Sit up in bed.

When it becomes necessary to sit up in bed to get your breath; when the least exertion such as walking, sweeping, singing, talking or going up and down stairs, causes shortness of breath, fluttering or palpitation; then it is time to do something to brace up and strengthen your failing heart. Take Dr. Miles' Heart Cure. It is best of all.

"The least exertion caused fluttering, palpitation and shortness of breath. Smothering spells at night compelled me to sit up in bed to breathe. Tried many remedies, but was finally cured with a few bottles of Dr. Miles' Heart Cure." E. T. HEWITT, Chehalis, Wash.

Teddie Roe Dead.

For over forty years he had been a character in this region. At the beginning of the rebellion he was in the regular army with Generals Grant and Sheridan at Fort Hoskins and Fort Yamhill. After that for many years he worked for farmers all through this country. Enemies he had none, but until a few years past intemperance had been his great enemy. He had a little home out on Salt Creek, where he lived quietly and happily with his will beloved horse and dogs. Last Monday he was found dead in bed and a coroner's jury pronounced it the result of natural causes. He was 72 years old and was laid to rest in the Salt Creek cemetery.

APPEAL TO VOTERS.

We are standing face to face with our city election, in which come up for decision the great principles which underlie the welfare of our homes, our schools and our churches. Is it safe to take it for granted that everything is all right, that Dallas is good enough and that we are free from dangers threatening the welfare of our city? Let us lay aside partisanship and carefully consider which one of the tickets will best promote the interests of temperance, sobriety, morality and economy. What does the Law and Order ticket stand for? It means reform, that screens and other obstructions shall be removed from the saloons, as well as seats, chairs' tables and gambling devices of all kinds. This very idea originated with one who is now fighting the law and order ticket with all his power and is bitterly opposing some men on that ticket whose nomination he claimed to greatly desire. We have been accused of nominating our ticket by the star chamber method, when 21 representative citizens met for a number of afternoons and from every conceivable standpoint discussed the qualifications of desirable candidates, all of it without the knowledge of those who were afterwards persuaded to become candidates. We have selected men who would conduct the business of the city in accordance with the principles of honesty, justice, efficiency and economy. The men nominated are among the best citizens of our town, being respected and honored both at home and abroad. They are men of enterprise who have helped in every forward movement in the up building of our fair city, men of ability and character who will carry out the platform for which they stand. We are not finding fault with or criticizing the methods by which the citizens ticket was nominated, although a clique of half a dozen had everything cut and dried, the platform having been written and the slate made out before ever the meeting was called. We are not so base as to accuse our opponents of star chamber methods. They would not stoop to anything so low or dishonorable. Nor would we hint that their nominee for mayor would be a figurehead and that their councilman at large, if elected, would practically be the mayor. Certain well known staunch temperance men were put on the opposition ticket with a view to breaking up the law and order movement in our town, the policy being to divide our forces. Every saloon keeper, every saloon bummer, every gambler and every unworthy character among us will vote that ticket in preference to ours, because it would come nearer doing things according to their ideas of propriety. Are such people interested in the moral welfare of the community or do they wish our churches, our schools or the cause of temperance to prosper? No, for to the extent that those things improve such as suit them decline. Let not the temperance people be deceived. Stand by your colors, stand by your religious and educational institutions, stand by the moral welfare of the community and stand by the W. C. T. U., who are appealing to the voters for help to protect their homes and children, stand by your conscience and your Maker, and thus help to make Dallas one of the best towns in the state.

M. has bought a larger boiler in Portland so that saw, planer and dry kiln may all be supplied with power and work simultaneously. The mill is worth an editorial visit when the roads improve. Editors and their horses on the free list and very welcome. Beside the timber already bought another 320 acres on the same section can be secured and an ample supply of logs for a 10 or 15 years run assured.

THE STORY OF MY LIFE.

I first saw the light of day under a burning Oriental sun and was tenderly cared for until I became fully developed. Then I was cooped up in a bag and put in the hot hold of a ship bound for Portland Oregon, where the epicures gave me a hot roast. Their toast was: 'Here is to good old coffee. Drink her down." I have met a warm reception everywhere and no more pleasing one than that at Brown's, the uptodate dealers in groceries and dry goods. Call and see me.
