### HARNEY COUNTY.

Clyde Embree writes from Narrows I bought a bottle. I was soon relievely saying: This county is one of the largest in the state or nation, containmented this liminent to many of my mended this liminent to many of my ing about ten thousand square miles, friends, who agree with me that it is or about one eighth of Oregon. It is the best remedy for muscular rheuma. Talbot and a friend from Michigan, or about one eighth of Oregon. It is the best remedy for muscular rheumasomething like 100 miles wide by 150 tism in the market." For sale by A. Henri Pfandhoefer and Alfred Herthere having been no increase in the last ten years. At least one-third of the people are voters, because there are so many single men working on ing. the big stock ranches. There are ten good good sized valleys, each capable of supporting a large number of settlers, but in early days California stock men came and took large tracts under D. Critchlow's place. the desert and swampt land acts and still hold it. Several legal efforts have been made by settlers to procure the Montgomery mill. a part of it, but the land grathers al-ways came out ahead. During Cleveadministration large bodies that had been held by Miller & Lux as swamp land was declared public land and settled upon and fenced, but when house. Harrison became president it was giv-en back to the company and the settlers forcibly ejected. The county has six towns, the largest being Burns with 500 population. It is the county seat and a land office is located there. Harney city with its 200 peo- with her relatives. ple is the sawmill center of the county, there being three located there. But little farming is done, most of the settlement being engaged in raising stock. It is no uncommon thing to find a man with from 100 to 1,000 cattle while the larger firms handle Remedy f om 5.000 to 50,000. The French & Glennlive stock company are reported to have about 50,000 and Miller & Lux 30,000. The county also contains many skeep and horse owners. French being most of the time confined to her & Glenn are the largest land owners, bed. their possessions being under one fence 60 miles long and 40 wide. It contains more land than Benton, Polk and Yambill counties combined. Some grain and vegetables are raised, but net enought to supply the home de-mand. The only fruit raised is on small ranches near the footbills. Plenty of sage brush and timber land is still open to settlement by those willing to live in the rough on the borders of civilization. Those who come expecting to find the conveniences and refinements of older settled regions are always disappointed. Work s plentiful at fair wages. In winter hands get from \$30 to \$40 a month and in summer from \$35 to \$50 Small ranchers give from \$1.50 to \$2 a day through the having season. There are two large lakes fed by good sized streams and various kind of fish and water fowl abound. Mule deer are found in large numbers in the mountains and ibex and mountain sheep not afraid to be generous. The prois the banner democratic county in the state, being the only one that gave Cleveland a majority in 1892. Last fail some of the big land owners voted fo. McKinley, being afraid that if Lryan was elected they might be knocked out of their job of land grab-
