

THROUGH A GLASS.

IVORY SOAP is a skin soap. On one square inch of your hand there are 2,381,284 of these little cavities to look after. Every one of these openings must be kept clear, or the impurities of the body can not pass out. Now, to cleanse the pores, you need a fine, pure soap. Scientists who speak not from opinion, but from scientific analyses, urge the use of Ivory Soap. 99 44/100 per cent. pure.

CASTORIA. The Kind You Have Always Bought.

The Eminent Kidney and Bladder Specialist.

There is a disease prevailing in this country most dangerous because of its deceptive nature. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Dr. Kilmor's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At drug stores in fifty-cent bottles and a sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmor & Co., Binghamton, N. Y., and mention this paper.

Rescuers were sent out but could find no trace of him, and he had about been given up as having perished when a telephone message came saying he was safe.
