

SOAP DIGNITY.

IT IS easy to find a pure soap; it is easy to find a cheap one. The problem is to find both combined; a soap that is pure yet inexpensive. Ivory Soap is the best solution of that problem. It is an original product, evolved after years of experiment and research. It is the most of pure soap for the least money. It stands approved to-day by a second generation of Ivory Soap users.

Death of Mrs. D. J. Riley. Thomas J. Lovely came from Missouri in 1846 and settled just east of Dallas, where he lived over twenty years before moving to Dallas where he died a few years ago after having filled many positions of honor and trust. His daughter, Fannie, was born on the old farm in 1849 and spent her whole life there and in Dallas. She had long been an earnest member of the Christian church and her life was devoted to being and doing good, now was an unkind word ever said concerning her. Ten years ago she was married to D. J. Riley and they built a nice home, where they lived quietly and happily. A few weeks ago they attended the Odd Fellows grand lodge at Baker City and while enroute home went to visit their friends, Mr. and Mrs. Robert Snitzer, near Astoria. There she was stricken with spinal meningitis and died last Monday. Mr. and Mrs. F. J. Coad, Mrs. Alonzo Brown, J. C. Shultz and R. L. Chapman went to accompany the sorrowing husband home with the remains of his loved one. They arrived Wednesday evening and the funeral occurred at the home of F. J. Coad yesterday afternoon. Loving hearts and tender hands laid her to rest in the Odd Fellows cemetery. Two brothers are in Southern Oregon, and a sister, Mrs. Henry McCarter, lives near Dallas, Mrs. J. C. Shultz being a niece.

Married Fifty Years. H. R. Grant and his wife Josephine, were married in Ray county Missouri in 1851 and emigrated to Oregon the next year. They settled on a donation claim just beyond Bridgeport and it has been their home to this day. They have been not only observers of but factors in the growth of this county almost from its infancy. Last Wednesday children, kindred and friends to the number of about 25 gathered in to help them celebrate the completion of half a century of married life. Everybody was happy and spoke and acted accordingly. The best of things good for the inner man would have made a saint smile and the mouth of a king water. Uncle Robert and Aunt Josephine are friends to everybody. Long may they live and greatly enjoy the good things of earth.

DALLAS CROPPINGS.

As a jeweler C. H. Morris ranks among the best in the state. He keeps well by goods, sells them at fair prices and never misrepresents things. It pays to trade at such a place. Miss Hallock gave such general satisfaction as a milliner last year that all of her customers then are buying from her again this season. She has the cream of the markets. An iron article that J. E. Smith cannot make or repair must be very intricate. A more popular liverman than Archie Myer has never run a stable in Dallas. Both the proprietor and his assistants take pride in pleasing their patrons.

The latest and best in footwear may always be had at Gaynor's shoe store. Experience has taught them where to get the most desirable goods on the most favorable terms. The stage fare to Salem and back is only \$1.50. Horseshoes pulled on by I. V. Lynch stick until put off. Whether a hunter or a fisherman Mr. Riser can meet all your needs, and no matter what you have broken he can mend it if anyone can. If you are after real bargains strike for Dodson's bargain store. He will be glad to have you compare his prices with what you have to pay for the same articles elsewhere.

Johnson & Co., the popular clothing store, are having a big hat trade because in buying this season they procured exactly what the people want. They have a variety of styles and colors and can sell you a superb hat for \$3 or less. Many a boy and his mother have been made to feel proud this spring by the elegant suits they got at Johnson's. Then they have fitted out several young men with the nebbiest of wedding garments.

Neither hot nor stormy weather affects the steel bridge yard for the whole enclosure is under a well lighted and airy roof. Nearly all Polk county teams stop there. The steam laundry does lots and lots of washing for people across the river because they always return packages in such satisfactory shape. Have your washing done there.

Every article in Mrs. Fiester's millinery store has been reduced in price with a view to clearing out all summer goods before the close of the season. You can profit by this hint. Hellenbrand's restaurant is equal to the best of them, so say all of his patrons. You are sure to be pleased with any pictures made at the Cronise art gallery. It is better and easier to prevent than to cure serious eye troubles. The scientific optician, H. W. Barr, can equip you with exactly what is needed in that line. No charge for examination.

Spraying soap that will kill all fruit-dweller and hop pests may be had at the soap works. Give it one trial and you will always use it to destroy pests. There is a class of people who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called Grain-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it with out distress, and but few can tell it from coffee. It does not cost over one-fourth as much. Children may drink it with great benefit. Fifteen cents and 25 cents per package. Try it. Ask for Grain-O.

Prof. N. Tarter, who was a schoolmaster in this county for so many years, is to again teach in the Corvallis public school. The widow of J. L. Nutter at McCoy has been granted an \$8 pension. Mrs. A. D. Hatten, who was once a photographer here, is now thus engaged in San Francisco.

THIRTY WETHER GOATS FOR SALE AT \$7 each by Jas Burns at Bridgeport.

A MERRY WAR IS ON.

We thought we were in a community where we could live and let live and if we bought and paid for paints and wished to put our own prices on them we would not have to first consult our competitors. But we find we are mistaken. Our circular letter had no sooner been distributed than a cry was raised that the Carter white lead, which we sell, was not as good as the Pioneer lead, and, therefore, could be sold for less money; that Carter lead was high at 74 cents because it was a cheaper lead. That Pioneer lead was cheap at 8 cents because it was a superior lead.

While this rot was going on at home some deeply interested person in Salem sent to the manufacturers of Pioneer lead our circular letter, calling attention to our cut in price of lead and requesting an investigation with a view to either cut off our supply or raise the cost to us.

The Pioneer people at once took the matter up with Mr. Moore, Pacific coast agent for Carter white lead, and he in turn with his company, who manufacture Carter white lead, who referred the matter to me, and they have my reply, viz: "I will not advance the price of Carter white lead to satisfy any one. It may go lower, but under no circumstances will there be an advance unless the manufacturers combine and raise the price to the dealers."

We have not time nor inclination to cry down our competitor's wares. We think it shows weakness to make a statement that Carter white lead is inferior, at the same time using every effort to force one out of business or raise prices.

We wish to assure the public that the paint as well as the drug business will henceforth receive our earnest attention. Only the best goods carried in stock and low prices shall prevail. We quote prices subject to market changes: Carter white lead, 74 cents a pound; pure boiled linseed oil, 74 cents a gallon; raw oil, 72 cents a gallon; turpentine, 63 cents a gallon; pure zinc in oil, green seal, 25c, 12 cents a pound; pure zinc in oil, red seal, 25c, 11 cents a pound.

Above prices will be revised from time to time, as necessary. Figure with us before buying paints. We will save you money. Only high grade goods.

We take this occasion to thank our kind friends for generous good will and patronage shown us during our nineteen years residence in Salem, and trust by fair dealing to merit a continuance.

FRY'S DRUG STORE. Next to postoffice, Salem, Oregon. To Cure a Cold in One Day. Take laxative bromo quinine tablets. All druggists refund the money if it fails to cure. Signature of E. W. Grove on each box. 25 cents.

DALLAS COLLEGE. After an earnest and successful year's work the past week has been devoted to a variety of entertainments which have drawn crowded houses. Last Friday evening there was a musical recital by Miss Hallie Gibson, who carried off the first diploma ever granted by the school. Her teacher, Prof. Kantner, and her friends had reason to be proud of her musical accomplishments. She displayed rare skill in a variety of difficult pieces and received a teachers' certificate from President Poling and many beautiful bouquets from admiring friends. Miss Nellie Whiteaker gave a pleasing humorous recitation. On Sunday the Methodist church was crowded to hear the baccalaureate sermon of President C. C. Poling. It was strictly practical and full of good thoughts well put. The strong points, brought to the attention of the audience, are within the reach of us all if we will only grasp and utilize them. That afternoon the two young peoples societies of the school had a farewell meeting in the college chapel. Enthusiasm prevailed and impressions were made that will bear good fruit. At evening Rev. C. T. Hurd, of Lafayette, delivered before said societies an address that edified them and will redound to their benefit. The city hall was crowded Monday evening to enjoy the anniversary of the Philolethian literary society. The addresses, recitations and songs were all well rendered and called for hearty applause. The humorous musical story told by Messrs. Caldwell, Morrison, Bittner and Kantner brought down the house, and the paper edited and read by Prof. Gubser was greatly enjoyed. The signal lights of the opening century and their local reflections by six students were quite entertaining and the tableau, Washington's dream, was attractive and impressive. In the college chapel Tuesday afternoon Prof. Kantner's class in music gave a piano recital to a house-full of people who at the close gave unstinted praise to the meritorious performers. Those taking part were Misses Fleda Pattison, Katie Fink, Ruth Van Orsdel, Vera Gosper, Ethel Quinn, Ada O'Field, Ethel and Laura Poling. That evening Rev. A. Theobald, a highly educated and Americanized Turk, delivered a pleasing and polished address before the literary society, being introduced by its capable and energetic president, Daniel Poling. He gave our people a vivid picture of the manners, customs and prejudices of his native country.

The trustees of Dallas college held their business meeting in the President's office. H. L. Pratt, president of the board, called the meeting to order. B. J. Kelly, M. J. Ballantyne, A. W. Teats, J. B. Smith and President Poling being present. The president and treasurer submitted his annual reports, which made an excellent showing for the year, both in the number attending and in the amount of money received. It was resolved to not employ other teachers at present. The matter of securing funds for a gymnasium building and erecting the
