THE LUCKIAMUTE MILL.

was six o'clock she other eve when we cast anchor there and told the Sampson and Charlie Jones and their folks we were going to stay all night. We felt perfectly at home, knowing the mill pond. Fream Robinson atfrom previous experience that their tends to the butchering and C J Grahospitality was genuine. The thirty mill hands and timbermen had just ers supplies. Tom Callahan presides quit work and big appetites made over the dump cart, H S Calkins and their suppers taste good. There are son have charge of the shingle mill eighteen families located around the aud the lath factory is operated by Mr mill. The total population aggregat. Nelson and Pearl Hughes. The lum ing about 90. They have erected a little school house and Miss Frantz, ber hanlers are Warren Ward, B B who is to teach in Dallas, has charge of the mill children, all of whom like Jack and Charlie Troax ber'and so do their parents. They expect to organize a Sunday school. Many of the mill hands spend their Sundays down at Falls City. An outsider might think it a hard and desolate life, but the millites find many things to interest thom between work ing hours. There are three bunk houses occupied by those who eat at the boarding house, which is presided over by Mrs. Milber and her sister, Mrs. Lowe. Bert Martin, the night watch, blew a single whistle at 5 in the morning to arouse the cooks, half an hour later comes two whistles to warn everybody to get up and get ready for breakfast which is announced at 6 o'clock by three whistles. The 6 45 whistles cautions all workmen to Syron place where Sam Scars lives, be at their posts of duty and ready to and the old Wm. Conner farm new oc begin work promptly at 7. Five mincupied by his widow and his son Ezra, utes before that time the machinery is put in motion and oiled up to avoid Red Prairie where his father died a any loss of time. Every man has a few years ago, aged over 100. At the ter, Mrs. H. W. Wilkening. given place, knows his duty and is ex-pected to perform it promptly and J. Turnidge has lived for many years, quickly. But few words are spoken, he still abides. His fresh painted various signs being used instead. With but short intervals for changes they to the appearance of things. His first dissect sawlogs into various shapes and sizes until the noon whistle says atop, eat and rest until I o'clock, when the hum begins for another duration of five hours. They cut on an avergion looks remarkably well and they are beginning to sow clover, field peas age 25,000 feet a day and nearly all of it very soon starts for market. They keep a dozen teams on the road delivdid we see any loafer, nor were any en-countered who had the appearance of being hard customers. Most of the ering their products to various places. Besides all classes of larger lumber, they make many shingles and pick ets. They have just added 900 feet of steam pipe to their large drying plant, so as to run their lumber through it in a short time. They have this spring shipped 15 car loads of dressed lumber to California and other distant points. Farmers come from all over Conlec traded to Chas. Rees for a the county for lumber, many barns-being now under construction. Withbeing now under construction. Within a week or two the following bills Bartholomew and wife have lived for a thave been cut for barns: F. M. Smith, of Lewisville, 14,000 and J. H. McMildozen years. They being congenial congenial spirits the hour spent under of Lewisville, 14,000 and J. H. stone congenial spirits the nour spent under lan, at Monmouth, 18,000 feet, besides their roof was all too short and we feel an 8.000 feet order for the dwelling of Frank Lewis and a 13,000 foot order for George Boothby's new residence.

In the timber we found a crew of men location in a little valley to the north Mrs. hemorrhage, pleurisy and bronchitis, Dyer lives where her parents lived so thousands of whom it has restored to norther health. For coughs, colds, In the timber we found a crew of men cutting, peeling and hauling logs to the mill pond. They have two spans of large and sensible horses, one used in getting the logs out to the skid road and the other in hauling them. At each load the two horses draw about 6,000 feet of logs, there being from four to eight logs, according to from four to eight logs, according to vard is being run by W J. White and size and length. The logs are fastened in a string, one after another being hooked together by short chains. A boy goes in front with a bucket of oughly worked. They are living in a grease to labricate the skids and the smoothly peeled logs glide over them as smooth as you please. The owners of the mill are F. A. Lucas and A. H. Dodd and their efficient foreman is W. J. Southwell. To each of them will keep a dozen or more cows himsies rendered. They have two stores, one at the mill and the other in Fall City. Not only their own hands, but the community at large, give them a laberal patronage. They have books of coopens of from a cent to a dollar

Difficult Digestion

That is dyspepsia. It makes life miserable.

Its sufferers eat not because they want to, -but simply because they must.

They know they are irritable and fretful; but they cannot be otherwise.

They complain of a bad taste in the month, a tenderness at the pit of the stomsch, an uneasy feeling of puffy fulness, beadache, beartburn and what not.

The effectual remedy, proved by permanent cures of thousands of severe cases, is
