Uglow, Oscar Hayter, in Masonic circles, as well as in all others, in which she moved, her death has left a void that cannot be filled, but the heart breaking grief now felt will be softened by the hand of Time into a chaste remembrance of the pure and goodly love that shone in a saintly quality of mind and heart caused us to bear toward her.

Isaac L. Burson was born in Grant county, Indiana, in 1849 and came with his parents to Oregon in 1861, locating at Dallas, where he has nearly ever since resided. In 1876 he married Miss Clara E. Scott, who now survives him. Four little graves in our cemetery attest the fullness of their love and the sorrows they have borne together. The loss of their little one seemed to bring them closer together than most married people, and the severing of the tie is and will always continue to be the crowning sorrow of this world's trials to the poor widow. Mr. Burson's father and mother reside at Ashland and he has a brother at Stayton. Until a few minutes before his death he had been enjoying good health, but on last Sunday afternoon he was attacked by membranous croup, and it did not take that dread disease long to sever the tie which bound him to earth. After twenty years knowledge of Isaac Burson the writer can best say: "A good man gone to his just reward." At his request, often expressed, he was attended to the grave by the Dallas band, of which he was one of the oldest members. The pall bearers were: C. L. Starr, Walter Nichols, Claude Dunn, J. Riley, Milo W. and, and F. J. Coad. A short burial service was given at the grave by W. T. Matlock, pastor of the Christian church.

Doctors Advise

The remedies they think best suited to the needs of their patients. When the disease is of a nervous nature, with headache, sick stomach, failing appetite, indigestion, restlessness, loss of sleep and a general run-down condition, a nerve tonic and brain food is an absolute necessity.

"I was flat on my back for four months with nervous prostration. Had a bad cough, headache, poor appetite and my nerves were so shattered that I could not sleep for days and nights at a time. A good old doctor, whose medicine had failed to help me, at last gave up in despair and advised me to try Dr. Miles' Nervine. I did so and four bottles completely restored my health."

Dr. Miles' Nervine.

It makes the nerves strong, the brain clear, the appetite keen and the digestion perfect. It rebuilds the failing strength and is an unfailing cure for nervous prostration.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors either inherited, or acquired through defective diet and assimilation.

To treat these eruptions with drying medicines is dangerous. The thing to do is to help the system to discharge the humors, and to strengthen the digestive and assimilative functions against their return.

Hood's Sarsaparilla can be confidently relied upon to do that, according to thousands of voluntary testimonials. It effects radical and permanent cures.

"I was troubled with eczema for some time, but have had no return of the disease since taking Hood's Sarsaparilla." J. G. HINES, Franks, Ills.

"I was troubled with pimples on my face and back and chafed skin on my body. Hood's Sarsaparilla cured me of both troubles." Miss ALVINA WOOTER, Box 212, Arizona, Wis.

Hood's Sarsaparilla is positively unequalled—the medicine for all humors.
