# Clear Head.

To the engineer who has the powerful forces of nature under his control, the possession of a clear head is an absolute necessity. He must have a head that is quick and ready, wide awake and ever on the lookout to meet emergencies. A clear head must be free from aches and pains, because they weaken the nervous force and divert the attention. It must not know dizziness, dullness, melancholy depression of spirits, nor nervousness

"I am an engineer and for years was handicapped in my work by frequent attacks of severe headache. In spite of everything I could do these spells grew worse until they became almost continual. Hearing of Dr. Miles' Nervine through a friend who had used it. I began taking it for my head, and it gave me relief from the start. In a short time my head was as clear as a bell, and has not troubled me since." E. W. WILSON, Alcott, Colo.

# Miles' Nervine

Relieves every form of head trouble and gives to the entire system that vigor, energy and snap that make clear-headedness. Try a bottle for yourself.

Sold by all druggists on a guarantee.
