused a temperance woman have vowed to stop not until they have suppressed or driven out a number of evils that are harmful to the community. They offer a reward of \$25 for evidence that will lead to the conviction of saloon men or any body else that violate the laws. Some people criticize their action as undignified and immodest, but they care not for that, knowing that Heaven will smile upon their efforts to protect the boys and girls of Dallas from the deadfalls intended to ensnare and ruin them. As a result of the temperance meetings 345 have signed the pledge and the W. C. T. U. membership has increased from 27 to 100. Every high minded person in the community is in hearty sympathy with the proposed purification of Dallas morals. Even some gamblers and some others who engage in unpraiseworthy pursuits say that the right course is being taken.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail, free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and not since been troubled with rheumatism." Sold by A. K. Wilson.

COLLEGE NOTES.

The exercises at the chapel Monday morning in honor of Hon. John Marshall were fitting and appropriate. A patriotic hymn was first sung by Prof. Kintner, after which Attorney Hayer delivered an address upon the life and work of the most influential of our American jurists. He spoke of his services in the framing of the constitution, his appointment as envoy to France and the honorable manner in which he rejected the proposals of that nation, and also of his eminent power and influence as justice of the supreme court. Judge Collins followed with a glowing tribute to the man. He emphasized the necessity of each young person following such an example and making their lives count in shaping the destinies of this nation.

Remember the lecture Friday evening by President Hawley. You will miss something if you do not attend. Why not get a season ticket and enjoy all the lectures.

Beware of Ointments for Catarrh

That contain mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous membrane. Consumption

is destruction of lung by a growing germ, precisely as moldy cheese is destruction of cheese by a growing germ.

If you kill the germ, you stop the consumption. You can or can't, according to when you begin.

Take Scott's Emulsion of Cod Liver Oil: take a little at first.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you.

When you are strong again, have recovered your strength—the germs are dead; you have killed them.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
