

PART AND PARCEL.

DAINTY box, an exquisite wrapper, a delicate color, and a clinging fragrance—yet all these will not cleanse the skin! Has it ever occurred to you that you pay big prices for these things? Do you care to buy five articles or do you require only one—a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap.

Oregon Crop Report.

Fall wheat, rye and oats are doing nicely, although on account of the cool weather they are making a slow growth. Spring wheat seeding is nearly finished and the grain is improving every day and no insect pests are doing it. Hops are coming up, even, and there is no complaint about missing hills, as was the case last year. The training of the vines is beginning to be general. A great deal of summer fallowing has been done in the eastern part of the state, and the soil yet tills well, although more rain would be beneficial. Potato planting is now general and corn planting has begun in the southern portion of the state. Gardens continue backward, but otherwise they are in a promising condition. Clover and alfalfa are growing nicely, but there is a shortage in pasture and stock is not improving as fast as usual. In the dairy sections of the state considerable feeding has to be done to avoid a skimming in the supply of milk.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also evidence of kidney trouble; the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge no often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and swelling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c and \$1.00 sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. Consumption

is, by no means, the dreadful disease it is thought to be—in the beginning.

It can always be stopped—in the beginning. The trouble is: you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself and at home.
